MASTER OF SOCIAL WORK

Jeanne Louise Mosure, B.Sc. in H.E.; John Francis Petten, B.A. (Youngstown College); George Tomlinson Stevens, B.Sc. in Soc.Adm.

COLLEGE OF AGRICULTURE

BACHELOR OF SCIENCE IN AGRICULTURE

William Haverfield Burton, Wallace Partridge Cold; Wilfred Eugene Evans, Robert George Fankhauser, Michael Donner Fleisig, Richard Elvin Hamilton, Oscar Eugene Harrison, Alfred Paul Jonard, Glenn Francis Lackey, Ernest J. McCauley, Albert Keim McIlvaine, Edward Paul Merkle, Jerry Lawrence Mrkva, John Alvin Newbauer, James Calvert Robey, Robert Lewis Saffle, James Thomas Stockstill, John William Uttley, Jr., William Bernard Van Niel.

BACHELOR OF SCIENCE IN DAIRY TECHNOLOGY

Henry Fred Meyer, Jr.; Jack Don Schnelle.

*Two degrees.

SCHOOL OF HOME ECONOMICS

BACHELOR OF SCIENCE IN HOME ECONOMICS

Lois Barnes, Vonna Mae Baylis, June Elizabeth Boyd, Rita Ann Cummins, Linda Joyce Davis, Patricia Ann Dudley, Elizabeth Schmidt Eikenberry; Joan Tyler Hall; Ruth Ann Keyser; Dorothy Noble Nauman; Joan Rogers Ryder; Clara Elmore Sanderson; Wilma Crossland Shank.

COLLEGE OF ARTS AND SCIENCES

BACHELOR OF ARTS

Gene Harland Abels (cum laude); Herman Irwin Abromowitz; Richard Barton Addis; Saad Mahmood Alhashmi; Margaret Cecelia Allen; Bartley Evert Antine; Floyd Alan Banker; Roger Louis Beatty; Courtland Beeler, III; John Scott Bly; Mary Regina Breckler; Ania Bella Burstein; James Charles Butler (cum laude with Distinction in History); Robert Anthony Butler; Samuel Allen Chaney (cum laude); Kee Hong Chang; Peter Alessio Ciambotti; Edward Cornick; LeRoy Harlan Curtis; James Munn Dennis (cum laude); Roger Gaylord Eells; Robert Charles Ellis; Charles Ira Epstein; Frederica Laura Fox; George Chester Glenn, Jr., D.D.S.; Charles Owen Gregory; Roger Blair Hambleton; Elmer Kennedy Harvey; Paul Wendell Hiatt; Vaughn Edwin Hill; Lawrence Otis Johnson; Demosthenes Nicholas Jonson; Edwin Alexander Kangaga; Meyer William Kimmelman; Edgar Dale King; Charles Frank Leibensperger; June Dolores Levitz; Oscar Marion Litton, Jr.; Robert Eugene Malone (cum laude); Robert Scott McIntosh, II; William Webb Moore; Dale Harry Myers; Demetre Matthew Nicoloff (cum laude); *John Doyle Ong (cum laude); Ivar Oxaal; Robert James Phillips; Sandra Jean Pitkin; Ralph Eugene Rasor, Jr.; *Joan Riggs (cum laude); June Kloetzly Russell; Bruce Jay Sand; Donald George Schornak; Frank Rodgers Sheeran; William Franklin Sherman (cum laude); Susann Sigler; Richard Dale Snyder; Virginia Ness Sweeney (cum laude); Eugene John Szymanski; Herbert Erwin Urell; Charles Edward Walden; Henry Talvan Walter; Martha Alverna Weiler; Barbara Astrid Wingerter; John Laing Wright; Charles Gladden Young.

BACHELOR OF SCIENCE

Charles Rolf Caylor; Richard Eugene Collier; Richard Daniel Connerth; Ellen Bowmer Harris; Bertha Ellen Horst; Thomas Kauffman Huggins; Suzanne Helen Mahlmeister; John Francis McHugh; Mattie Ernestine Owens; Paul John Pschesang; Phyllis Jean Ringo; Lois Helen Rubenstein; Richard Paul Sharp; Ana Rubio Smith (cum laude); Marjorie Lewellen Smith; Richard William Stone; Bruce Allen Stratton; Richard Edgar Wening; Murray Gerald Winchell; James Beck Young.

SCHOOL OF JOURNALISM

BACHELOR OF SCIENCE

William James Hadnett; Ray A. Harrison; Robert Harold Wolfson.

*Two degrees.

COLLEGE OF COMMERCE AND ADMINISTRATION

BACHELOR OF SCIENCE IN BUSINESS ADMINISTRATION

Jack Morton Adelman; Walter Eugene Apple; Mark Delbert Bauer; Dee Ann Beeson; Marshall Lewis Berkowitz; Carl Adelbert Bertoch; Rudolph Edward Borchert; Frank Monnie Borroway; Wilson Emery Bradford, Jr.; Lawrence Edward Call; Herman Gallup Cartwright; William Joseph Chandler; Robert Roger Clark; John Watson Creighton, Jr.; Donald Arthur Dawdy; Thomas Bernard Devine; Normand Mark Diamond; Eugene Dale Dietz; Lewis John DiRosario; James Arthur Doughty; Katherine Ellison; Wallace Carl Ervin; Charles Scott Fenstermaker; Sandra Forman; James Edward Fralick; Duane Lee Fraser; James Pruden Frazier; Vincent Carmen Galati; Anthony Wayne Gerzina; Richard Alvin Gibbs; Gerald William Gill; Gordon Allan Ginsburg; Claude Orville Goldsmith; Claude Orville Goldsmith; John Aristotle Gregory; Virgil Leon Guiher; Thomas Roland Hague; Richard Alpaugh Harchol; Richard Everett Hollingsead; Richard John Hribar; Fred Ray Huston; Sewall Farrell Jackson; Robert Herbert Jolliffe; Joseph Kania; Norman Milo Kidd; Gerald Lionel Lawhun; Barbara Ruth Loeb; John Winslow Long; Donald Roy Loudin Lorna Klages Loveless; Aloysius John Maier; Ted Maier; John Louis Maurer; Stanley Benjamin Migdal; Norman Francis Miller; Richard Wagner Miller; Robert Martin Nelson; James Joseph Noll (cum laude); William Joseph O'Neil; Melvin Pearlman; Judith Elizabeth Petty; Mary Ann Pezor; Lawrence Joe Poe; Clark Hammond Rice, Jr.; Dorothy Mae Rigney; Donald Harold Ruben; Ralph Louis Scheid; Melvin Louis Schottenstein; Otto David Schwartz; Erwin Schwarzwald; Paul Allen Scott; John Cornell Sirb; William Kenneth Smith (cum laude); Anthony Joseph Spalla; George David Stayman; Walter Joseph Sucher; John Yeatman Taggart (cum laude); Charles Elson Tatman; Russell Glenn Terry; Ronald Eugene Tschiegg; Peter Whiteford; Donald William Wiper (cum laude); Walter Jacob Wolske, Jr.; Robert Bernhard Wolter.

BACHELOR OF SCIENCE IN SOCIAL ADMINISTRATION

Sally Joan Adelberger; Shirley Yvonne Coleman; Juanita Rebecca Minor; Eloise Neptune Poston; Albert Loren Rhoton; Helen Carol Sabol; Ketayun Talaty.

COLLEGE OF DENTISTRY

DOCTOR OF DENTAL SURGERY

Arnold Jarrett Given, Jr., A.B., M.S. (West Virginia University).

COLLEGE OF EDUCATION

Robert Thomas Addison, B.Sc. in Bus.Adm.; Wilbur Benson Albers; Cyril Rolling Allen, Jr.; Barbara Alice Armitage (cum laude); Ann Petrych Ascham (cum laude); Joseph James Balint; Helen Bundy Battles; Shirley Anne Dean Beck; Miriam Augusta Benoy; Dolores Marie Bower; Fred Vincent Brock; Norma Jean Brodbelt, B.A.; Adelaide Bryer Chynoweth (cum laude); Jane Collins Cline; Beverly Anne Conkle; Mary Ditch Cox; Beverly Jean Craft; Barbara Ruth Denlinger; Richard Arlen Dodge; Nancy Joan Elliott; Betty Jones Ellison; George Wayne Fisher; Lida Ruth Flannigan; Barbara Ann Fox; Andrew Charles Franks; Ruth Rothfuss Furman (cum laude); Marjorie Ann Widman George; Shirley Ann Green;

William Beiler Harkins; Lois Cool Harsh; Jeanne Marie House; Lucie Phillips Hutchison; James Minard Jennings; Cherie Ann Kackley; Michael Kalk, B.Sc. in Opt.; Jean Marilyn Kardas; Lynn Mauree Katchen; Charles Franklin Kessler; Dorothy Mae Kieffer (cum laude); Alayne Enid Kushkin; Charlotte Ann Leonard; Faye Yuk Farr Leong; James Fletcher Lorenz, Jr.; Mary Lou Adkins McIntyre; John Davenport Mooney, Jr.; Mary Catherine Murphy; Glenna Genevieve Palmer; Francis Joseph Pechauer; Joan Marie Perz; Catherine Belhorn Pruden; *Joan Riggs (cum laude); Ray Gene Robison; Richard Charles Schettler, A.B. Adm.; Elizabeth Beilstein Souder; Mary Ann Stephan; Clyde Stimpert; Rita Gaspin Studner; Jerome Arthur Sweedler; Ruth Hideko Takakura; Isabella Allen Ternent; Rebecca Lillian Tschetter; Paul Burrell Ubelhart, Jr.; Marion Frances Wlotzko; Robert Joseph Woolley (summa cum laude).

BACHELOR OF FINE ARTS

Paul Ambrose Adamoski; Fred Richard Bichsel, Jr.; Thomas Henry Burgess; Carole Frances Friedman; Clifford Thomas Ganger; Susan Gould; Sarah Jane Gwyn; Irving Clifford Hammeren; Forrest Edward Horn; Martha Louise Hudson; Kenneth Eugene Igo; Samantha Ann Miller; Elizabeth Jeanne Walker; George Austin Wellmes; Gerald Alan Wolf.

BACHELOR OF MUSIC

James Robert Lloyd.

BACHELOR OF SCIENCE IN OCCUPATIONAL THERAPY

May Elizabeth Chin (cum laude); Nancy Allison Drenan; Marilyn Ann Edris; Lena Edna Futhey; Jean Eleanor Kuhlmann; Marilyn Marie Mathews; Donelda Jane Miller; Giovanna Jane Miller; Donna Lee Smith (cum laude); Betty June Stanforth; Nona Jean Toops (cum laude); Elaine Ross Utley (cum laude); Nancy Ann Vesper; Pattie Ann Zeigler (cum laude).

*Two degrees.

COLLEGE OF ENGINEERING

BACHELOR OF CERAMIC ENGINEERING

John Zigmund Stoia.

BACHELOR OF CHEMICAL ENGINEERING

*Gilbert Ellis Raines.

BACHELOR OF CIVIL ENGINEERING

Ernest Karl Rotering.

BACHELOR OF ELECTRICAL ENGINEERING

Thomas Joseph Elliott; Richard Earl Ferguson.

BACHELOR OF INDUSTRIAL ENGINEERING

Peter Kenneth Studner.

*Two degrees.

BACHELOR OF MECHANICAL ENGINEERING

Robert Everett Crosby; Paul Eugene Waechter; Jack Fitzgerald Wilson.

BACHELOR OF SCIENCE IN PHYSICS

Donald E. Longmire.

COLLEGE OF LAW

BACHELOR OF LAWS

Irving A. Portman, B.S. in B.A. (Kent State University); Thomas Eugene Schacher; Douglas Rae Trail, B.Sc. in Bus.Adm.

COLLEGE OF MEDICINE

SCHOOL OF NURSING

BACHELOR OF SCIENCE IN NURSING

Lenor Rapp Cochran; Sally Ann Hunter; Mary Lu Lorimer Wallace.

COLLEGE OF PHARMACY

BACHELOR OF SCIENCE IN PHARMACY

Drayton Creswell Reeves, Jr.

That the Cooperative Agreement between The Ohio State University and the Ohio Division of Wildlife for the operation of the Ohio Conservation Laboratory for the summer of 1954 be approved:

That the Memorandum of Agreement, dated July 1, 1951, between the University and the Division of Wildlife, Department of Natural Resources, be continued for the year 1954-1955. The continuation provides for a payment of \$12,908 to the University for the purpose of conducting an educational program aimed at acquainting farmers with the needs of farm wildlife and the problems relating to the wise management of wildlife resources in the best interests of the people.

That the research agreements heretofore entered into between The Ohio State University and The Ohio State University Research Foundation setting up the following projects be reported to the Board of Trustees for information and record:

Mathieson Chemical Corporation, Baltimore, Maryland—Investigation of Research in Chemistry (to be known as the Mathieson Chemical Corporation Research Project No. 116-C, Extension No. 2)—Chemistry). Gross value—\$16,704.00.

Mathieson Chemical Corporation, Baltimore, Maryland—Investigation of Research in Chemical Engineering (to be known as the Mathieson Chemical Corporation Research Project No. 116-E Extension No. 2—Chemical Engineering. Gross value—\$33,750.00.

U. S. Atomic Energy Commission, Chicago Operations Office, Lemont, Illinois—Investigation of Low Temperature Physics (to be known as the U. S. Atomic Energy Commission Research Project No. 423, Supplement No. 4—Physics). Gross value—\$23,800.00.

U. S. Atomic Energy Commission, Chicago Operations Office, Lemont, Illinois—Investigation of Nuclear Spectroscopy (to be known as the U. S. Atomic Energy Commission Research Project No. 440—Supplement No. 3—Physics). Gross value—\$20,000.

Commercialores, Incorporated, Clover, South Carolina—Investigation of Kyanite in Ceramic Bodies (to be known as Commercialores, Incorporated Research Project No. 461, Supplement No. 3—Engineering Experiment Station). Gross value—\$2000.00.

U. S. Atomic Energy Commission, Chicago Operations Office, Lemont, Illinois—Investigation of Soft X-ray Absorption and Emission Spectra (to be known as the U. S. Atomic Energy Commission Research Project No. 471, Supplement No. 3—Physics). Gross value—\$6,500.00.

Air Force Cambridge Center, Cambridge, Massachusetts—Investigation of Sky Noise Measurements (to be known as the Air Force Cambridge Center Research Project No. 480—Supplement No. 4—Physics). Gross value—\$11,242.00.

Cleveland Ordnance District, Cleveland, Ohio—Investigation of Protection of Metals by Non-Metallic Coatings (to be known as the Cleveland Ordnance District Research Project No. 514, Supplement No. 3—Ceramic Engineering). Gross value—\$5,000.00.

Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Fatigue Tests of Alloy and Steel Specimens (to be known as the Wright Air Development Center Research Project No. 518, C. O. 6—Mechanical Engineering). Gross value—\$13,500.00.

American Society for Metals, Cleveland, Ohio—Investigation of Heat Treatment of Steel—on a sound film (to be known as the American Society for Metals Research Project No. 536, Extension No. 3—Photography and Metallurgy). Gross value—\$700.00.

U. S. Atomic Energy Commission, Chicago Operations Office, Lemont, Illinois—Investigation of Preparation and Evaluation of Porous Membranes (to be known as the U. S. Atomic Energy Commission Research Project No. 566, Amendment No. 1—Chemistry). Gross value—\$34,164.00.

The Selby Shoe Company, Portsmouth, Ohio—Investigation of Aircrew Protective Helmets (to be known as the Selby Shoe Research Project No. 598—Mechanical Engineering). Gross value—\$21,529.00.

Cleveland Ordnance District, Cleveland, Ohio—Investigation of Infra-red Spectroscopy of Atoms and Molecules (to be known as the Cleveland Ordnance District Research Project No. 602—Physics). Gross value—\$18,000.00.

The above thirteen contracts for research in cooperation with Government and Industry represent a gross income of \$206,889.00. (Government—\$132,206.00; Industry—\$74,683.00).

Classified Research

Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio. Investigation of Flush Mounted Antennas

(to be known as the Wright Air Development Center Research Project No. 486—Supplement No. 5—Electrical Engineering). Gross value—\$65,985.00.

Mathieson Chemical Corporation, Baltimore, Maryland—Investigation of Research in Chemistry (to be known as the Mathieson Chemical Corporation Research Project No. 116-D, Extension No. 2—Chemistry). Gross value—\$37,868.00.

Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Techniques for Measurement of Radar Reflection Characteristics of Aircraft and Missiles (to be known as the Wright Air Development Center Research Project No. 161—Electrical Engineering). Gross value—\$69,991.00.

Gross income—Classified Research—\$173,844.00.

President Bevis presented the following recommendation:

That the Administration be authorized as a matter of policy to establish compensations for full-time, permanent personnel of the College of Medicine at figures which will attract top-flight people; that within limits to be set by the University, such persons be per-

mitted to earn fees by "practice" or "consultation"; that all statements for such services be sent out by the University and all receipts be paid into appropriate rotary funds; that a portion of the compensation of such personnel be paid out of A-1 salary funds, such portion to approximate the salaries paid to persons of equivalent status in other parts of the University; that the remainder of such total salaries be paid out of the "earnings" in the appropriate rotaries and, that any balances in such rotaries over and above the amounts required to pay such salaries be paid into the general funds of the University.

Upon motion of Judge Gorman, seconded by General Dargusch, the above recommendation was approved by unanimous vote.

The Vice President and Business Manager presented the following reports of the Director of Physical Plant and recommendations of the University Cabinet in connection with the rejection of bid, revised estimate of cost, and readvertisement on a ten-day basis for NEW PAVED WALKS ON CAMPUS.

"On authority of the Board of Trustees, the University Cabinet met on July 1, 1954, for the purpose of opening bids on NEW PAVED WALKS ON CAMPUS. Only one bid was received as follows:

<i>Bidder</i>	<i>Amount of Bid</i>
American Terrazzo and Cement Company.....	\$22,800.00

"The engineer's estimate on this project was \$18,000. I wish to recommend that the Board of Trustees request the Director of Public Works for the following since the bid is so far in excess of the estimate:

1. Reject this bid
2. Revise the estimate in the amount of \$23,500
3. Obtain permission from the Director of Public Works to readvertise on a ten-day basis."

On the basis of the above stated information, the University Cabinet therefore recommends that this bid be rejected; that the estimate of cost be revised to \$23,500; and that permission be requested from the Director of Public Works to readvertise this project on a ten-day basis.

Upon motion of Senator Huffman, seconded by Judge Gorman, the above reports and recommendations were approved by unanimous vote.

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following projects as prepared by Potter, Tyler, Martin and Roth and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimate of Cost</i>	<i>Payable from</i>
Chemical Abstracts Building		
I —General Contract	\$391,441.00	
II —Plumbing	19,317.00	G-2-B Housing
III—Heating, Cooling, Ventilating	95,884.00	for Chemical
IV—Electrical	47,650.00	Abstracts, H.B.
		10.
Total	\$554,292.00	

Upon motion of Senator Huffman, seconded by Judge Gorman, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to present them to the Director of Public Works for his approval and, if so approved, to advertise for bids in accordance with law. The Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to recommend to the Director of Public Works the award of such contracts. All actions of the Cabinet on these matters are to be reported to the Board at a later meeting.

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and recommends to the Board of Trustees that the President be requested to execute the contract indicated in the following recommendation of the Director of Physical Plant.

The report of the Director of Physical Plant is as follows:

"On authority of the Board of Trustees, the University Cabinet met on June 17, 1954, for the purpose of opening bids on PATCHING AND REPAIRING AREAS UNDERNEATH A PORTION OF C DECK (SECTIONS 21, 22, 23, 24, 25, AND 26) AND SOUTHEAST AND SOUTHWEST TOWERS OF THE STADIUM. Given below is a tabulation of the bids received:

<i>Bidder</i>	<i>Amount of Bid</i>
Masonry Maintenance Contractors	\$39,600
George E. Detzel Company	28,890
General Maintenance & Engineering Company	20,699

"The engineer's estimate for the above work was \$18,000. There were ten companies scattered throughout Ohio and the Midwest that took out plans and specifications on this project and, as shown above, we received only three bids, all of which exceed the estimate of cost filed with the Auditor of State.

"The wide variation of the bids received is indicative of the uncertainty in repair work, and, while the estimate was only \$18,000, it is our opinion that no lower bid or wider competition would be received if we readvertise this project.

"Therefore, I wish to recommend that permission be requested from the Controlling Board to award this contract to the low bidder. The General Maintenance and Engineering Company, notwithstanding the fact that their bid of \$20,699 exceeds the filed estimate of cost."

In order to provide funds for the execution of this contract recommended for award, a transfer of \$20,699 from General University Funds, Rotary E, to F-1-H Patching and Repairing Areas Underneath

the Stadium, H.B. 10, is required and is accordingly recommended. This transfer has been requested of the State Controlling Board.

Upon motion of Mr. Ketner, seconded by Senator Huffman, the above recommendations and actions of the University Cabinet were approved by unanimous vote, and the transfer of funds, as recommended, was authorized.

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and recommends to the Board of Trustees that the President be requested to execute the contract indicated in the following recommendation of the Director of Physical Plant.

The report of the Director of Physical Plant is as follows:

"On authority of the Board of Trustees, the University Cabinet met on July 1, 1954, for the purpose of opening bids on INTERIOR PAINTING AND PATCH PLASTERING OF HAYES HALL, KINSMAN HALL, STILLMAN HALL, ARPS HALL, AND DENTAL BUILDING. The following is a tabulation of the bids received:

<i>Bidder</i>	<i>Amount of Bid</i>
Joseph F. Monrone	\$25,000
Ballenger Painting Company	34,310
General Painting Company	31,752
Bexley Painting Company	39,781
Bohl Painting Company	38,585
Art Kraft Decorators, Inc.	32,860
Arthur Painting Company	49,333
Arlington Decorating, Inc.	44,000

"The engineer's estimate for the above work was \$47,900. Since the opening of bids, Joseph F. Morone has filed in my office a letter, with proper documentary evidence supporting the claim setting forth the fact that an arithmetical mistake exists in the computation of the bid. Mr. Morone, therefore, requests permission to withdraw the bid, as provided by statute.

"After examining the letter and photostat of the sheets on which the bid computations were made, I have come to the conclusion that the mistake exists in fact. I, therefore, recommend that Joseph F. Morone be permitted to withdraw his bid as provided by statute.

"I also wish to recommend that we award the contract to the second low bidder (regular in every respect and below the estimate of cost) to the General Painting Company at their bid of \$31,752."

Funds for the execution of this contract will be provided from F-1 Building Repairs, H.B. 10.

Upon motion of Senator Huffman, seconded by Mr. Ketner, the above recommendations and actions of the University Cabinet were approved by unanimous vote.

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board, and

pursuant to legal advertisement, has received bids and recommends to the Board of Trustees that the Director of Public Works be requested to award the contract indicated in the following recommendation of the Director of Physical Plant.

The report of the Director of Physical Plant is as follows:

"On authority of the Board of Trustees, the University Cabinet met on July 1, 1954, for the purpose of opening bids on PAVING ROADWAYS ON CAMPUS. A representative of the office of the Director of Public Works was present and read the bids. Given below is a tabulation of the bids received:

<i>Bidder</i>	<i>Amount of Bid</i>
A. W. Burns Construction Company	\$7,400
Decker Construction Company	7,200
Trimmer Construction Company	8,350

"The engineer's estimate for the above work was \$10,000. The low bid of the Decker Construction Company is regular in every respect and is below the engineer's estimate. Therefore, I wish to recommend that we request the Director of Public Works to enter into a contract for this project with the Decker Construction Company at their bid of \$7,200."

Funds for the execution of this contract will be provided from F-1-c Road and Sidewalk Repairs, H.B. 10.

Upon motion of Senator Huffman, seconded by Mr. Ketner, the above recommendations and actions of the University Cabinet were approved by unanimous vote.

Only one bid was received as follows:

<i>Bidder</i>	<i>Amount of Bid</i>
The George Snyder and Sons Company	\$12,803

"The engineer's estimate for the above work was \$12,500. There were three companies that took out specifications on this project and, as shown above, we received only the one bid which exceeds the estimate of cost filed with the Auditor of State.

"It is my opinion that we would be unable to obtain either a lower bid or wider competition should we readvertise this project. Therefore, I wish to recommend that permission be requested from the Controlling Board to award this contract to The George Snyder and Sons Company, notwithstanding the fact that their bid of \$12,803 exceeds the filed estimate of cost."

The report of the Director of Physical Plant is as follows:

"On authority of the Board of Trustees, the University Cabinet met on July 1, 1954, for the purpose of opening bids on WASHING INTERIOR WALLS OF BOTANY AND ZOOLOGY BUILDING, IVES HALL, ROBINSON LABORATORY, AND CHEMISTRY LABORATORY-SAWTOOTH. The following is a tabulation of the bids received:

<i>Bidder</i>	<i>Amount of Bid</i>
Buckeye State Window Cleaning Co.	\$ 7,967.00
Arts Decorating and Cleaning Co.	13,254.00
City Window Cleaning Co.	10,118.50

"The engineer's estimate for the above work was \$15,500. The low bid of the Buckeye State Window Cleaning Company is regular in every respect and is below the engineer's estimate. Therefore, I wish to recommend that The Ohio State University enter into a contract with the Buckeye State Window Cleaning Company at their bid of \$7,967.00."

Funds for the execution of this contract will be provided from F-1 Building Repairs, H.B. 10.

Upon motion of Senator Huffman, seconded by Mr. Ketner, the above recommendations and actions of the University Cabinet were approved by unanimous vote.

The Vice President and Business Manager reported for the record that the State Controlling Board has approved the following requests presented by the University:

Request

162—Transfer of \$1,680.96 to Rotary A from accounts listed below in order to properly clear 1953-54 accounts and bring forth credit balances to current Rotary:

\$1,450.00	G-2-K	Women's Dormitories, H.B. 671
79.00	G-2-D	Field House, H.B. 671
139.16	G-2-F	Health and Medical Center, H.B. 654
12.80	G-2-A	Ohio Union Building and Equipment,
\$1,680.96	Total	H.B. 654

167—Award of contract, Patching and Repairing Areas Underneath a Portion of C Deck (Sections 21, 22, 23, 24, 25, and 26) and Southeast and Southwest Towers of the Stadium, in the amount of \$20,699 to General Maintenance and Engineering

Company notwithstanding the fact that this bid was in excess of the estimate of cost of \$18,000 filed with the Auditor of State.

172—Transfer of \$15,000 from Department 804 Rotary A to \$7,500 G-2-A Field House and \$7,500 G-2-C Women's Dormitories, H.B. 10, in order to provide funds for University Architect services in connection with building projects indicated.

177—Transfer and release of \$70,000 from Department 804 Rotary to G-2-C Women's Dormitories, H.B. 10, in order to place orders for Women's Dormitory equipment.

In accordance with action taken March 8, 1954 by the Board of Trustees, authorizing the Vice President and Business Manager to transfer funds to building projects previously approved by the Board of Trustees for services of the University Architect's office in amounts not to exceed \$7,500 per project per quarter, the Vice President and Business Manager reported that the following transfers were made to cover University Architect services during July, August, and September, 1954:

\$7,500.00—from Rotary 12261 to G-2-A *Field House*, H.B. 10

\$7,500.00—from Rotary 12261 to G-2-C *Women's Dormitories*, H.B. 10

The Vice President and Business Manager then recommended that the following additional transfers be authorized to provide the total estimated needs for the above period:

\$1,500.00—from Rotary 12261 to G-2-A *Field House*, H.B. 10

\$7,000.00—from Rotary 12261 to G-2-C *Women's Dormitories*, H.B. 10

Upon motion of Mr. Ketner, seconded by Judge Gorman, the foregoing report was approved by unanimous vote, and the Vice President and Business Manager was, by unanimous vote, given authority to transfer additional funds as recommended above.

The Vice President and Business Manager presented to the Board of Trustees the following report and recommendations:

In connection with the recommendation of Dr. Doan, which is now before the Board, with respect to the construction of a new therapeutic X-ray wing to University Hospital, on a self-liquidating basis, it is necessary that the Board of Trustees take definitive action. Dr. Doan's proposal, therefore, would suggest and require that the President, the Vice President and Business Manager, and the University Cabinet be directed:

(a) To formulate a plan for financing the proposed therapeutic X-ray facility on a self-liquidating basis:

- (b) To request the Director of Public Works to amend the contract of Garfield, Harris, Robinson and Schafer to draw the plans and specifications for this addition;
- (c) To have the plans and specifications for this unit drawn as quickly as possible so that it might be developed as a cohesive unit with the diagnostic X-ray facility now under plan.

Upon motion of General Dargusch, seconded by Senator Huffman, the foregoing recommendation was approved by unanimous vote.

The Vice President and Business Manager presented the recommendation of the Director of Physical Plant that Wayne H. Laverty, Landscape Architect and Site Planner of Cleveland, Ohio, be employed to make the site plans for the new Veterinary College campus. These plans will show all plants and seeded areas, roads, walks, parking areas, finished grading layout and drainage facilities for the area.

The above plans will be furnished at a lump sum of \$2,000.00, which will be paid from G-2-1 Veterinary Medicine, Basic Science Unit, H.B. 816.

Upon motion of Mr. Ketner, seconded by Senator Huffman, the foregoing recommendation was approved by unanimous vote.

The President now reported to the Board the death of Joseph Alexander Leighton and of Dr. Lear H. Van Buskirk, and in accordance with the recommendation of the Board of Trustees, copies of the following resolutions, expressing on behalf of the University the sorrow and sympathy of the Board, have been furnished to the families of the deceased.

The Board of Trustees expresses its sorrow at the death of Joseph Alexander Leighton, Professor Emeritus of Philosophy, on May 19, 1954. Professor Leighton held degrees from Trinity College, Toronto; Cornell University, Episcopal Theological School, Cambridge; and LL.D. (honorary) from Hobart College where he was Professor and Chaplain for 13 years, and from Ohio State University, 1948. He had also studied at the Universities of Tübingen, Berlin, and Erlangen. He served as Visiting Professor at Leland Stanford University, the University of California, the University of Southern California and the University of Utah. He was Chairman of the Department of Philosophy at Ohio State University from 1910-1941.

A personality enriched by solid scholarly attainment represented the central idea of Professor Leighton, and he had realized this aim in his own life, being the recipient of scholarships through his years as a student, and having published numerous articles and books of outstanding importance in the fields of philosophy and education. The breadth of his personality is shown in his concern also for both science and athletics. A member of numerous learned societies, he was one of the founders of the Eastern division of the American Philosophical Association and served as President of the Western Division. He was a respected and esteemed colleague and companion, an enthusiastic and inspiring teacher, and an extremely well-read man, with a tenacious memory. The meaning of his life for philosophy and general culture will be an enduring one. He will be remembered as a high-minded

7-12-'54

and conscientious scholar, who built his career securely into the history of the University, where he held a place of influence and respect. His creative personality will continue to live and work among us.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

The Board of Trustees expresses its sorrow at the death of Dr. Lear H. Van Buskirk, Professor of Clinical Medicine, on March 31, 1954.

Dr. Van Buskirk received both his B.S. and M.D. degrees from The Ohio State University. His first teaching assignment was as Instructor in Public Health in 1915 and he later served in the Department of Pathology and of Medicine. For a great many years he directed the teaching in physical diagnosis and was the senior ranking staff member in Medicine at St. Francis Hospital, serving on the Executive Committee many years.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

Thereupon the Board adjourned to meet Tuesday, September 7, 1954, at Gibraltar Island.

Attest:

(Signed) CARL E. STEEB,
Secretary

(Signed) JOHN W. BRICKER,

That the following miscellaneous recommendations be approved:

That leaves of absence, with salary, for the following members of the Agricultural Extension Staff, be approved:

George R. Gist, Extension Agronomist, for the period September 16, 1954 to January 31, 1955, to attend Purdue University to do graduate work in the field of agronomy.

Alfred J. Baxter, Associate County Extension Agent, Mercer County, for the period October 1 to December 15, 1954, to do graduate work at the Ohio State University.

Charles W. Wenner, Associate County Extension Agent, Hancock County, for the period October 1 to December 31, 1954, to do graduate work at the Ohio State University in the field of farm management.

Leota Leyda, Home Demonstration Agent, Sandusky County, for the period September 15 to December 31, 1954, to attend Cornell University to complete graduate work for a Master's degree.

That Donald B. Robinson, District Supervisor, Department of Agricultural Extension, be granted a leave of absence, with salary, for the period September 16, 1954 to January 31, 1955, for graduate study at the University of California.

That George M. Curtis, Professor of Surgery and Chairman of Research Surgery, Department of Surgical Research, be retired effective June 30, 1954, and that he be given the title Professor Emeritus and be paid \$552 per year from Interest on Endowment 4002 and \$156 per year from Fund 9001 to comply with provisions for supplementary payments to staff members who participate in the University Retirement Plan.

That Daisy Davis, Associate Professor, School of Home Economics, be retired effective September 30, 1954, and that she be given the title Associate Professor Emeritus and be paid \$180 a year from Fund 9001 to comply with provisions for supplementary payments to staff members who participate in the University Retirement Plan. No supplemental payment from Interest on Endowment is required because her retirement exceeds the University guarantee.

That upon the recommendation of the Dean of the College of Medicine, Dr. C. C. Sherburne be appointed Chief of Staff for St. Francis Hospital for the period July 1, 1954 to June 30, 1955.

That the sum of \$4,000 be transferred from Dairy Laboratory Rotary 15954 to Rotary 13156 for the use of the Department of Dairy Technology.

That the annual budget of \$84,336.00 for the Development Fund for the fiscal year 1954-1955, be approved.

That the budget for personal service and maintenance for the Swine Evaluation Station for the year 1954-1955 be approved and that a rotary fund be set up as part of the Farm Rotary to receive revenues coming to this project.

That the agreements between the Ohio State University and the State Department of Education, Division of Special Education, covering the following contracts for the period July 1, 1954 to June 30, 1955, be approved:

Teacher Education for Handicapped Children—Field Consultant
Teacher Education for Handicapped Children—Slow Learning Children

That the agreement between the Ohio State University and the State Department of Education, Division of Vocational Education, covering the training of teachers in Trade and Industrial Education for the period September 1, 1954 to June 30, 1955, be approved;

That the Agricultural Marketing Act Contract between the Ohio State University (through the Agricultural Extension Service) and

the U. S. Department of Agriculture for a Consumer Food Marketing Information Program in the Cincinnati Metropolitan Area, be approved;

That, upon the recommendation of the Faculty Council at its meeting held on August 24, 1954, the following changes in the entrance requirements for the Division of Dental Hygiene, College of Dentistry, be approved:

Requirements for Admission

The curriculum in Dental Hygiene is open to women only.

An applicant for admission must present a certificate of graduation from an accredited high school. The following school preparation is strongly recommended:

English	3 units
United States History	1 unit
Algebra	1 unit
Plane Geometry	1 unit

All entering students will be required to take placement tests in High School Mathematics and English. The student's graduation requirements in Dental Hygiene will be subject to the following policies:

1. *High School English.* If the student's performance on the placement test shows a lack of reasonable proficiency in English composition, the student must register for a review course. She must pass successfully this review course before she can register in any other college course in English. The number of credit hours required in this review course will be added to the total hours required for graduation.

2. *High School Mathematics.* If the student's performance on the placement test in Mathematics shows a lack of reasonable proficiency, this weakness must be corrected by registering for and passing successfully an appropriate review course. The number of credit hours for such a course will be added to the total hours required for graduation.

The above would take the place of the first two paragraphs of the present requirements. The remainder of the material on admission requirements would be unchanged.

That the following gifts be accepted and the appreciation of the Board of Trustees be appropriately expressed:

\$68,272.55 from the W. K. Kellogg Foundation, Battle Creek, Michigan, as fourth payment on five-year commitment, for Public School Administration—Rotary 11351;

\$21.00 to be deposited in the Miscellaneous Field Expense Fund.

That the research agreements heretofore entered into between the Ohio State University and the Ohio State University Research Foundation setting up the following projects be reported to the Board of Trustees for information and record:

Mathieson Chemical Corporation, Baltimore, Maryland—A Study of Fungicides and Insecticides (To be known as the Mathieson Chemical Corporation Research Project No. 116-A Sup. 7)—Botany. Gross value—\$30,842.60;

The National Clay Pipe Research Corporation, Logan, Ohio—Investigation of Clay Pressure Pipe (To be known as The National Clay Pipe Research Corporation Research Project No. 146 Sup. No. 11—Engineering Experiment Station). Gross value—\$27,000.00;

Alloy Casting Institute, Mineola, New York—Investigation of Development of New Alloys (To be known as the Alloy Casting Institute Research Project No. 350 Amend. No. 6—Metallurgy). Gross value—\$18,000.00;

Department of the Navy, Office of Naval Research, Washington, D.C. Investigation of Literature Search, Nitro Compound (To be known as the Department of the Navy Research Project No. 386 Amend. No. 10—Chemistry). Gross value—\$11,050.00.

Federal Security Agency, Public Health Service National Institutes of Health, Bethesda, Maryland—Investigation of Mosquito Studies (To be known as the Federal Security Agency Research Project No. 388-388E—Zoology and Entomology). Gross value—\$9,500.00;

Navy Department, Office of Naval Research, Washington, D.C. Investigation of Protective Coatings for Molybdenum (To be known as the Navy Department Research Project No. 467 Amend. No. 6—Metallurgy). Gross value—\$23,052.00;

Headquarters, Air Research and Development Command, Baltimore, Md. Investigation of Research on the Language of Voice Procedure (To be known as the Headquarters, Air Research and Development Command Research Project No. 519 Sup. No. 4—Speech). Gross value—\$59,793.00;

- Cleveland Ordnance District, Cleveland, Ohio—Investigation of Role of Steric Factors in Organic Chemistry (To be known as the Cleveland Ordnance District Research Project No. 559 Sup. 1—Chemistry). Gross value—\$11,260.00;
- Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Microwave Oscillator Tubes (To be known as the Wright Air Development Center Research Project No. 575, Sup. No. 3—Electrical Engineering). Gross value—\$166,000.00;
- Air Materiel Command, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Development of Sandwich Construction Inorganic Radomes (To be known as the Air Materiel Command Research Project No. 603—New)—Engineering Experiment Station. Gross value—\$25,680.00;
- Carbide & Carbon Chemicals Company, a Division of Union Carbide & Carbon Corporation, Research & Development Department, South Charleston, W. Va.—Investigation of Synthesis of High Molecular Weight Normal Paraffins (To be known as the Carbide & Carbon Chemicals Company Research Project No. 604—New)—Chemistry. Gross value—\$5,000.00;
- Air Research and Development Command, Procurement Sub-Office, Lackland Air Force Base, San Antonio, Texas—Investigation of Critical Factors in the Utilization of Simulators for Pilot Training Programs (To be known as the Air Research and Development Command Research Project No. 605—New)—Psychology. Gross value—\$118,218.88;
- The Ironton Fire Brick Company, Ironton, Ohio—Investigation of Production of a Super-Duty Fire Clay Refractory (To be known as the Ironton Fire Brick Company Research Project No. 606—New)—Engineering Experiment Station. Gross value—\$5,640.00;
- Corps of Engineers, U. S. Army, Office of the District Engineer, Chicago, Illinois—Investigation of Research on the Ice Cap in North Greenland (To be known as the U. S. Army Research Project No. 607—New)—Geology. Gross value—\$2,000.00.
- Department of Health, Education and Welfare, Public Health Service, National Institutes of Health, Bethesda, Maryland—Investigation of Efficiency and Performance of the Heart (To be known as the Public Health Service Research Project No. 609—New)—Physiology. Gross value—\$6,480.00.
- The above fifteen contracts for research in cooperation with Government and Industry represent a gross income of \$519,516.48.

Government—\$433,033.88. Industry—\$86,482.60

Upon motion of Judge Gorman, seconded by Senator Huffman, the above recommendations of the President were approved by unanimous vote.

Voluntary Health Insurance for Students

Vice President Stradley, reporting on the proposed plan for voluntary health insurance for students, as recommended by the Student Senate, stated, that the University Administration appreciates the Student Senate interest in the plan, but feels that before definite consideration is given to the proposed voluntary insurance plan, the out-patient services of our present new University Health Services should be enlarged by having the facilities open certain hours each night, and also on Saturday and Sunday, in addition to the schedule now in effect.

Upon motion of Judge Gorman, seconded by Mr. Black, the Board concurred in the opinion that the possibility of extending the present facilities should be determined before taking final action on the proposed voluntary insurance plan.

Vice President Stradley presented the following report on the:

Civil Defense Administration Course

During the week of August 9-13 a Civil Defense Administration Course was held on the campus of the Ohio State University. This five-day course was held in five rooms in Derby Hall. The purpose of the course was to train Civil Defense leaders from the various communities in Ohio and neighboring states. Seventeen persons from the Staff College of the Federal Civil Defense Administration and representatives from Region Two conducted the course. Cooperating with these seventeen persons were seven persons from the Ohio Civil Defense Corps and eleven persons from the faculty at the Ohio State University. Fifty-seven Civil Defense workers attended the school as students. Most of these persons were from Ohio; however, there were visitors from Virginia, West Virginia, and Connecticut. A total, then, of 92 persons participated.

This was the first time that the administration course was given outside the national headquarters at Olney, Maryland. A large truckload of material was brought to the campus to be used as teaching aids and for demonstration purposes. In addition, eighteen persons came from East Lake, Ohio bringing two fire trucks and a rescue truck for the mid-week demonstration in these areas of work.

Thorough preparation had been made by the representatives from the Staff College and the Ohio Civil Defense Corps. Classes, lectures, and demonstrations were held from 9 to 5 with a full program each evening.

It is now proposed that subsequent Civil Defense Administration courses be held at intervals between quarters on the Ohio State University campus. National and State Civil Defense workers are anxious to hold subsequent courses on the campus because of the cooperation of the faculty and the prestige which the University gives to the course. It has been suggested that approach might be made to the Legislature to erect a building on the campus with adequate space and other provisions for this school. It is planned to hold meetings between the State Civil Defense staff, the faculty, and the administration of the Ohio State University in order to work out further details.

Vice President Stradley presented the following report on:

Admissions and Registrations

For the past three years increasing numbers of Freshmen have asked for admission into the Ohio State University. At the present time we have received 5,300 Freshman applications. This is approximately 700 above the number a year ago. Only one year, the year 1946, did we receive as many applications. Three years ago the number of Freshmen admitted was 2,954.

Advanced admissions are about the same this year as last year. We shall expect to admit a little over 2,000 advanced students. These admissions should bring our fall registration to well over 20,000 students.

The number of students applying for admission to the professional schools remains at a relatively high level. Four hundred fifty students applied for admission to the College of Medicine, and we have now filled the Freshman class, admitting 150 students. Two hundred twenty-five applied for admission to the College of Dentistry—120 were admitted. Two hundred sixty students applied for admission to the College of Law, and we have accepted approximately 180—17 have withdrawn their applications, and 38 were rejected. One hundred seventy students applied for admission to Veterinary Medicine, and 72 have been admitted. Forty-five students applied for admission to the College of Pharmacy, and 40 have been admitted. Seventy-three students applied for admission to the School of Optometry, and 42 have been admitted. We are still taking applications and admitting students in Pharmacy, Optometry and Law.

On September seventh we shall mail approximately 10,000 fee cards to students registering for the Autumn Quarter. Two large groups of students are not included in this total—approximately 3,000 graduate students should register during the month of September, and 2,000 Twilight School students should register for fall courses.

Student Financial Aids Office

Vice President Stradley presented the following summary report covering the work of the Student Financial Aids Office for the year 1953-1954:

During the academic year, 1953-1954, the office of Student Financial Aids handled a traffic load far exceeding 100,000 students with peak days of over 400 students a day.

Actual financial aid, through a loan, a scholarship, or work, was given 6,165 students through the services of the office. In addition, many received financial aids counselling. In dollars and cents, the aid rendered these 6,165 students is valued at an estimated \$2,794,778.43 amount. Employment earnings are estimated at \$2,443,970.00, figured on the basis of a 4-hour day, a 20-hour week, a 9-month year, and an average 94 cents an hour wage to 3,610 students. Loans to 1,502 students reached \$192,558.85 in amount, Scholarships and grants-in-aid to 1,053 students reached \$158,249.58 in amount. In comparison with the 1952-1953 year, 823 more students were given actual aid this year.

Highlight records of the various divisions follow:

A. For *Loans*—There are now 55 current loan funds each ear-

marked for a specific use with few funds available for general student use. Total receipts of \$209,584.70 exceeded total disbursements of \$200,540.10. There were 1,502 loans approved for a sum of \$192,558.85. Loan repayments reached \$157,172.92. A \$17,144.48 share of the Sessions Estate and traffic fine deposits of \$31,955.00 were among the largest deposits to fund accounts. The year closed (June 30, 1954) with a net worth of \$517,029.73 figured on the basis of \$231,482.82 in cash, \$60,000 in invested funds, \$217,218.56 in estimated collectible notes receivable, and \$8,328.35 in deferred interest income.

- B. For *Scholarships*—There are now 161 current scholarship funds administered in Student Financial Aids. In addition, numerous funds are administered in the Graduate School and in other college and department offices on campus. A \$17,605.88 interest income amount from unrestricted funds is the only regular source of income for general university-wide scholarships and grants-in-aid controlled by the University Scholarship Committee. Total deposits in all funds reached \$259,232.09. There were 1,053 awards received by students for a sum of \$158,249.58 (\$138,244.58 in cash; \$19,005.00 in fees remission). Of this 1,053 figure, 588 at \$64,839.84 were awards from general funds approved by the Scholarship Committee. At the year's close there was a \$16,148.34 amount in the Unrestricted Scholarship Budget and a cash balance in all funds of \$65,138.70, some of which has been allocated for the 1954-1955 year.
- C. For *Employment*—There were 10,464 student job seekers who registered this year with us for work. Of these, 3,650 were new students, 1,063 new women. From this registered number, the office placed 3,610 students in verified positions or jobs. We estimate their earnings for a 9-month year at \$2,443,970.00. Employment openings reached 7,546 for the year.

In conclusion, it was an extremely gratifying year to see the long-time basis on which the office is now operating. Already, it seems to have lost its infancy. Job placements are being made in spite of outside layoffs, student loans are now being primarily used by upperclassmen and graduate students on a long-term basis, and the whole scholarship picture has become coordinated, for scholarships are now tabulated and classified.

Telescope—Gibraltar Island

President Bevis stated that he had a letter from Professor Harald H. Nielsen, Chairman of the Department of Physics and Astronomy, requesting that the telescope situated on the mansion at Gibraltar Island be turned over to the Department of Physics and Astronomy at the University for teaching purposes.

It is the judgment of the administrative officers of the University that this request might well be complied with. The telescope in its present location is seldom if ever used and no longer serves in this location any useful purpose. It would be very useful for teaching purposes at the University.

In this same connection, I would point out that there is a considerable number of books, many of which have unique value, in the library at the mansion or castle on the Island and that these books might also well be removed to a safer and better location on the campus. At present, they are not adequately cared for and are all practical purposes unguarded. I have been advised that some have already disappeared. I would recommend, therefore, that the administrative officers of the University be authorized to have these books placed in appropriate locations in the custody of the University Library, and the telescope be turned over to the Department of Physics and Astronomy.

Upon motion of Mr. Black, seconded by General Dargusch, the Board approved the above recommendations by unanimous vote.

St. John Arena

On the recommendation of the Director of Athletics, approved by the Athletic Board, President Bevis presented a proposal that the Arena now under construction be named in honor of Lynn W. St. John, former Director of Athletics at the Ohio State University.

In view of the outstanding service to the University given by Mr. St. John over a long period of years, years during which athletics both intercollegiate and intramural were developed to unique excellence, years in which the Stadium, the Natatorium, the Golf Course and other athletic facilities were built, years in which Ohio State moved into the front ranks of collegiate athletics in America, and in token of the lasting appreciation in which Mr. St. John is held by this Board and by his thousands of friends and admirers, I recommend that the Arena be named and known as the St. John Arena at the Ohio State University.

Upon motion of Mr. Ketner, seconded by Senator Huffman, the above recommendation was approved by unanimous vote.

Gibraltar Island

The Board of Trustees discussed at some length the status of Gibraltar Island as a center for research and teaching. In the course of this discussion careful attention was given to the much broader problem of bringing the full resources of the University to bear upon the whole matter of the conservation, development and use of natural resources in the entire state of Ohio. Among other things, mention was made of water supply, mineral deposits, soil and shore erosion, spoil bank reclamation, rivers and streams, reservoirs, farm ponds, forests, fish and wildlife. It was the consensus of the Board that there is need for a thorough study of the total contribution to be made by the entire University and that plans for the use of facilities at Gibraltar Island be considered in this light. To this end Judge Gorman made the following motion which was seconded by Mr. Black and carried unanimously.

That the President be requested to appoint a small committee to consider and make recommendations concerning a University-wide approach to the whole problem of the conservation, development and use of natural resources; that this committee be instructed to confer with Director A. W. Marion of the Ohio Department of Natural Resources, Director Rummell of the Ohio Agricultural Experiment Sta-

tion and with other proper agencies of the state; and that its first report should be placed before the Board of Trustees at the December, 1954 meeting.

Public School Teachers

Vice President Heimberger presented an oral report on efforts being made by The Ohio State University to increase the number and quality of public school teachers, particularly at the elementary level. A brief summary of his report follows.

Ohio, along with the entire nation, is faced with a critical shortage of public school teachers. This shortage is due to at least three principal reasons. The first is that the number of children to be taught has greatly increased and there is no sign of any change in this population trend for many years to come. A second reason for the immediate crisis is the fact that we find ourselves at the bottom of the population curve for young men and women of graduating age at the very time when the number of children to be taught is rapidly increasing. The final and very important reason for the shortage is that losses from the teaching profession are very high. With normal life expectancy in the profession of public school teaching the number of teachers now being trained would come much closer to meeting the need.

Regardless of the reasons, the immediate problem is to get more teachers in classrooms at the earliest possible moment without sacrificing the quality and adequacy of teacher training. To lower standards at this moment might provide temporary relief but would simply add to the difficulty later on. Making the teaching profession a less attractive one to enter and, what is even more important, a profession to stay with as a life work would surely bring disaster within a very brief period. The Ohio State University has been giving its earnest attention to the whole problem and has been trying to develop programs which will be constructive and positive for the long pull as well as effective in the immediate future. One evidence of its concern has been the plan established years ago upon recommendation by Vice President Stradley that the University provide a considerable number of scholarships for prospective teachers. As you know, that number has been substantially increased within the past two years.

On the instructional side of teacher training programs, I wish to report on three recent developments. The first is our full cooperation with the State Department of Education in providing instruction leading to the temporary certification of Arts College graduates. Under this plan an Arts College graduate may begin actual teaching after only one summer quarter of added preparation through intensive training in our College of Education. This program has now been in effect for five quarters and has contributed a substantial number of new teachers.

The second development on our campus has been the introduction of a completely new program of study which enables Arts College graduates to obtain *full* certification within a single year of study in professional education. This program is now in effect.

Our third and most recent development was announced only a month ago and resulted from thorough and intensive study of the possibilities for teacher education of the highest quality which, at the same time, would enable students to begin full-time teaching in

elementary classrooms after only two years of registration on our campus. The approach is a bold one and it is hoped that it will help to meet the immediate need while providing the equivalent or even better of the standard four-year teaching training plan.

In this new curriculum the prospective teacher will enroll in the College of Education for two full years or eight quarters. During these two years she is eligible to apply for assistance under the Manahan scholarship plan. At the end of her second year or eighth quarter, she is ready to accept employment as a full-time elementary school teacher, thus meeting the requirements of the scholarship plan. For the next three years, while teaching full time and earning a regular salary, she will continue her education in summer quarters and field seminars. At the end of five years, three of which have been in the classroom, she will be fully certified for elementary teaching. If it is her wish, she may continue her education through a fourth year of teaching and thus be eligible for certification in junior high schools and in one high school area as well.

Quite apart from its purpose of helping to meet the teacher shortage as rapidly as possible, it is hoped that this plan may have important effects upon the whole program of teacher education. It is entirely possible that combining the formal university instruction with actual classroom experience will provide teachers who are better and more realistically trained and thus more likely to continue in the profession.

The Vice President and Business Manager reported that the University Cabinet has approved the following (A) Extras to Contracts and (B) Credits to Contracts, and recommended that they now be approved by Board of Trustees:

(A) *Extras to Contracts*

McCarthy Brothers Electric Company—\$332.00

Installation of complete conduit system and boxes for public address system in dining room at Women's Dormitories.

Original contract—\$215,800.00—May 18, 1953

Joseph Skilken and Company—\$274.00

Place acoustic tile on ceiling of Room 45 in Student Services Building to match existing tile in outer office space.

Original contract—\$47,980.00—July 1, 1954

(B) *Credits to Contracts*

James I. Barnes Construction Company—\$620.00

Roofing the connecting link between C Dorm and Dining Halls at Women's Dormitories with composition roofing instead of standing seam copper.

Original contract—\$2,314,900.00—May 15, 1953

Geis Construction Company—\$274.00

Liquidated damages of \$1.00 per day for 274 days due to failure to complete Remodeling Student Services Building contract within specified time limit.

Original contract—\$92,827.00—March 27, 1953

Joseph Skilken and Company—\$240.00

Liquidated damages of \$20.00 per day for 12 days due to failure to complete Remodeling and Rehabilitation of Starling-Living Hospital, Wing "A" contract within specified time limit.

Original contract—\$226,850.00—October 1, 1953

Upon motion of Mr. Black, seconded by Mr. Ketner, the above recommendations were approved by unanimous vote.

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contract to the low bidder and now recommends that the actions of the Cabinet be approved by the Board of Trustees.

The report of the Director of Physical Plant is as follows:

"On authority of the Board of Trustees, the University Cabinet met on August 9, 1954, for the purpose of opening bids on NEW PAVED WALKS ON CAMPUS. The following is a tabulation of the bids received:

<i>Bidder</i>	<i>Amount of Bid</i>
Boren Cement Contractors	\$20,000.00
American Terrazzo & Cement Co.	22,800.00

"The engineer's estimate for the above work was \$23,500. The low bid of Borean Cement Contractors is regular in every respect and is below the engineer's estimate. Therefore, I wish to recommend that we request the Director of Public Works to enter into a contract for this project with Borean Cement Contractors at their bid of \$20,000."

In order to provide funds for the execution of this contract recommended for award, a transfer of \$20,088.00 from F-1 Building Repairs to G-32-C New Paved Walks on Campus, H.B. 10, is required and is accordingly recommended. This transfer has been approved by the State Controlling Board.

Upon motion of Mr. Black, seconded by Senator Huffman, the above recommendations and actions of the University Cabinet were approved by unanimous vote and the transfer of funds, as recommended, was authorized.

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contract to the low bidder and now recommends that the actions of the Cabinet be approved by the Board of Trustees. It is further recommended that the President be requested to execute the contract indicated in the following recommendation of the Director of Physical Plant.

The report of the Director of Physical Plant is as follows:

"On authority of the Board of Trustees, the University Cabinet met on August 19, 1954, for the purpose of opening bids on POINTING STONEWORK AND BRICKWORK ON IVES HALL, HAMILTON HALL, AND STARLING LOVING HALL. The following is a tabulation of the bids received:

<i>Bidder</i>	<i>Amount of Bid</i>
Smith Contracting Company	\$ 5,740.00
General Maintenance & Engineering Co.	11,807.00
Masonry Maintenance Contractors	\$8,975.00
Meglen Masonry Company	4,990.00

"The engineer's estimate for the above work was \$9,000.00. The low bid of Meglen Masonry Company is regular in every respect and is below the engineer's estimate. Therefore, I wish to recommend that The Ohio State University enter into a contract with Meglen Masonry Company at their bid of \$4,990."

Funds for this project are provided in F-1 Building Repairs, H.B. 10.

Upon motion of Mr. Black, seconded by Senator Huffman, the above recommendations and actions of the University Cabinet were approved by unanimous vote.

CHEMICAL ABSTRACTS BUILDING

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contracts to the low bidders in accordance with the recommendations of Potter, Tyler, Martin & Roth, Architects, and now recommends that the actions of the Cabinet be approved by the Board of Trustees. Detailed tabulations of said bids are on file in the offices of the Auditor of State and the University Architect and are included in the records of the University Cabinet.

The report of Potter, Tyler, Martin & Roth is as follows:

Chemical Abstracts Building

"Attached hereto is a tabulation of the bids received at the Business Office prior to 2 P.M., August 24, 1954, for construction of the Chemical Abstracts Building, and opened immediately thereafter by Mr. M. J. Moon, representing the Director of Public Works.

"These bids have been examined and checked after their opening, and it is noted that the low bid for each division of the contract is regular in every respect and is below the estimate of cost filed with the Auditor of State.

"Concerning the alternates, we make the following recommendations:

Alternate A—for completion of the Entrance Paving, Light Pylon, Bench, Curbs.

This is necessary for completion of the Site Improvement work and was bid as an alternate at the suggestion of the State Architect to provide a cushion in case base bids ran high. The bid of \$6,200 is very reasonable for the work involved. We recommend that this alternate be included.

Alternate B—for substitution of aluminum throughout for stainless steel glass holding members, frames, doors, etc., in first floor glazed areas and for stainless steel area railing on north.

The stainless steel specified in the base bid is preferable both for appearance and maintenance. Since this substitution, at a deduction of \$1,800 is not necessary to keep the total expenditure below the estimate of cost and funds available, we recommend that this alternate not be considered.

Alternate C—for installation of Venetian blinds at interior of all windows marked W/1 above first floor and in Room 106.

Control of sunlight at the 53 windows involved will be necessary for occupancy of the office space and responsibility for proper installation should be placed on the General Contractor. The bid of \$530 is reasonable, and we recommend that this alternate be included.

Alternate D—for completion of bookstacks and resilient flooring in area south of East-West aisle of second stackroom level.

This portion of the stackroom was left unfinished in the base bid to provide a cushion in case bids ran above the estimate of cost. The bid of \$4,950 is considerably less than the estimate, and permits the economical completion of the stackroom at this time. We recommend that this alternate be included.

Alternate E—for the substitution of steel conduit for specified cast iron for underground steam supply lines. The specified cast iron is much to be preferred for permanency of the installation, and we would consider the substitution at a deduction of \$2,100 false economy. We, therefore, recommend that this alternate not be considered.

Alternate F—for conduit and wiring, including fixture wiring of light in pylon on pavement of East Entrance platform. This alternate adding \$55 completes the Site Improvement work at the East Entrance covered by Alternate A. We recommend that this alternate be included.

Alternate G—for completion of wiring and lighting at second stackroom level in connection with Alternate D. The bid of \$769 is \$119 more than our estimate for this alternate. We recommend that the Controlling Board be requested to approve the award of this alternate at \$769, since it cannot be logically separated from consideration of the low bids for this Division, and in our opinion no lower bids for this division and Alternate 4F and 4G would be received if this Division were re-advertised.

Based upon the above analysis, we recommend that awards be made as indicated below and that the Director of Public Works be requested to execute contracts accordingly.

One-half of this project is payable from funds supplied by the American Chemical Society and one-half from General University Funds of the University.

In order to provide funds for the execution of these contracts recommended for award, a transfer of \$482,778.00 from Department 804 Rotary A to G-2-B Housing for Chemical Abstracts, H.B. 10, is required and is accordingly recommended. This transfer has been requested of the State Controlling Board.

Upon motion of Mr. Black, seconded by Senator Huffman, the above recommendations and actions of the University Cabinet were approved by unanimous vote, and the transfer of funds, as recommended, was authorized.

The Vice President and Business Manager reported for the record that the State Controlling Board has approved the following requests presented by the University:

Request

- 178—Transfer and release of \$20,699.00 from Department 804 Rotary E to F-1-H Patching and Repairing Areas Underneath the Stadium, H.B. 10, in order to provide funds for contract "Patching and Repairing Areas Underneath a Portion of C Deck (Sections 21, 22, 23, 24, 25, and 26) and Southeast and Southwest Towers of the Stadium."
- 180—Award contract for "Repairs to Roofs on Administration Building, Engineering Annex A, B, and C, Botany and Zoology Annex, Laneview Building and McPherson Laboratory Building" to the George Snyder & Sons Company in the amount of \$12,803.00, which was over the estimate of cost of \$12,500.00 filed with the Auditor of State.
- 186—Employment of Wayne H. Laverty, Landscape Architect and Site Planner of Cleveland, Ohio, to make site plans for new Veterinary College. Cost of \$2,000.00 to be paid from G-2-1 Veterinary Medicine, Basic Science Unit, H.B. 816.
- 197—Transfer and release of \$20,088.00 from F-1 Building Repairs, H.B. 10 to G-32-C New Paved Walks on Campus in order to provide funds for award of contract "New Paved Walks on Campus."

The Vice President and Business Manager presented the annual budget of The Ohio State University Research Foundation in the amount of \$306,300.00 for the fiscal year ending June 30, 1955 and recommended its approval and adoption.

Upon motion of Mr. Kettering, seconded by Mr. Ketner, the Research Foundation budget as presented was unanimously approved and adopted.

The Vice President and Business Manager recommended that there be appropriated and transferred from Rotary 8901, Income from the Mershon Trust, the amount of \$20,279.00 to cover the University's portion of the salaries of military personnel for the fiscal year ending June 30, 1955, and that this appropriation be charged to the Civilian Military Education portion of the Mershon Trust income.

Upon motion of Mr. Black, seconded by Senator Huffman, the foregoing recommendation was approved by unanimous vote.

The Vice President and Business Manager presented the request of The Ohio Fuel Gas Company for a right of way easement to lay, maintain, operate, repair, replace without interruption of service and finally remove an 18-inch gas pipe line along the South side of Ackerman Road for a length of 69 rods on property of the Ohio State University. The University is served by this line and it is the informal opinion of the Attorney General's office that where such benefit is received by the University, the Board of Trustees has the legal authority to grant such an easement.

Upon motion of Mr. Black, seconded by Senator Huffman, the Vice President and Business Manager was unanimously authorized and directed to notify the Director of Public Works and the Ohio Fuel Gas Company that the Ohio State University, by this action, was willing to grant the requested easement and to have the easement properly executed.

The Vice President and Business Manager offered the following resolution and moved its adoption:

BE IT RESOLVED by the Board of Trustees of The Ohio State University that there be called for redemption on October 1, 1954, Dormitory Revenue Bonds in the amount of \$70,000.00. The bonds to be retired are as follows:

Bonds No. 15 and No. 16 for \$5,000.00 each held by the School Employees Retirement System

Bonds No. 17 to No. 22 inclusive for \$5,000.00 each held by the Public Employees Retirement System

Bonds No. 23 to No. 28 inclusive for \$5,000.00 each held by the State Teachers Retirement System.

This action is in accordance with the maturity schedule as shown in Section 1 of the indenture.

BE IT FURTHER RESOLVED that the interest on said bonds for the period April 1, 1954 to October 1, 1954 be paid to the respective retirement systems.

Upon motion of Senator Huffman, seconded by Mr. Ketner, the foregoing resolutions as presented were unanimously approved and adopted.

The Vice President and Business Manager presented the following recommendation of the University Cabinet:

In completing the structural design for the Indoor Practice Section of the Field House Group, previously authorized by Cabinet, it is proposed to use the services of Barber and Magee, Structural Engineers.

The University, therefore, recommends that a contract be entered into with Barber and Magee on the same terms and conditions as in the contract dated June 23, 1953 for structural engineering services on the Arena section of the Field House Group and amended August 26, 1953.

It is estimated that the cost of this service will be approximately \$9,000.00. The Cabinet recommends that the necessary action be taken to request the Director of the Department of Public Works to execute such contract and to encumber the sum of \$9,000.00 to cover the amount of the contract. This project is to be financed from G-2-A Field House, H.B. 10.

Upon motion of Mr. Black, seconded by Mr. Kettering, the foregoing recommendation of the University Cabinet was approved by unanimous vote.

The Vice President and Business Manager presented the following recommendation:

Until the final decision is reached between the Ohio State University and the Sisters of the Poor of St. Francis as to the use of the St. Francis Hospital, it is recommended that the payments made by the University to St. Francis Hospital, as provided in the Board action of September 8, 1953, be continued.

Upon motion of Judge Gorman, seconded by Senator Huffman, the foregoing recommendation was approved by unanimous vote.

The Vice President and Business Manager presented the following statement and recommendation:

That, upon the request of the Dean of the College of Agriculture, the University be authorized to amend the Memorandum of Agreement between the Commercial Paste Company and The Ohio State University dated February 13, 1954. The amendment would provide for the use of residence at 1849 Bethel Road together with garden plots and orchards east and west of same at an annual rental of \$1,000.00 per year.

The addition of this house to the present lease will provide housing for a herdsman who will be employed to feed and water the cattle on the Evans farm where the cattle blood-typing work is in progress. The annual rental will be paid from Farm Rotary Funds.

Upon motion of Senator Huffman, seconded by Mr. Ketner, the foregoing recommendation was approved by unanimous vote.

The Vice President and Business Manager presented a rendering of the proposed new 11-story Women's dormitory building to be located on 11th Avenue and indicated that plans and specifications for this building would be presented to an early meeting of the Board, probably November, 1954.

He also stated that this same style of design could well be used for the construction of four similar 11-story units greatly needed for

men, to be located on 11th Avenue. The Board, upon motion of Mr. Ketner, seconded by Judge Gorman, took the following action:

The University administration is directed to have prepared at once the plans and specifications for four 11-story dormitories for men, to house from 1,300 to 1,500 total and to be located on 11th Avenue, using the basic plans and specifications of the 11-story women's dormitory building insofar as they can be made applicable. All urgency and speed are to be exerted and used to the end that construction of these four buildings be started at the earliest possible date.

The President now reported to the Board the death of Donald G. Edgar, and in accordance with the recommendation of the Board of Trustees, a copy of the following resolution, expressing on behalf of the University the sorrow and sympathy of the Board, has been furnished to the family of the deceased.

The Board of Trustees expresses its sorrow at the death of Donald G. Edgar, Placement Director of the College of Arts and Sciences, on June 27, 1954.

He was born March 9, 1906, in Fulton County and attended elementary and secondary schools at Lyons, Ohio where he received his high school diploma in 1923. He graduated from Denison University with the Bachelor of Science degree in 1928 and immediately entered upon a teaching career. At the same time he continued a graduate study program throughout the next seven years, receiving the Master of Arts degree from the Ohio State University in 1935.

Mr. Edgar's teaching career began in 1928 at Forest High School, Forest, Ohio where he taught science and mathematics and assisted as coach of athletics. Two years later in 1930 he became high school principal and continued there until 1934. For the next nine years, from 1934-1943, he resumed his teaching and coaching duties in the Grandview Heights schools and directed the school playground program each summer from 1937-1941.

In February, 1943, he entered the service of his country and was assigned to the United States Naval Pre-Flight School at Chapel Hill, North Carolina. Here for almost two years, until August, 1945, he continued his service to young people, now to young men in uniform, as instructor in mathematics, physics and air navigation. In September, 1945 he entered upon a new assignment as flight navigator for a Navy squadron at Alameta, California and in the Pacific Theatre.

Upon his release in July, 1946, he immediately returned to teaching mathematics and coaching at Piedmont High School, Piedmont, California. In September, 1947, he was appointed Placement Director for the College of Arts and Sciences, returning him to the University where he had earned his master's degree. Here in the College he rejoined his colleagues from the Navy Pre-Flight School at Chapel Hill, the College's Dean Harlan H. Hatcher and Secretary Howard Hamilton, all three having served on the Pre-Flight School staff together at an earlier date.

As Placement Director for seven years from 1947 until his death, Mr. Edgar reaffirmed his interest and concern, and applied his best efforts in behalf of the young men and women he had always served, first as teacher and coach, later as war-time instructor in the Navy School, and now as counselor and placement officer. He had devoted his entire career to the welfare of young people. His equal devotion to his country in time of World War II, had challenged him to continue as a Naval reservist after the conflict ended. It was in the course of his regular reserve duty on Sunday, June 27, 1954, that he met his death in a plane crash at Port Columbus upon return from a flight to Dayton.

He was a devoted servant of the youth of this land throughout his entire career, and equally a servant of this nation's armed forces, to the very end of his life.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

Thereupon the Board adjourned to meet at 10 A.M. Monday, October 11, 1954 at the W. E. Levis farm at Castalia, Ohio.

Attest:

President Bevis presented the following miscellaneous recommendations:

That the following leaves of absence, without salary, be granted:

Albert J. Zuber, Associate County Extension Agent, Hardin County, Agricultural Extension Service, effective September 16, 1954, for military service;

Clyde Longwell, Acting Associate Extension Agent, Highland County, Agricultural Extension Service, effective October 1, 1954, for military service;

John E. Moore, County Agricultural Agent, Agricultural Extension Service, effective October 1 to December 31, 1954, for graduate study at The Ohio State University;

Albert L. Henne, Professor of Chemistry, effective October 1, 1954 to September 30, 1955, for reasons of health;

Bernhard Blume, Professor and Chairman of the Department of German, effective October 1, 1954 through September 30, 1955, in order that he may accept a Guggenheim Fellowship which has been awarded to him.

That Otto C. Croy, Assistant Director (Professor) in the Agricultural Extension Service, be retired September 30, 1954, and that he be given the title Professor Emeritus and be paid \$156 a year from Fund 9001 to comply with provisions for supplementary payments to staff members who participate in the University Retirement Plan. No supplemental payment from Interest on Endowment is required because his retirement allowance exceeds the University guarantee.

That \$20,000.00 be transferred from Pomerene Refectory Rotary 16228 to Home Economics Rotary 16211 for the use of the School of Home Economics;

That the following gifts be accepted and the appreciation of the Board of Trustees be appropriately expressed:

From the Development Fund

\$2,400.00 for the Ohio 4-H Club Foundation

\$500.00 to be deposited in Medical Research Clinic Rotary 13431

\$470.00 to be deposited in Alumnae Scholarship House Rotary 16201

From other sources

\$230,872.50 from the American Chemical Society, to be credited to American Chemical Society Rotary 11011 for the Chemical Abstracts Building;

\$7,645.00 from the American Cancer Society, Incorporated, to be credited to American Cancer Society Rotary 11013, for the support of a research program under the direction of Dr. Charles A. Doan;

\$2,000.00 from the Westinghouse Educational Foundation for the Westinghouse Scholarship in Electrical Engineering;

\$2,000.00 from the Westinghouse Educational Foundation for the Westinghouse Fellowship in Mechanical Engineering;

\$1,250.00 from the Woodrow Wilson Fellowship Program of the Association of Graduate Schools of the Association of American Universities, for the Woodrow Wilson Fellowship—Rotary 11925;

\$480.00 from the National Council to Combat Blindness, Incorporated, to be credited to Rotary 11480;

\$400.00 from the American Society for Metals Foundation for Education and Research for the American Society for Metals Foundation Scholarship—Rotary 11023;

American Chemical Society Contract

President Bevis presented the following report and recommendation:

The University is desirous of accepting from the American Chemical Society a grant-in-aid of \$10,650.00 to finance a study to be carried on the Department of Chemical Engineering on the Effect of Molecular Structure of Organic Compounds on Their Physical Properties; the Determination of the Vapor Pressure, Critical Constants and Orthobaric Densities of Organic Compounds.

The grant is offered on condition (standard with the American Chemical Society) that:

(1) Comprehensive reports of such research shall be made available periodically at least once a year to the public at large and to the donors.

(2) All publications of the results of research shall give credit to the donors.

(3) Every patent, United States or foreign, that shall be taken out by or on behalf of the recipient or by or on behalf of any individual or institution acting at the direction of or on behalf of the recipient in carrying out such research shall be immediately dedicated to the public, royalty free.

Under the provisions of Section 4861-27a of the Ohio Code all patent rights accruing from research done in any department or laboratory of the Ohio State University shall become the sole property of the Ohio State University.

This Section provides, however, that any such patent right may be action of the Board of Trustees, and subject to the approval of the Board of Control, be assigned.....

The contract with the American Chemical Company would in itself operate as an assignment.

It is recommended, therefore, that the Board of Trustees authorize the proper officers of the University to enter into the aforesaid contract with the American Chemical Society which provides for the publication of all discoveries and the dedication of any patent rights to the public, royalty free.

I am advised that the nature of this work is such that the likelihood of patents or patent rights accruing therefrom is negligible.

Upon motion of Mr. Ketner, seconded by Mr. Black, the above recommendation was approved by unanimous vote.

Report of Registration

Vice President Stradley now presented the following Preliminary Report of Registration—Autumn Quarter 1954 compared with Autumn Quarter 1953:

The table below gives the unofficial fee card count for the Autumn Quarter 1954-1955. The total figure of 20,326 indicates an increased enrollment of approximately 700 over last year. Freshman admissions were just under 5,000. The increase over last year in total enrollment is almost exactly equal to the increase in the Freshman class. Some rather significant shifts in enrollment are noticeable. The Colleges of Education and Engineering have increased approximately 300 each, the College of Arts and Sciences almost 200, and the School of Nursing is up about 85. The Graduate School enrollment is down about 150, the College of Commerce and Administration is down 100, and the College of Agriculture is down 50. Enrollment in the other colleges and schools remains approximately the same as last year.

On motion of Mr. Ketner, seconded by Senator Huffman, these recommendations of the University Cabinet were approved by unanimous vote.

* * * * *

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contracts to the low bidders and now recommends that the actions of the Cabinet be approved by the Board of Trustees. It is further recommended that the President be requested to execute the contracts indicated in the following recommendation of the University Architect. Detailed tabulations of said bids are on file in the offices of the Auditor of State and the University Architect, and are included in the records of the University Cabinet.

The report of the University Architect is as follows:

"Transmitted, herewith, is a copy of the tabulation of bids received before 2:00 P.M., September 28, 1954, and opened immediately thereafter for REMODELING EAST BASEMENT, UNIVERSITY HALL.

"The low bids of Carmichael Building Service, Inc., in the sum of \$19,811.00, and of The Electric Power & Equipment Company, in the sum of \$6,416.00, are regular in every respect and are below the Architect's estimates of \$25,500.00 and \$6,500.00 respectively.

"I, therefore, recommend that these contracts be awarded to the low bidders and that the University enter into contracts accordingly in the regular manner."

Funds for this project are provided in F-1 Building Repairs, H.B. 10.

Upon motion of Mr. Black, seconded by Mr. Ketner, the above recommendations and actions of the University Cabinet were approved by unanimous vote.

The President now reported to the Board the death of Russell S. Willcox, and in accordance with the recommendation of the Board of Trustees, a copy of the following resolution, expressing on behalf of the University the sorrow and sympathy of the Board, has been furnished to the family of the deceased.

The Board of Trustees expresses its sorrow at the death of Russell S. Willcox, Professor of Accounting, on July 29, 1954. He came to the University in 1924 from State College of Washington where he had taught accounting after receiving his baccalaureate degree from the University of Michigan in 1921. He received his Master's degree from The Ohio State University in 1926 while serving as a member of the accounting staff of the College of Commerce and Administration.

Professor Willcox was a Certified Public Accountant (Ohio) and served as Secretary-Treasurer of The Ohio Society of Certified Public Accountants, 1942-1947. Prior to

such service, he had been President of the Columbus Chapter, National Association of Cost Accountants, 1933-1934, and also served as National Director of that Association. He was a member of the American Institute of Accountants, and a member of its Committee on Accounting Procedure, 1943-1944. In addition, Professor Willcox was a member and associate member, respectively, of The American Accounting Association and The Controllers Institute of America.

On campus, he served on numerous University and College committees, and was Secretary-Treasurer of the Faculty Club for a time. Further, during this period, 1941-1945, he served as Acting Chairman of the Department of Accounting.

Professor Willcox's death has brought a deep sense of loss to his many friends and associates. Determined in matters relating to the accounting profession, and with a keen awareness of the importance of collegiate training in his field, Professor Willcox contributed much to the growth of the Accounting Department and to the advancement of the University.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

The President now reported to the Board the death of Frederick Elmore Lumley, and in accordance with the recommendation of the Board of Trustees, a copy of the following resolution, expressing on behalf of the University the sorrow and sympathy of the Board, has been furnished to the family of the deceased.

The Board of Trustees expresses its sorrow at the death of Frederick Elmore Lumley, Professor Emeritus of Sociology, on July 26, 1954. Dr. Lumley was born in Canada on June 7, 1880. He received the B.A. degree from Hiram College in 1905, the M.A. from McMaster University in 1907, the B.D. from Yale University in 1909, and the Ph.D. from Yale in 1912.

His academic career began in 1906, when he was appointed Principal of Sinclair College, St. Thomas, Ontario, which position he held for two years. In 1912, following his graduation from Yale, he went to Butler University, where he served as Professor of Sociology until 1920. He joined the Ohio State University faculty as Assistant Professor of Sociology in 1920, and was made Professor the following year. He was Chairman of the Department of Sociology between 1932 and 1940, and became Professor Emeritus in 1945.

He taught as Visiting Professor at Yale University in 1924, and in the summer schools of Northwestern University in 1924, Syracuse University in 1929, and Western Reserve University in 1930 and 1931.

Dr. Lumley was the author of a number of significant books in the field of sociology. His *Means of Social Control* was published in 1925. In 1928 he published *Principles of*

Sociology, which went through two editions and numerous printings, and was one of the most widely-used sociology textbooks for many years. He was the co-author, with Professor B. H. Bode, of *Ourselves and the World*, published in 1931. In 1935 his book, *The Propaganda Menace*, was published. He contributed about 50 items to the Dictionary of Sociology, edited by Professor H. P. Fairchild, and was editor of *The Ohio Sociologist* (later *The Ohio Valley Sociologist*) for ten years. He was at work on a volume, *The Social Order*, at the time of his death.

He was active in many affairs on campus. One summer he served as Acting Dean of the Graduate School, and he also served on many college and University committees.

Dr. Lumley engaged in many activities off campus. He was a lecturer on the Chautauqua platform in 1919, lectured widely in behalf of the County Life Movement, and served as a member of the Columbus Board of Zoning Adjustment and of the Columbus Planning Commission.

Dr. Lumley always devoted considerable time to his students, inviting them to come to his office and discuss their problems with him. His passing will be mourned by innumerable students and colleagues, who remember him as a kind, patient, and scholarly gentleman.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

Thereupon the Board adjourned to meet Monday, November 8, 1954 at 10:15 A.M. at the University.

Attest:

THE OHIO STATE UNIVERSITY
OFFICIAL PROCEEDINGS OF THE
EIGHT HUNDRED AND EIGHTY-SEVENTH MEETING
OF THE BOARD OF TRUSTEES

Columbus, Ohio, November 8, 1954.

The Board of Trustees met at the University pursuant to adjournment.

Present: Senator John W. Bricker, Chairman, Forrest G. Ketner, Senator James W. Huffman, General Carlton S. Dargusch, Charles F. Kettering, Judge Robert N. Gorman and Robert F. Black.

The minutes of the last meeting were approved.

* * * * *

General Dargusch submitted the following resolution to revise the action taken by this Board at its meeting of July 12, 1954, relating to the compensation for full-time permanent personnel of the College of Medicine, and moved its adoption:

That the Administration be authorized as a matter of policy to establish compensations for full-time, permanent personnel of the College of Medicine at figures which will attract top-flight persons; that within limits to be set by Administration, such individuals be permitted to earn fees by "practice" or "consultation" in line with his personal teaching and research activity; that all statements for such services be sent out in the name of the doctor performing the services and all receipts therefrom be paid into Rotary 13431; that to the maximum extent possible the compensation of such personnel shall be paid out of "earnings" to the credit of the individual in said rotary, and the remainder from A-1 salary funds; such remainder shall not exceed the salaries paid to persons of equivalent status in other parts of the University. The Vice President and Business Manager is hereby authorized to make such adjustments from time to time in amounts paid from A-1 as may be necessary to accomplish the foregoing. The contract for each individual shall be submitted to the Board for approval.

The motion was seconded by Mr. Black, and upon roll call the above resolution was adopted by unanimous vote.

* * * * *

General Dargusch now moved that the following change in salary be approved.

*College of Medicine
Administration*

	<i>Title</i>	<i>Effective Date</i>	<i>Old Salary</i>	<i>New Salary</i>
Charles A. Doan	Dean	Oct. 1, 1954	\$20,004	\$25,008

The above salary shall be paid to the maximum extent possible from earnings to the credit of Dr. Doan in Rotary 13431 and remainder from A-1 in accordance with the policy established by the Board.

The above motion was seconded by Judge Gorman, and upon roll call was approved by unanimous vote.

* * * * *

General Dargusch now moved that the following changes in method of payment of salaries be approved:

College of Medicine

Obstetrics and Gynecology

	<i>Title</i>	<i>Effective Date</i>	<i>Salary</i>
John C. Ullery	Professor and Chairman	Oct. 1, 1954	\$20,004

The above salary shall be paid to the maximum extent possible from earnings to the credit of Dr. Ullery in Rotary 13431 and the remainder from A-1 in accordance with the policy established by the Board.

Preventive Medicine

William F. Ashe	Professor and Chairman	Oct. 1, 1954	\$15,132
-----------------	------------------------	--------------	----------

The above salary shall be paid to the maximum extent possible from earnings to the credit of Dr. Ashe in Rotary 13431 and the remainder from A-1 in accordance with the policy established by the Board.

The above motion was seconded by Mr. Ketner and upon roll call was approved by unanimous vote.

* * * * *

General Dargusch presented the following resolution and moved its adoption:

WHEREAS it has been the long established policy of the United States of America to avoid the maintenance of large standing armies in peacetime, and

WHEREAS such policy can be maintained only in time of international tension through the establishment and maintenance of adequately organized and trained reserve forces (including the National Guard), and

WHEREAS Public Law 51, enacted by the 82nd Congress, provides for a total period of training and service of eight years of which two years is to be spent on active duty and six years in the reserve (including the National Guard) and to which liability most physically fit young men will be subjected in the reasonably foreseeable future, and

WHEREAS under such a system the number of reservists (including National Guardsmen) in the State of Ohio alone will reach a total of 200,000 or more, and

WHEREAS the facilities of the federal government and the states will be sorely taxed to provide adequate training for such number of reservists (including National Guardsmen),

NOW, THEREFORE, BE IT RESOLVED that The Ohio State University shall provide the United States Government and the State of Ohio all possible assistance in the organization and maintenance of the organized reserve (including the National Guard) as a part of the University's program of education and research for the people of Ohio.

The representatives to the Inter-University Council shall lay this Resolution before said Council and urge the adoption of a similar resolution by the other members of the Council.

The above motion was seconded by Senator Huffman and approved by the unanimous vote of the Board.

* * * * *

General Dargusch stated that under date of September 8, 1953 he submitted to the Board of Trustees the final report of the Board of Trustees on Athletics. This report was to have been transmitted to the Athletic Board, but the Board of Trustees' minutes inadvertently read:

"General Dargusch now presented to the Board a copy of the final report of the Board of Trustees Committee on Athletics."

The minutes should read:

"General Dargusch now presented to the Board a copy of the final report of the Board of Trustees Committee on Athletics, which report was received and transmitted to the Athletic Board."

Upon motion of General Dargusch, seconded by Senator Huffman, the Board by unanimous vote approved the above corrected minute.

President Bevis now presented the following personnel and general recommendations:

(Details of the personnel changes will be sent to the members of the Board later.)

That the following leaves of absence, with salary, be granted:

Harold Cole Ruggles, County Agricultural Agent, Erie County, Agricultural Extension Service, for the period October 15, 1954 to February 28, 1955, for graduate study at the University of Illinois.

C. J. Willard, Professor of Agronomy, for the period June 1 to September 1, 1954 in order that he may visit experiment stations to study research programs in weed control.

That the following leaves of absence, without salary, be granted:

William S. Guthrie, Junior Dean, College of Arts and Sciences, for the period February 1 through May 31, 1955, in order that he may work under the supervision of Professor Robert E. Merrey of the Harvard Graduate School in preparing a case book on problems of college administration.

Robert Bartels, Professor of Business Organization, for the Autumn Quarter 1954 and Winter Quarter 1955 in order that he may accept the Fulbright Award for teaching and research service at the University of Salonica, Greece.

Carl A. Nissen, Assistant Professor of Sociology, for the Winter Quarter 1955 in order that he may accept a Fulbright Award to serve as a lecturer in Denmark.

That inasmuch as the Incidental Fee has been increased from \$35 to \$45 per quarter, the fee for one term of the Summer Quarter be increased from \$18 to \$23, effective Summer Quarter 1955.

That in accordance with the recommendation of the University Faculty Council, degrees be awarded at the Autumn Convocation on December 17, 1954 to the following named students who have completed their requirements therefor:

Vice President Stradley stated to the Board that a request to establish a Strategic Intelligence Unit, Army, at the University had been received by the President, and stated that the assistance which might be furnished by the University would include, although not be limited, to the following:

1. The use of physical facilities when not required for other purposes of the University.
2. Access to the library and other information sources of the University.
3. Assistance of teaching staff.
4. Encouraging the formation of organized reserve and National Guard units among University personnel.
5. Encouraging faculty, staff and students to join non-University reserve and National Guard units when such opportunity is not available on the campus.

He stated that this proposal is in accord with the resolution presented by General Dargusch and approved at this meeting.

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contracts to the low bidders in accordance with the University Architect's recommendations, and now recommends that the actions of the Cabinet be approved by the Board of Trustees. Detailed tabulations of said bids are on file in the offices of the Auditor of State and the University Architect, and are included in the records of the University Cabinet.

The report of the University Architect is as follows:

Transmitted, herewith, is a tabulation of the bids for the project, TELEVISION STATION STUDIO BUILDING, received prior to 2:00 P.M., November 2, 1954, and opened immediately thereafter by Mr. Jacob B. Taylor, on authority of Mr. M. J. Moon representing the Director of Public Works.

It is noted that the low bid of Joseph Skilken & Company for Division I (General Contract) and the low bid of Electric Power Equipment Company for Division IV (Electrical Contract) are regular in every respect and below the estimates of cost for these divisions filed with the Auditor of State. It is also noted that the low bids of Piping Contractors Company for Division II (Heating and Ventilating Contract) and of A. C. Webster Heating and Ventilating Company for Division III (Plumbing Contract) are higher than the architect's estimates of cost for these divisions on file with the Auditor of State. They are regular in every other respect.

A tabulation of the low bids and a comparison with the architect's estimates follow:

	<i>Low Bid</i>	<i>Estimate</i>
<i>Joseph Skilken & Company</i>		
General Contract (I)	\$ 58,460	\$ 95,000
Alt. A. (Site Improvement)	8,890	15,000
<i>Piping Contractors Company</i>		
Heating & Ventilating Contract II	27,520	27,000
<i>A. C. Webster Heating & Plumbing Company</i>		
Plumbing Contract (III)	10,770	8,000
<i>Electric Power Equipment Company</i>		
Electrical Contract (IV)	17,617	18,000
Totals	\$123,257	\$163,000

The total number of bids received and the narrow range between high and low bids in all divisions indicate wide and satisfactory competition. Also, the total of all low bids, \$123,257, is \$39,743 below the overall estimate of cost prepared by the architect for the project.

Because of these two facts, it is my opinion that no lower bids would be received for Division II (Heating and Ventilating) and Division III (Plumbing) if the total project, or Divisions II and III, were to be readvertised.

I, therefore, make the following recommendations:

1. That the State Controlling Board be requested to grant permission for the award of contracts in Division II to Piping Contractors Company, and in Division III to A. C. Webster Heating and Plumbing Company, notwithstanding the fact that their low bids were in excess of the architect's estimates in these respective divisions.

2. If the permission referred to in No. 1 above is granted, that awards be made in all divisions as follow:

In Division I, General Contract, including Alternate A, to Joseph and Company for their low bid of \$67,350.

In Division II, Heating and Ventilating Contract, to Piping Contractors Company for their low bids of \$27,520.

In Division III, Plumbing Contract, to A. C. Webster Heating and Plumbing Company for their low bid of \$10,770.

In Division IV, Electrical Contract, to Electric Power Equipment Company for their low bid of \$17,617.

3. If the awards listed above are made by the Board of Trustees, that the Director of Public Works be requested to execute proper contracts accordingly, the amounts of the contracts to be financed from G-2-H Television Station, Tower and Equipment, H.B. 10.

Award of Division II and III contracts over the estimates, mentioned in No. 1 above, was approved by the State Controlling Board on November 4, 1954.

In order to provide funds for the execution of these contracts recommended for award, a transfer of \$123,257 from Department 804 Rotary A to G-2-H Television Station, Tower and Equipment, H.B. 10, is required and is accordingly recommended. This transfer has been approved by the State Controlling Board.

Upon motion of Mr. Black, seconded by Mr. Ketner, the above recommendations and actions of the University Cabinet were approved by unanimous vote, and the transfer of funds, as recommended, was authorized.

The Vice President and Business Manager reported for the record that the State Controlling Board has approved the following requests presented by the University:

Request

- 228—Transfer and release of \$15,450 from Department 804 Rotary A to \$7,500 G-2-A Field House, \$6,700 G-2-C Women's Dormitories, \$1,250 G-2-K Antenna Laboratory, H.B. 10, in order to provide funds for architect's services on these projects.
- 232—Transfer of \$1,000 from Department 804 Rotary A to G-2-B Housing for Chemical Abstracts, H.B. 10, to cover miscellaneous extras, blueprints, and University Architect services on the project, Chemical Abstracts Building.
- 235—Transfer and release of \$5,000 from Department 804 Rotary A to G-2-F Auditorium, H.B. 10, in order to provide funds for blueprints and other miscellaneous charges on the Auditorium project.
- 241—(a) Award contracts to Piping Contractors Company in the amount of \$27,520 for Division II, Heating and Ventilating, and to A. C. Webster Heating and Plumbing Company in the amount of \$10,770 for Division III, Plumbing, of Television Station Studio Building project, notwithstanding the fact that these low bids were in excess of the estimates of cost filed with the Auditor of State. (Division II estimate, \$27,000; Division III estimate, \$8,000).
(b) Transfer and release of \$123,257 from Department 804 Rotary A to G-2-H Television Station, Tower and Equipment, H.B. 10, in order to provide funds for award of contracts for Television Station Studio Building project.
- 242—Transfer and release of \$1,300 from Department 804 Rotary A to G-2-K Antenna Laboratory, H.B. 10, in order to provide funds for architect's services on the Antenna Laboratory project.

The Vice President and Business Manager presented the recommendations of the Director of Physical Plant that William R. Cooper, Ralph W. Lanning and Arthur W. Strouse be given special police commissions by the Board of Trustees under authority granted by Section 3345.04 Revised Code. Mr. Cooper was appointed park patrolman to fill the vacancy created by the resignation of Emil A. Schaible. Mr. Lanning was appointed park patrolman to fill the vacancy caused by the promotion of John Strong from park patrolman I to patrolman II. Mr. Strouse was appointed a special police officer to work in the Physical Education Building from November 1, 1954 to April 1, 1955.

Upon motion of Mr. Ketner, seconded by Judge Gorman, the above recommendations were approved by unanimous vote.

The Vice President and Business Manager offered the following resolution for approval by the Board of Trustees:

BE IT RESOLVED by the Board of Trustees of The Ohio State University that there shall be repaid to the Treasury of the State of Ohio on December 15, 1954 a portion of the \$500,000 Dormitory Construction Loan (Stadium) amounting to \$17,500.00 or half of the required annual payment.

The above action is in accordance with the provisions of House Bill 477 for Dormitory Construction, passed by the Legislature July 6, 1945 and approved by Governor Lausche on July 18, 1945.

Upon motion of Senator Huffman, seconded by Mr. Kettering, the above resolution was approved and accepted by unanimous vote.

* * * * *

In accordance with action taken March 8, 1945 by the Board of Trustees, authorizing the Vice President and Business Manager to transfer funds to building projects previously approved by the Board of Trustees for services of the University Architect's office in amounts not to exceed \$7,500 per project per quarter, the Vice President and Business Manager reported that the following transfers were made to cover University Architect services during October, November and December, 1954:

\$1,250—from Rotary 12261 to G-2-K *Antenna Laboratory*, H.B. 10
1,300—from Rotary 12261 to G-2-K *Antenna Laboratory*, H.B. 10
6,700—from Rotary 12261 to G-2-C *Women's Dormitories*, H.B. 10
7,500—from Rotary 12261 to G-2-A *Field House*, H.B. 10

Upon motion of Judge Gorman, seconded by Senator Huffman, the foregoing report was approved by unanimous vote of the Board of Trustees.

* * * * *

Thereupon the Board adjourned to meet Monday, December 13, 1954 at 10:10 a.m. at the University.

President Bevis presented the following miscellaneous recommendations:

That the supplementary agreements between the Ohio State University and the State Department of Education, Division of Vocational Education, covering the following contracts for the period July 1, 1954 and ending June 30, 1955, be approved:

Trade and Industrial Education
Vocational Agriculture

That the action of the Board of Trustees at its meeting on November 8, 1954 regarding the salary of William F. Ashe, Professor and Chairman of the Department of Preventive Medicine, be rescinded and that his salary be paid from the following funds, effective October 1, 1954:

\$6900 from Rotary 11497
\$8232 from A-1

Due to the nature of his appointment, and duties, Dr. Ashe will not be in a position to add materially to Rotary 13431 from patient consultations, and therefore should not be paid from that account.

That leaves of absence, with salary, be granted to the following members of the Agricultural Extension staff:

Charles H. Ingraham, County Agricultural Agent, Hocking County, for the period January 1 to March 15, 1955 for graduate study at the Ohio State University.

Thomas D. Jenkins, County Agricultural Agent, Union County for the period January 1 to March 15, 1955 for graduate study at the Ohio State University.

Frederic C. Wise, Associate County Agent, Huron County, for the period January 1 to March 15, 1955 for graduate study at the Ohio State University.

Paul C. Leidheiser, Associate County Agent, Sandusky County, for the period January 1 to March 15, 1955 for graduate study at the Ohio State University.

George B. Ganyard, County Agricultural Agent, Franklin County, for the period January 1 to March 15, 1955, for graduate study at Michigan State College.

John Vermilya, County Club Agent, Montgomery County, for the period January 1 to March 15, 1955 for graduate study at the Ohio State University.

That the following leaves of absence, without salary, be granted:

Marion E. Kroetz, Associate County Extension Agent, Pickaway County, effective January 1, 1955, for military service;

Louis H. Burgwald, Professor of Dairy Technology, effective January 1, 1955 through December 31, 1955, for service in the United States Department of Agriculture, Foreign Food Service Area;

Weikko H. Heiskanen, Professor (part-time) and Director of the Institute of Geodesy, Photogrammetry and Cartography, for the Winter and Spring Quarters 1955;

Howard F. Seely, Professor of Education, for the Winter Quarter 1955.

That the status of Neil C. Andrews, Assistant Professor of Surgery, and Robert J. Atwell and Joseph F. Tomashefski, Assistant Professors of Medicine, be changed effective January 1, 1955 from "Special" to "Regular" and that \$24 a year be added to each of their salaries to cover the cost of Group Insurance. These three men are all directors of divisions in the Ohio Tuberculosis Hospital and as such are full-time on the University campus. It is believed that the status of "Regular" described their University connection better than does "Special."

That upon the recommendation of the Faculty Council at its meeting held on November 9, 1954, the following changes in the Faculty Rules, be approved:

That Faculty Rule 32 be amended to read as follows:

32. The Entrance Board. The Entrance Board shall consist of the University Examiner and six members of the teaching staff, two to retire each year, appointed by the President. The University Examiner shall be chairman of the Board and its executive officer.

It shall be the duty of the Entrance Board to administer the rules relating to admission of students to the Colleges and Schools of the University. In this connection, the Entrance Board shall (1) decide, in disputed cases, whether a student shall be transferred from one College to another; (2) inform the Faculty of any needed change in admission rules; (3) review changes in the entrance requirements proposed by any of the Colleges or Schools and make its recommendation concerning them to the Faculty Council; and (4) act as an advisory council to the University Examiner upon all problems arising in connection with his duties. Final decision concerning admission of any student shall rest with the University Examiner.

That Faculty Rule 121 be revised as follows:

121. Examination Schedule. Scheduling of examinations in classes, the enrollment in which consists exclusively of students registered in the College of Dentistry, Law, Medicine, Pharmacy, or Veterinary Medicine shall be done by the administrative officers of these respective colleges. All other examinations shall be centrally scheduled by the Office of the Registrar. Examination schedules prepared outside the Office of the Registrar shall, before publication, be cleared for time and room conflicts with the University Registrar who shall have power to resolve all such conflicts. In performing its scheduling functions, the Office of the Registrar shall limit individual examinations to two-hours' duration and the total examination period to five days; provided, however, that examinations in Deans' survey courses shall be held during the last scheduled class hour, that examinations for the Summer Quarter shall be given during the final two scheduled class hours of each course, and that graduating Seniors shall be examined in advance of the regular examination period at the time and in the mode fixed by their instructors.

The official examination schedules of the several colleges and the Graduate School shall be strictly adhered to by all instructors and shall control in the administration of Rule 126. Any deviation from the official schedule must be approved by the Office of the Registrar.

That Faculty Rule 122, Examination for Seniors, be repealed. The content of this Rule is included in the revision of Rule 121.

Fees

That the general fees for each of the various colleges or schools, as they are now assessed, be consolidated in order to simplify the assessing and collecting of fees, and the accounting for the amounts received. Accordingly, the following schedule of fees is proposed for the year 1955-1956, effective with the Summer Quarter 1955:

<i>College or School</i>	<i>Proposed Total Fee</i>
Agriculture	\$ 63.00
Arts and Sciences.....	63.00
Arts-Education	63.00
Commerce and Administration.....	63.00
Education	63.00
Engineering	63.00
Graduate School	63.00
Home Economics	63.00
Nursing	63.00
Dentistry	165.00
Dental Laboratory Technology.....	165.00
Dental Hygiene.....	110.00
Law	75.00
Medicine	175.00
Optometry	100.00
Pharmacy	68.00
Veterinary Medicine	95.00
Twilight School One course	20.00
Two courses	25.00

The total fee for each college or school will be allocated by action of the Board of Trustees. This allocation will be made for the following categories: incidental fee, Ohio Union building fee, student services and laboratory deposits.

In addition to the above total, the following will be assessed:

Non-Resident fee of \$85.00 per quarter
 Matriculation fee of \$15.00 payable once
 Deposits to cover individual services
 and materials used in accordance with
 schedule approved by the President.

The University regularly employs a large number of graduate students who, as Assistants or Graduate Assistants, play important supporting roles in research and instruction while continuing their individuals programs of advanced study. In addition to the services which they perform, we have a keen interest in them as potential university teachers, here or elsewhere. Because of increasing enrollments and the growth of research ventures in most universities, competition for high quality graduate student employees, as well as Fellows and Scholars, has been increasing rapidly. We must keep pace if we hope to attract the best.

As a first step toward making our opportunities more attractive, we think that it is advisable to modify our present plan of offering partial compensation through exemption from certain standard fees. We now recommend a new policy of employing Assistants and Graduate Assistants and appointing University Fellows and Scholars upon the basis of direct payment through increased stipends. These new stipends will be determined by a careful calculation of our total needs and financial resources.

Certain changes in University Rules are necessary if this new plan is to be put into effect. I therefore recommend the following changes in Rule 166:

(a) Paragraph 1, page 58, to be amended to read:

"Members of the instructional staff of the University of the rank of Assistant Instructor or above who are registered in the Graduate School; and any member of the teaching staff who, on the approval of the appropriate instructor and department chairman, enrolls as an auditor."

(b) Paragraph 3, page 58, to be amended to read:

"Student Dietitians, Internes and Residents in the University Hospital who are registered in the Graduate School."

(c) Paragraph 4, page 58, to be repealed.

Upon motion of Mr. Black, seconded by Judge Gorman, the above recommendations of the President were approved by unanimous vote.

* * * * *

Upon the recommendation of the Dean of Women, and the Vice President in charge of student relations, President Bevis now recommended that one part of the new residence hall for women, now known as the "C Wing", be named "Carolyn Bradley Hall" in honor of the late Professor Carolyn Bradley, and that the other part, now known as "D Wing", be named "Alma W. Paterson Hall" in honor of the late Alma Wacker Paterson, formerly a member of the Board of Trustees of the Ohio State University.

Miss Bradley brought distinction to the University as an artist, teacher and ambassador of goodwill in foreign countries. Mrs. Paterson was the first woman to serve on this Board of Trustees and in many other important ways served the interests of the University, its alumnae and the city in which she lived. Both will long continue to provide inspiration for those who come after them.

Upon motion of General Dargusch, seconded by Mr. Black, the above recommendations were approved by unanimous vote.

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following project, as prepared by the Director of Physical Plant, and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

Interior Painting and Patch Plastering of the Entire Office and Locker Room Section of Research Center Building on Kinnear Road	<i>Estimate of Cost</i>	<i>Payable From</i>
	\$7,500.00	F-1 Building Repairs, H.B. 10

Upon motion of Judge Gorman, seconded by Mr. Black, the Board by unanimous vote approved said documents and directed the Secretary

to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to advertise for bids in accordance with law and the Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate cost, to award the contract accordingly. The President is authorized to sign such contract for and on behalf of the Board of Trustees. All actions of the Cabinet on this matter are to be reported to the Board at a later meeting.

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board and pursuant to legal advertisement, has received bids and approved the award of the following contracts to the low bidders in accordance with the recommendations of the University Architect, and now recommends that the actions of the Cabinet be approved by the Board of Trustees. Detailed tabulations of said bids are on file in the offices of the Auditor of State and the University Architect, and are included in the records of the University Cabinet.

The report of the University Architect is as follows:

ANTENNA LABORATORY

"Transmitted herewith is a tabulation of the bids received prior to 2 P.M., December 7, 1954, for the Antenna Laboratory in the office of the Vice President and Business Manager and opened immediately thereafter by Mr. M. J. Moon, representing the Director of Public Works.

"The low bids of G. W. Atkinson and Son, in the sum of \$131,400, for the General Contract is regular in every respect and is below the estimate of cost filed with the Auditor of State.

"The low bids of the three mechanical divisions of the contracts are regular, except that none of them is below the

estimate of cost filed with the Auditor of State. An analysis of these estimates indicates that several factors affect the discrepancies:

(1) The estimates were made during the preparation of the documents in the University Architect's Office several weeks preceding their approval by the Board of Trustees and the Director of Public Works.

(2) Between the times of the preparation of the estimates and of the receipt of the sealed proposals, two things affected the cost of the project:

(a) The gradual increase in all three mechanical contract divisions requirements, due to additions and refinements recommended by a change in the Directorship of the Antenna Research Project and by our own further study, including the necessary outside mechanical services.

(b) A marked increase in building costs during that period, particularly those affecting the mechanical trades.

"The uniformity of the bids in the three mechanical divisions (plumbing, heating and electrical) indicates satisfactory bidding, and it is the Architect's opinion that no more favorable bids would be received if these divisions were readvertised with a revised estimate of cost.

"I am advised that the funds from which this project is financed are sufficient to cover the total of the low bids on all four divisions and for additional equipment and furnishings which will be required to operate the project after it is constructed.

"I, therefore, recommend:

(1) That the necessary action be taken to accept the low bid of G. W. Atkinson and Son for the General Contract Division in the base sum of \$131,400, but including Alternate G-1 (Substitution of cement enamel for glazed tile in the Women's Toilet) for a deduction of \$150.00, making a net amount of \$131,250, and that the Director of Public Works be requested to execute the contract accordingly.

(2) That the necessary action be taken to request the State Controlling Board to permit the acceptance of the low bids of:

- (a) Limbach Company for Plumbing.....\$14,918
- (b) Limbach Company for Heating & Ventilating. 39,900
- (c) McCarty Bros. Electric Co. for Electrical... 28,380

"If the permission referred to in (2) above is granted, I recommend that the Director of Public Works be requested to execute contracts accordingly.

"These contracts are to be financed from funds to be supplied by the Research Foundation."

In order to provide funds for the execution of these contracts recommended for award and advertising costs, a transfer of \$214,523 from Department 804 Rotary A to G-2-K Antenna Laboratory, H.B. 10, is required and is accordingly recommended. This transfer has been requested of the State Controlling Board.

Upon motion of Judge Gorman, seconded by Mr. Black, the above recommendations and actions of the University Cabinet were approved by unanimous vote, and the transfer of funds, as recommended, was authorized.

The Vice President and Business Manager presented the following recommendation of the Director of Physical Plant, for the University Cabinet, to the Board of Trustees for their approval:

"It is hereby recommended that Ralph J. Kramer & Associates, 145 North High Street, Columbus, be employed to do the necessary engineering for REFRIGERATED COOLING AND VENTILATING OF THE ADMINISTRATION BUILDING AND THE ALUMNI HOUSE.

"The estimated cost of this project is \$100,000 for the Administration Building and \$25,000 for the Alumni House. The engineering fee for this work is to be on the basis of six per cent of the contractor's bid."

Upon motion of Mr. Black, seconded by Judge Gorman, the foregoing recommendation of the University Cabinet was approved by unanimous vote.

In accordance with action taken March 8, 1954 by the Board of Trustees, authorizing the Vice President and Business Manager to transfer funds to building projects previously approved by the Board of Trustees for services of the University Architect's office in amounts not to exceed \$7,500 per project per quarter, the Vice President and Business Manager now recommends that the following transfers from Rotary A to cover University Architect services during October, November and December, 1954, be approved by the Board of Trustees:

\$ 9,550 G-2-A Field House, H.B. 10
 1,000 G-2-B Housing for Chemical Abstracts, H.B. 10
 12,850 G-2-C Women's Dormitories, H.B. 10
 5,000 G-2-F Auditorium, H.B. 10
 650 G-2-H Television Station, Tower & Equipment, H.B.10
 1,475 G-2-K Antenna Laboratory, H.B. 10

Upon motion of Judge Gorman, seconded by General Dargusch, the Vice President and Business Manager, by unanimous vote, was given authority to transfer funds as recommended above.

The President now reported to the Board the deaths of William Lloyd Evans, Earl Northup Manchester and Herbert Osborn, and in accordance with the recommendations of the Board of Trustees, copies of the following resolutions, expressing on behalf of the University the sorrow and sympathy of the Board, have been furnished to the families of the deceased.

The Board of Trustees expresses its sorrow at the death of William Lloyd Evans, Professor Emeritus of Chemistry, on October 18, 1954. He would have been 84 years old on December 22. He had been a member of the faculty of the Department of Chemistry for more than 50 years; and had been chairman of the department for many years when he retired in 1941. He was one of Ohio's greatest and most beloved professors.

On the campus, he was admired and loved by all of the many who knew him; by colleagues of the faculty; by hundreds of graduate students in training, over the years, to become professional chemists, fifty of whom did their researches with him; and by thousands of undergraduates who remember him affectionately as an inspiring teacher of most vivid and friendly personality.

Nationally, he stood high in the regard of the chemists of the industrial laboratories, as well as of the educational institutions, and was admired and respected for the fine quality of his research achievements in organic chemistry, particularly in the field of the carbohydrates. Many honors came to him, including two medals: the Nichols Medal, in 1929, given by the New York Section of the American Chemical Society, "for the most outstanding research contribution of the year"; and in 1942 the Medal of the American Institute of Chemists. In 1941 he was president of the American Chemical Society, elected by the society's membership of 24,000; and in 1940 was president of the Ohio Academy of Sciences. He was a Fellow of the American Academy of Arts and Sciences of Boston; he was an American delegate to the International Union of Chemistry, meeting in Liege in 1939; he received honorary degrees, LL.D. from Ohio State in 1948; and D.Sc. from Capital University in 1950.

During the First World War he served for two years as Major in the Chemical Warfare Service, and was Director of the Chemical Laboratories at Edgewood Arsenal. He was a member of the Committee on Chemistry and Chemical Technology of the National Research Council, 1934-1940; and for many years a consulting chemist for the Columbus Coated Fabric Corporation, and for Lowe Brothers of Dayton, and at one time for a branch of the U. S. Public Health Service.

He published some 70 scientific papers, was author of chemical education papers and review papers, contributed several chapters to treatises on chemistry and was co-author of several books on general chemistry.

Dr. Evans was born in Columbus, December 22, 1870. He attended the old Columbus High School and the Preparatory Department on the campus. While at Ohio State he took an active part in student affairs: he was concert master of the first orchestra, editor of the Song Book, member of the glee club; and in the prize drill of the Battalion of Cadets in 1891, it was Captain W. L. Evans who received the prize sword for the excellent performance of his Company C.

He took his B.Sc. degree at Ohio State in 1892, his M.Sc. in 1896 while a fellow, and his Ph.D. with Professor J. U. Nef at the University of Chicago, in 1905. He then returned to Ohio State as an assistant professor, and became professor in 1911. He served as chairman from 1928 until the year of his retirement, 1941.

Let us quote from an editorial in the Columbus Dispatch, October 19:

When a man has written his record of accomplishment over as long a time and as clearly as Professor

William Lloyd Evans did there remains little to say about him, except to point out, again, that it is men like this who give our community character and who inspire others to confident and persistent endeavor.

We quote also from the Journal:

"Billy" Evans was one of the adornments of Ohio State University whose usefulness and influence will be reflected far beyond the generation of his youngest former student. His personality teamed up with his learning to make him an inspiration for all who were fortunate enough to come into his presence.

And finally we wish to quote the last paragraph of President Bevis' report to the Board of Trustees in 1942:

At a recent meeting on our campus a discussion arose as to the religious character of state versus private universities. In the progress of this discussion, a man who had been a student at our school arose to say that of all the teachers who have ever given him a sense of spiritual values, "Billy" Evans, then head of our department of chemistry, had given him the most profound inspiration. This man of science, famed for his exploration of the chemical properties of matter, had all the time retained a perspective which kept him alive to the vital properties of the spirit.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

The Board of Trustees expresses its sorrow at the death of Earl Northup Manchester, Director Emeritus of Libraries and Professor Emeritus of Library Administration on November 11, 1954. Professor Manchester received the A.B. degree from Brown University in 1902, attended the New York State Library School in 1902-1903 and took graduate work at Brown in 1903-1904. He served on the library staffs of Brown University and of the University of Chicago and was Director of Libraries at the University of Kansas before coming to the Ohio State University as librarian in 1928. From 1948 until his retirement June 30, 1952 he was Director of Libraries and Professor of Library Administration.

During the 24 years of Mr. Manchester's distinguished service to the Ohio State University the library collection grew from 310,000 to 925,000 volumes and the library staff was expanded from 42 to 139 full time persons. He was an excellent book man and bibliographer. He contributed significantly to the quality as well as to the quantity of the libraries' holdings. Under his careful direction definite collections were acquired in the areas of fine and applied arts, romance languages, classics, medieval history, chemistry, bibliography and other fields. Due to his catholic taste, long runs of serials, especially in physics and chemistry, were gradually acquired to increase the research resources in the physical sciences and biological sciences, the humanities and the social sciences.

Another significant contribution was his emphasis upon the ease of access to and the use of the various campus libraries. He made library patrons feel welcome.

The large addition to the Main Library was planned, constructed and dedicated during his administration.

Mr. Manchester served with the American Library Association War Services in camps in the United States and in France in 1918-1919. He had been an active member of the American Library Association Council, president of the Chicago Library Club and a member of the Franklin County Library Association. At the time of his death he was Director of the S. Cornelia Young Memorial Library of Daytona Beach, Florida.

All who knew Professor Manchester were impressed by his cordiality, affability, sincerity and humility. He was a beloved figure on the campus for almost a quarter of a century.

In his death the University notes with sorrow the passing of one who made a notable and permanent contribution to the teaching and research programs on this campus.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

The Board of Trustees expresses its sorrow at the death of Herbert Osborn, Professor Emeritus of Zoology and Entomology, on September 20, 1954. His death marked the passing of the last of the great pioneers in economic entomology. The respect in which he was held by his fellow workers was well stated in 1939 by Dr. L. O. Howard, for many years at the head of the entomological work of the U. S. Department of Agriculture: "He is the dean of the entomologists of North America, and this includes all kinds of entomologists."

He was born in Lafayette, Wisconsin, March 19, 1856, grew to manhood at Fairfax, Iowa, and attended the State College at Ames where he received the Bachelor of Science degree in 1879 and the Master's degree in 1880. He was appointed to an assistantship in zoology and entomology in 1879, advanced rapidly to a professorship in 1885, and retained that position at Ames until 1898. The 19 years at Iowa State College were broken only by two years of further graduate study, 1881-2 at the Museum of Comparative Zoology at Harvard, and 1884-5 at the Zoological Station at Naples, Italy.

By the time, 1898, when at the age of 42, he was called to the Ohio State University as Head of the Department of Zoology and Entomology, he was already well known for his numerous and important publications, was State Entomologist of Iowa, a special agent for the U. S. Department of Agriculture, and President of the American Association of Economic Entomologists for 1898.

His reputation as an economic entomologist attracted

numerous graduate students from various parts of the world, as well as from many of the states of the Union—men who have since become noted for their research and administrative ability. During these years of active teaching he was busy with many other matters; Director of the Lake Laboratory 1898-1918, Associate Entomologist at the Ohio Experiment Station, President of the Ohio Academy of Science in 1905, the American Microscopical Society in 1909-11, the Entomological Society of America 1911, the Society for the Promotion of Agricultural Science in 1916, and Managing Editor of the *Annals of the Entomological Society of America* from its origin in 1908 until 1929 when he withdrew in favor of Dr. C. H. Kennedy.

In 1916 he was relieved of administrative duties and elevated to a research professorship to provide more time for advising and directing the research programs of the ever-increasing number of students in entomology. During the following years he was also a consultant at several of the state experiment stations, and of the Tropical Plant Research Foundation. This latter connection involved trips to Mexico, several of the Central American countries and Panama. These duties continued until at the age of 77 he retired as Emeritus Professor, but still his office door was always open to students who sought his advice, and his interest in promising students never ceased.

His publications, large and small, total the astonishing number of 515 items. Two of those published in earlier years as bulletins of the U. S. Department of Agriculture, "The Hessian Fly" and "Insects Affecting Domestic Animals" may be considered classics for that period. His first book, "Economic Zoology" (The Macmillan Co., 1908) was re-issued several times; "Agricultural Entomology" (Lea and Febiger, 1916) was widely used, and "Meadow and Pasture Insects" (The Educators' Press, 1939), the results of a lifetime of work, was an exceptionally fine and scholarly contribution to the literature of entomology. His research papers dealt chiefly with the taxonomy and life histories of the Hemiptera, especially the "leaf-hoppers," revising many of the genera and describing a great number of new species. In his later years, no longer able to use the microscope, he devoted his time to the production of three books: "Fragments of Entomological History," Part I in 1937, and Part II in 1946, and his final work, "A Brief History of Entomology" in 1952 at the age of 96 (all by the Spahr & Glenn Co.).

Naturally he received many awards and honors during his long active career. In 1916 his alma mater granted him the degree of Doctor of Science, and in 1930 the University of Pittsburgh and again in 1936 the Ohio State University honored him with the Doctor of Laws. He was a member of numerous state and national scientific societies and a life member of the *Societe Entomologique de France*.

As a man he was modest, gentle, companionable, with a fine appreciation of humor, and only those who worked with him in the field were able to realize the breadth of his knowledge and interest in all phases of natural history. Unfor-

tunately, due to the increasing necessity for narrower specialization as science progresses, we may not have the opportunity to "look upon his like again."

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

Thereupon the Board adjourned to meet Monday, January 10, 1955 at 10:15 a. m. at the University.

\$2780.00 for the Dr. Louis M. Mark Memorial Fund

The Dr. Louis M. Mark Memorial Fund

Established December 14, 1954, by gifts through the Development Fund in memory of Dr. Louis M. Mark, to be invested in accordance with section 3335.12, Revised Code of Ohio, the income to be used for medical research.

\$2500.00 to establish the Fred M. Greer Memorial Fund as part of the University's permanent endowment.

The Fred M. Greer Memorial Fund

A. The sum of \$2500 is granted the Board of Trustees of The Ohio State University, through the Ohio State University Development Fund, the said sum to be invested in any manner which the Board of Trustees may deem advisable and expedient and in their opinion in the best interests of the Fund.

B. Only the income of the Fund shall be used for the purposes hereinafter stated, and the principal of the Fund shall be maintained intact.

C. The income of the Fund shall be used to support such travel as may be undertaken by the staff of the College of Commerce and Administration, The Ohio State University.

D. Requests for such travel shall be made to the Dean of the College of Commerce and Administration on forms approved by the University, and approval of such requests shall be by the Dean of the College of Commerce and Administration and by the President of The Ohio State University or his designee.

E. It is the desire of the donors that in considering requests for travel, preference shall be given to members of the junior teaching staff who, in the opinion of the Dean of the College of Commerce and Administration, will profit from attendance at meetings of professional groups related to their particular areas of interest, or in off-campus visits with business, industry, or other groups related to the program of the College of Commerce and Administration.

F. If in any year the expenditures for travel are less in amount than the Funds available therefor, the unexpended income shall be carried over to the succeeding year for the purposes herein provided.

G. The Board of The Ohio State University shall determine all matters not covered in this grant and relating to the administration of the Fund.

H. Such additional grants as may be made by the Donors of this Fund shall be added to the principal thereof and invested and the income thereof expended as hereinbefore provided.

\$1000.00 for the C. C. Stillman Scholarship Fund

\$1000.00 for the Sada A. Harbarger Memorial Scholarship Fund

\$549.94 for the Rebecca Topper Memorial Fund

\$534.00 for the Faith Lanman Gorrell Scholarship Fund

\$410.00 for Medical Research—Rotary 13431

\$ 15.00 from the Columbus Chapter, National Association of Cost Accountants Scholarships in Accounting.

Upon motion of Senator Huffman, seconded by Judge Gorman, the above recommendations were approved by unanimous vote.

Upon motion of Mr. Ketner, seconded by Mr. Kettering, the Board by unanimous vote adopted the following resolution:

The Board of Trustees of The Ohio State University learned with deep regret of the passing of Herbert D. Defenbacher, Director of Finance for the State of Ohio.

Mr. Defenbacher was a public servant of surpassing excellence. By reason of his capacity, his fairness, and his devotion, he created a career position out of one normally subject to political change. No higher tribute could be paid than this.

The Ohio State University has benefited from his firm grasp of the financial problems of the State and his sympathetic understanding of the University's problems.

Be it therefore resolved that this statement be spread upon the minutes of the Board and that a copy be sent to Mrs. Defenbacher.

Vice President Stradley presented the following report relating to the recent trip by the students to the Rose Bowl game:

The excellent report on student conduct during the trip to Los Angeles and back to Columbus may be rooted in the thorough preparation which was made beforehand with student and faculty leaders. Student opinion before departure strongly favored adherence to the no drinking rule. There will always be a small minority who will test out any rule and this was the case. There was one drinking incident before we reached the Indiana state line. The Student Court met at once, heard the offenders, and put both on social probation. Word quickly spread throughout this particular train and there were no more incidents either on the rest of the trip out or on the trip home.

However, a report on the student conduct aboard the trains should not be phrased in terms of what the students did not do. It should be stated that each of the trains developed a real sense of community. The cordiality of the students towards each other, towards the faculty chaperones, and the railroad employees was outstanding. There seemed to be no complaining about anything. They liked the food, the train accommodations and everything about the trip.

Several of the students commented that living so closely together as they did with each other and with the faculty chaperones for this period of time had provided a wonderful opportunity for mutual understanding and respect. It was apparent that even without the stay in Los Angeles the trip out and back was a most worth-while experience for all who were concerned.

Dr. Stradley now read the following letter from Rev. Tom Wedsworth, which was ordered made a part of the record of this meeting: Dr. Bland L. Stradley, Vice President

The Ohio State University
Columbus 10, Ohio

Dear Mr. Stradley:

As a religious advisor to the recent Rose Bowl tour involving several hundred Ohio State University students, I wish to make a few unsolicited observations.

First, I was a member of the group who traveled on the Buckeye train. I can say without reservation that the spirit and conduct of

students on our train were little short of excellent. Crewman of the train expressed their appreciation for this time and time again, failing to hide their utter amazement at this unusual phenomenon of well-behaved college students! The car to which I was assigned carried those football players who did not qualify for the Rose Bowl squad. Those men demonstrated the very finest spirit and conducted themselves as gentlemen throughout the tour.

Second, I stayed at the Clark Hotel in Los Angeles. I am most happy to observe that students who stayed at the Clark Hotel elicited nothing but praise and admiration from the hotel management and local guests for their fine attitude and complete co-operation. The property damage usually done by a spirited college student group was conspicuously absent. And while the students' demonstrations of spirit were intense and convincing at times, they always were well under control.

Third, to the best of my knowledge, the Los Angeles and Pasadena city authorities had no difficulties with Ohio State students at any point. This fact, in light of hundreds of students being involved in such a tremendous holiday excursion, is little short of phenomenal.

In conclusion, I would be amiss not to give the highest commendation to those who made this Rose Bowl tour possible, and made it possible on such a high level. Ohio Staters, Inc., did a magnificent job of initiating and carrying out the general plans. Gibbs Tours demonstrated their uncanny ability to implement the vast amount of details necessary to such a tour. The Ohio State University Dean of Men's and Dean of Women's offices did a superb job of creating confidence and goodwill not only among the Ohio State students making the trip but with all those who in any way were concerned for our welfare. In every way, from my perspective, parents, faculty and administration of The Ohio State University, and the general public, may be very proud of this 1954-55 Rose Bowl tour.

Sincerely yours,

Tom Wedsworth, Minister

On motion of Judge Gorman, seconded by Mr. Ketner, it was unanimously resolved that the Secretary of the Alumni Association and all of his staff and his associates be warmly thanked and heartily commended for the handling of the alumni trains to the Rose Bowl, and for the splendid way in which the many problems relating to the alumni were handled.

* * * * *

On motion of Judge Gorman, seconded by Mr. Ketner, it was unanimously resolved that the Board of Trustees extend its thanks to the members of the University Administration and to all the members of the University staff who contributed to the success of the Rose Bowl expedition. The plans were promptly, thoroughly and painstakingly made and were carried out in a fashion highly creditable to the University.

On motion of General Dargusch, seconded by Mr. Ketner, it was unanimously resolved that the Board of Trustees of The Ohio State University express its sincere thanks and cordial appreciation to the

Tournament of Roses Association and its committees for the beautiful hospitality, the warm welcome and the many personal courtesies extended to the people of The Ohio State University.

Upon motion of Judge Gorman, seconded by Senator Huffman, the Board by unanimous vote authorized General Dargusch to sign, as chairman of the Board, the A.B. Diploma awarded to Sanford M. Kaufman, at the December 17, 1954 Convocation.

Auditorium

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contracts to the low bidders in accordance with the University Architect's recommendations and those of Bellman, Gillett & Richards, and now recommends that the actions of the Cabinet be approved by the Board of Trustees. Detailed tabulations of said bids are on file in the offices of the Auditor of State and the University Architect, and are included in the records of the University Cabinet. The report of Bellman, Gillett & Richards as presented to the Cabinet by the University Architect is as follows:

Attached hereto are photostatic copies of the bids for the AUDITORIUM, received at the Business Office prior to 2 P.M., December 21, 1954, and opened immediately thereafter by Mr. E. B. Moon, representing the Director of Public Works.

These bids were examined and checked after their opening and all bids were regular in every respect, except the bid of the Huffman-Wolfe Co., Columbus, Ohio, for Division II (Plumbing Contract) in the amount of \$134,300, which was not regular, due to the fact that the contract bond was not completed, because the bond form did not mention the amount of the bond. We recommend that the bond be perfected and that the award for Division II be made to the lowest bidder, Huffman-Wolfe Co. The corrected bond is now attached to the bid.

It was noted that the low bid of Frank Messer and Sons, Inc., Cincinnati, Ohio, for Division I (General Contract) was in excess

of the Architect-Engineer's estimate of the cost for this division which is on file with the Auditor of State. The bid is regular in every other respect.

A tabulation of the low bids and a comparison with the Architect-Engineer's estimates follow:

<i>Frank Messer and Sons, Inc.</i>	<i>Low Bid</i>	<i>Estimate</i>
Division I—General Contract.....	\$1,854,800	\$1,836,373
<i>Huffman-Wolfe Co.</i>		
Division II—Plumbing Contract.....	134,300	160,000
<i>The National Co.</i>		
Division III—Heating Contract.....	249,660	368,200
<i>Electric Power Equipment Co.</i>		
Division IV—Electrical Contract.....	204,310	235,000
Totals.....	\$2,443,070	\$2,599,573

The total number of bids received and the narrow range between the high and low bids, in all Divisions, indicate wide and satisfactory competition. Also, the total of all low bids, \$2,443,070, is below the overall estimate of cost prepared by the Architect-Engineers for the project.

Because of these two facts, it is our opinion that no lower bids would be received for Division I (General Contract), if the total project, or Division I was to be readvertised.

We, therefore, make the following recommendations:

1. That the State Controlling Board be requested to grant permission for the award of the contract for Division I (General Contract) to Frank Messer and Sons, Inc., for their low bid of \$1,854,800, notwithstanding the fact that their low bid was in excess of the Architect-Engineers' estimate in that respective division.

2. If the permission referred to in No. 1, above, is granted that awards be made in all divisions as follows:

Division II—Plumbing Contract to Huffman-Wolfe Co.
for their low bid of \$249,660.

Division III—Heating Contract to The National Co.
for their low bid of \$134,300.

Division IV—Electrical Contract to The Electric Power Equipment Co. for their low bid of \$204,310.

3. Regarding the alternates, we make the following recommendations:

Alternate A—General Contract, additional stone and granite facing. Bid from Frank Messer and Sons, Inc., indicate an addition in the amount of \$10,200 for this work. This additional finish to the building will complete and enhance the High St. facade. We recommend the acceptance of this alternate.

Alternate B—General Contract, three section orchestra lift. Bid from Frank Messer and Sons, Inc., indicated an addition in the amount of \$16,600 for this

work. Acceptance of this alternate will permit maximum flexibility in the use of the stage. We recommend the acceptance of this alternate.

Based upon the above recommendations, awards should be made as indicated below and the Director of Public Works be requested to execute contracts accordingly.

General Contract Division

Frank Messer and Sons, Inc.....	\$1,854,800
Alternate A..... add	10,200
Alternate B..... add	16,600
Plumbing Contract	
Huffman-Wolfe Co.....	134,300
Heating Contract	
The National Co.....	249,660
Electrical Contract	
Electric Power and Equipment Co.....	204,310

Total \$2,469,870

Award of Division I and II contracts to Frank Messer and Sons, Inc., and to Huffman-Wolfe Co., respectively, were approved by the State Controlling Board on January 5, 1955.

In order to provide funds for the execution of these contracts recommended for award, the transfer of \$2,469,870 from Department 804, Rotary A, to G-2-F Auditorium,, H.B. No. 10, is required and is accordingly recommended.

Upon motion of Mr. Ketner, and seconded by Senator Huffman, the above recommendations and actions of the University Cabinet were approved by unanimous vote, and the transfer of funds, as recommended, was authorized.

The Vice President and Business Manager reported for the record that the State Controlling Board has approved the following requests presented by the University:

Request

- 256 Transfer of \$214,523 from Rotary A, Department 804, to G-2-K Antenna Laboratory, H.B. 10, in order to provide funds for award of Antenna Laboratory contracts; authorized entering into contract with Limbach Company for \$14,918, Limbach Company, \$39,900, and McCarty Brothers Electric Company, \$28,380, notwithstanding the fact that their low bids were in excess of the architect's estimate of cost.
- 257 Transfer of \$24,525 from Rotary A, Department 804, to \$9,550, G-2-A Field House, \$12,850, G-2-C Women's Dormitories, \$650, G-2-H Television Station, Tower and Equipment, and \$1,475, G-2-K Antenna Laboratory, H.B. 10, in order to provide funds for architectural and engineering services on these projects.

The Vice President and Business Manager presented the following miscellaneous recommendations:

1. The Vice President and Business Manager reported that it was necessary to make two Gow Test Borings at the site of the proposed

new Classroom Administration Building for the College of Agriculture in addition to the borings already made. The cost of these two borings is \$120.00, payable to the Raymond Concrete Pile Co., and it is recommended that the expenditure to this firm and in this amount be authorized by the Board for this purpose.

2. In the area south and west of Baker Hall, which is the site of the proposed expansion of the dormitory group, test borings and soil samples are required in the development of the plans and specifications. The Raymond Concrete Pile Co. bid \$1,530 for 425 lineal feet. This being the low bid for this work, it is recommended that a contract be entered into with the Raymond Concrete Pile Co. in the amount of \$1,530 for this purpose.

Upon motion of Senator Huffman, and seconded by Mr. Ketner, the Board approved the above recommendations by unanimous vote.

The President now reported to the Boards the deaths of Schuyler M. Salisbury and William Henry Hildreth, and in accordance with the recommendations of the Board of Trustees, copies of the following resolutions, expressing on behalf of the University the sorrow and sympathy of the Board, have been furnished to the families of the deceased.

The Board of Trustees expresses its sorrow at the death of Schuyler M. Salisbury, Professor of Dairy Science, on November 26, 1954. Professor Salisbury was born June 29, 1889, in Collinwood, Ohio. He received his Bachelor of Science in Agriculture degree from The Ohio State University in 1913. For two years he was on the staff of the North Carolina State College. During 1916 and 1917, he was guest lecturer at the University of Iowa during the summer session.

Professor Salisbury joined the University staff in 1915 as Assistant Professor of Animal Husbandry. He resigned in 1918 to become a county agricultural agent, which position he held until 1920. During 1920-23, he was Professor and Head of the Department of Animal Husbandry at Massachusetts State College. Since 1923 he very ably served The Ohio State University, first as Professor of Animal Husbandry and then as Professor of Dairy Science. In these positions he was particularly adept in giving sound advice to students. He was universally loved by a large group of Ohio State alumni. For many years his Christmas letter to all his former students was a friendly hello from the home campus. He leaves a host of friends in Columbus and throughout the length and breadth of the land where he was held in high esteem as a teacher and judge of dairy cattle. He was a member of the American Dairy Science Association and Gamma Sigma Delta.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

The Board of Trustees expresses its sorrow at the death of William Henry Hildreth, Professor of English, on December 4, 1954. William Hildreth was born June 25, 1905, in

Indianola, Illinois. He received his Bachelor of Science degree in Education in 1929; his Master of Arts degree in 1931; his Doctor of Philosophy degree in 1944—all at The Ohio State University. His distinguished teaching career at Ohio State began in 1931 with his appointment as Graduate Assistant in the Department of English.

From 1942 until he was stricken at his desk, William Hildreth was in administrative charge of all Freshman Composition taught at the University. One of his major achievements was to establish close and fruitful relations with all Colleges on the campus whose students were taking Freshman English. He was nearly as well known and as widely beloved in Education, Commerce, Engineering, and Agriculture and the other schools and colleges as he was in his own Derby Hall. Moreover, his influence extended far beyond the University itself; for since a large part of his staff consisted of students working for advanced degrees in the English Department, he introduced most of them to the art of teaching. Scattered over the United States, they now affectionately acknowledge that it was he who first gave them a sense of their mission as teachers. They say that what he taught them first and foremost was that all teaching problems and relations were ultimately human. His influence was further extended by the large number of textbooks which he wrote and edited. Within the past year, Professor Hildreth's position has been publicly described by one of the highest officers of the University's administration as "the most important teaching job on the campus."

His own students, colleagues, and friends knew him also as a man deeply committed to the study of literature and history. Broadly and deeply read, he found in literature a vital source of that very human sympathy and understanding which marked his own character and conduct. His sense of the human, however, was most notably present in his feeling for history—particularly for the history of the Ohio Valley. For years he had been working toward a book-length study of a series of early Ohio River figures. An inordinately careful and meticulous researcher, he was in the process of mastering all the materials for his study, so that he could represent these figures as men whom twentieth century readers would know as the men they themselves might have been, for good and for bad, had they lived in pioneering days. Professor Hildreth never finished his book. But he lectured widely on its materials, published on various specialized aspects of its subjects, and, most important, in his rich private talk let his students, colleagues, and friends know how a human being would go about writing the history of other human beings. He read and studied, as he lived and taught, as the complete humanist.

Scores of those whom knew him have attested to his fine integrity, his gentleness, his compassion; to the complete readiness and willingness with which he gave of himself; above all, perhaps, to the wonderful variety and warmth of his humor, which none who knew him will forget. These qualities, in unique combinations, made William Hildreth the extraordinary man that he was.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

The President now reported to the Board the death of Carolyn G. Bradley, and in accordance with the recommendations of the Board of Trustees, a copy of the following resolutions, expressing on behalf of the University the sorrow and sympathy of the Board, have been furnished to the family of the deceased.

The Board of Trustees expresses its sorrow at the death of Carolyn G. Bradley, Professor of Fine and Applied Arts, on December 8, 1954. She came to The Ohio State University in 1932 as an Assistant Professor.

A graduate of Earlham College, she also studied in the art schools of this country and of Mexico—bringing her work to the high level of perfection which earned her wide recognition in this country and in Latin America.

Primarily a water color painter, she was a steady exhibitor in dozens of cities, art centers, and universities, receiving a total of 58 awards. Her exhibition program also included a total of 88 one-man shows held in many different cities throughout the United States and South America. As a visiting professor, she taught in the universities of Chile, Guatemala, Haiti, Honduras, and Costa Rica. She was also Specialist in Art to Chile for the Inter-American Educational Foundation, Department of State, in 1946. Professor Bradley was the author of three books on costume design and of various articles on the Latin American countries.

Professor Bradley devoted a great deal of her time and energy as a steady, quiet friend of the foreign students at Ohio State, particularly to those from South America. To this important contribution to student life at Ohio State Professor Bradley brought—and shared with the student—an unusual and rare quality of sympathetic understanding and a quiet kindness which made her known as the teacher from whom the student could always seek counsel and guidance.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

Thereupon the Board adjourned to meet Monday, February 14, 1955, at 10:15 a.m. at the University.

President Bevis presented the following miscellaneous recommendations:

That David R. Dodd, Extension Agronomist and Professor, Agricultural Extension Service, be retired effective July 31, 1954, and that he be given the title of Professor Emeritus and be paid \$216 a year from Interest on Endowment 4002 and \$144 per year from Fund 9001 to comply with provisions for supplementary payments to staff members who participate in the University Retirement Plan.

That George R. Gist, Extension Specialist, Agricultural Extension Service, be granted a leave of absence, without salary, for the period February 1, 1955 to June 30, 1955 for graduate study at Purdue University.

That upon the recommendation of the Faculty Council at its meeting held on January 11, 1955, William Edward Levis be awarded the honorary degree, Doctor of Laws, at the Winter Quarter Convocation on March 18, 1955.

That the quarterly lunch fee for secondary-school students enrolled in the University School be increased from \$26.50 to \$27.00 and from \$21.50 to \$22.00 for elementary-school students, effective Spring Quarter 1955.

That \$5,000.00 be transferred from Dairy Laboratory Rotary 15954 to Rotary 13156 for the use of the Department of Dairy Technology, effective at once.

The President reported that the Ohio Farm Electrification Council had a memorandum of agreement with the Agricultural Extension Service of the University, whereby a rotary fund is maintained for an Agricultural Engineering specialist. This fund pays for salary, travel and equipment.

This year a 4-H project is being inaugurated by the specialist upon approval by the executive committee of the Council which requires expenditures for kits that may cost not to exceed \$3,500.00. The kits will be sold to 4-H Club members as they are made by a skilled electrician. An initial fund is necessary for materials and labor.

The President therefore recommends that \$3,500.00 from the Rotary Fund, financed by the Ohio Farm Electrification Council, be transferred to the secretary of the Council for this purpose, and receipts from sales be returned to this Rotary Fund in the Agricultural Extension Service.

That upon the recommendation of the Faculty Council, degrees be awarded at the Winter Convocation on March 18, 1955, to the following named students who have completed their requirements therefor:

That an agreement between The Ohio State University and the Ohio State University Research Foundation be executed conveying to the Ohio State University Research Foundation all rights, title and interest in and to patent rights and claims arising out of an invention relating to "Conversion of Ethyl nyl Compounds to Acetyl Compounds" (Docket P-209) made by Melvin S. Newman.

That upon the recommendation of the Dean of the College of Medicine, it is requested that the President be authorized to negotiate and sign a new agreement between The Ohio State University and Children's Hospital whereby the clinical facilities of Children's Hospital will be available for the training of medical students, internes and residents in all phases of Pediatrics. The agreement will cover the period from July 1, 1954 to June 30, 1955. In order to assist in providing these teaching services, the University agrees to pay from Laboratory Supply Store Pro Rata Fund Rotary 15991 the sum of \$30,900.00 for the year beginning July 1, 1954, on a quarterly basis.

That the annual Recognition Dinner, given by the Board of Trustees, be held on May 9, 1955, at 6:30 p.m. in the Ohio Union and that \$2503.00 be appropriated to cover expenses.

That the research agreements heretofore entered into between The Ohio State University and the Ohio State University Research Foundation setting up the following projects be reported to the Board of Trustees for information and record:

Great Lakes Foundry Sand Company, Detroit, Michigan—Investigation of Syenite in Ceramic Products (to be known as the Great Lakes Foundry Sand Company Research Project No. 28 (16th Extension)—Engineering Experiment Station—). Gross value, \$19,266.

Olin Mathieson Chemical Corporation, Baltimore, Maryland—Investigation of Synthetic Organic Chemicals and Fibers (to be known as the Olin Mathieson Chemical Corporation Research Project No. 116-B (Sup. 3)—Chemical Engineering). Gross value, \$150,000.

Master Buildings Company, Cleveland, Ohio—Investigation of Studies of Cement (to be known as the Masters Builders Company Research Project No. 239—Sup. 9—Chemical Engineering). Gross value, \$810.

Firestone Tire and Rubber Company, Akron, Ohio—Investigation of Health Hazards of Certain Compounds and Products (to be known as the Firestone Tire and Rubber Company Research Project No. 246—Ext. 9—Pathology). Gross value, \$10,728.

Headquarters, Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Fatigue Studies (to be known as the Wright Air Development Center Research Project No. 430—Sup. 9—Metallurgy). Gross value, \$9,863.

Radio Corporation of America, Camden, New Jersey—Investigation of Supertunstile Antenna (to be known as the Radio Corporation of America Research Project No. 460—(C.O. No. 7)—Electrical Engineering). Gross value, \$7,000.

Headquarters, Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Combustion Phenomena at High Pressures (to be known as the Wright Air Development Center Research Project No. 507—Sup. No. 7)—Aeronautical Engineering). Gross value, \$20,400.

Headquarters, Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Effect of Steric Factors on Hydrolytic Reactivity (to be known as the Wright Air Development Center Research Project No. 543—Sup. No. 5)—Chemistry). Gross value, \$11,250.

Department of the Navy, Office of Naval Research, Washington, D. C.—Investigation of Properties of Lower Titanium Chlorides (to be known as the Department of the Navy Research Project No. 553—Amend. No. 2—Chemistry). Gross value, \$8,807.

Headquarters, Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Geodetic, Cartographic and Photogrammetric Research (to be known as the Wright Air Development Center Research Project No. 595—Sup. No. 3—Mathematics). Gross value, \$200,000.

The Diversey Corporation, Chicago, Illinois—Investigation of Sanitizers in the Dairy Industry (to be known as the Diversey Corporation Research Project No. 620—Dairy Technology). Gross value, \$9,000.

The Masters Builders Company, Cleveland, Ohio—Investigation of Certain Calcium Ligno Sulfonate Materials (to be known as the Master Builders Research Project No. 621—Chemistry). Gross value, \$4,890.

Headquarters, Air Research and Development Command, Baltimore, Maryland—Investigation in Structure of Solid Aromatic Compounds (to be known as the Air Research and Development Command Research Project No. 622—Chemistry). Gross value, \$26,551.60.

Headquarters Quartermaster Research and Development Command, U. S. Army, Natick, Massachusetts—For a Study of Methods and Techniques for Process Development of Fluorinated Unsaturated Hydrocarbons (to be known as Quartermaster Research and Development Command Research Project No. 623—Chemical Engineering). Gross value, \$22,000.00.

Headquarters, Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—For Research on Combustion Phenomena at High Pressures (to be known as the Wright Air Development Center Research Project No. 624—Aeronautical Engineering). Gross value, \$14,600.00.

The above fifteen contracts for research in cooperation with Government and Industry represent a gross income of \$515,165.60.

Government—\$313,471.60	Industry—\$201,694.00

President Bevis presented to the Board a communication from Mr. Fullen calling attention to the function of the Board in providing two members of the Board of Directors of the Development Fund. One of such members must be a member of the Board of Trustees; the other need not be.

It was agreed that Mr. James F. Lincoln should be contacted to ascertain whether he desires to continue as a member of the Development Fund Board. It was agreed further that General Dargusch continue as representative of the Board of Trustees.

Upon motion, duly seconded, this understanding was made part of the minutes.

Dr. Stradley reporting on the successful use being made of the Elementary Education scholarships, stated that during the years the

Board has increased the number from 88 up to 150 per year, and that he has now recommended to the President that the Trustees be requested to authorize 150 Scholarships for Elementary Education for the year 1955-1956.

President Bevis then recommended to the Board that such authority be granted.

Upon motion of Senator Huffman, seconded by General Dargusch, the Board approved such recommendation by unanimous vote.

Vice President Stradley submitted the following report on the 1955 Religion-in-Life Week held on the campus January 16-20, 1955:

The 1955 Religion-in-Life Week was outstanding in several respects. It opened on Sunday evening with the Festival of Religious Music provided by Temple Israel Choir, the Josephinum Choir, the Broadstreet Choir, and the University Symphonic Choir.

The invitation to the chaplains was a successful innovation to the program this year. It meant that over 1,200 additional students were contacted.

Probably we have reached the saturation point as far as voluntary student attendance is concerned. Approximately 12,000 students attended one or more of the over 200 meetings or discussion groups. About 8,000 local citizens were in the congregations of the churches where the guest speakers preached on Sunday morning.

About eight hours of radio time—seven over WOSU and one over WRFD—were devoted to broadcasting recordings of various Religion-in-Life Week programs.

Continuing throughout the week, students and other members of the University community had an opportunity to see the following art exhibits in the Ohio Union:

Jewish Ceremonial art objects in show case, Main Lounge, courtesy of B'nai B'rith Hillel Foundation.

Main Lounge, exhibit, work of the late Miss Carolyn Bradley, former Professor, School of Fine and Applied Arts, The Ohio State University.

Joseph A. Park Memorial Room, Portrait, *The Young Christ Jesus* by Andre del Sarto, presented by the School of Fine and Applied Arts, courtesy of Mr. Frederick W. Schumacker.

* * * * *

The splendid success of Religion-in-Life Week—1955, as indicated in the above report, was made the subject of comment by the Board of Trustees. The musical program on the opening Sunday night featuring the choral organizations of the Josephinum, the Temple Israel, and the Broad Street Presbyterian Church, and the University Symphonic Choir; the fine array of speakers representing many denominations and points of view; the large voluntary attendance by the students estimated at 12,000; all combined to present an imposing undertaking.

On motion of Mr. Black, seconded by Mr. Ketner, it was resolved that the Board of Trustees express its appreciation and approval to Dr. D. Luther Evans, General Chairman, Dr. Bland L. Stradley, and

to all those faculty, students, and administrators who lent their energies to the fine result. Resolved further, that this movement typifies the higher aspirations of our student body and deserves encouragement and support.

Vice President Heimberger presented the following report on the progress being made in the development of the Assigned Research Program, authorized by the Board of Trustees March 9, 1953:

Two years ago, this Board was requested to give its approval to a one-year experiment with assigned research duty based upon principles developed by a faculty committee under the chairmanship of Professor Edison L. Bowers. This approval was given and a trial run was conducted during the academic year 1953-54. Last year, you were asked to approve the extension of this limited experiment for a second year, since it was too early to report upon the success or failure of the venture. It is now possible to make such a report based upon what was actually done in 1953-54 and the work in progress during 1954-55.

You will remember, no doubt, that this experiment was originally presented as an approach to the problem of providing added research opportunities in the absence of the sabbatical year which is common to most of the better universities. With adequate planning for the rotation of advanced courses and for the use of competent younger staff members, it seemed to be possible to assign carefully selected members of our Faculty to research duty for limited periods of time at very little cost.

The experimental plan has been operating in this way. Announcements are sent to the entire Faculty and any interested person is asked to submit his proposed research program to the President's Office through the proper chairman and dean. Working together, the chairman and dean examine the proposal, give their opinions as to its value and present a plan for suitable teaching replacements if the request is finally approved. All applications are then placed before a university-wide committee under the chairmanship of the Dean of the Graduate School. This committee advises the President in his final choice of those who are to be assigned to research duty.

In the first full year of the experiment, 1953-54, 10 members of the Faculty were assigned to research duty for one Quarter each and two were assigned to two Quarters. In the current year, 11 other persons have been given such assignments for one Quarter and seven for two Quarters. Due to careful staff planning, the cost has been very moderate. The 30 assigned to research duty over the two-year period have come from all five of the basic colleges. Their departments have been Agricultural Economics and Rural Sociology, Bacteriology, Botany and Plant Pathology, Business Organization, Classical Languages, Economics, Electrical Engineering, English, Fine Arts, German, History, Journalism, Mathematics, Physics and Astronomy, Romance Languages, and Speech. While several important assignments have been made in science areas, the plan has been used most in non-laboratory fields. It thus helps to bring a better balance to our total research effort by affording opportunities to persons who need personal time for individual research rather than technical assistance, laboratory equipment, and supplies necessary for conducting their investigations.

It may now be reported that the experiment has been highly suc-

cessful. In a limited way, it has helped to correct a serious deficiency which has existed for many years, due to our lack of a plan for sabbatical leaves for study and research. It has done this at very low cost and, with proper developments, it gives promise of contributing greatly to the growth of this University as a center for research and advanced study.

One of its important benefits has been in the realm of faculty morale. Opportunities for research are valued highly by the faculty members of any distinguished university. We have been at a serious disadvantage in our competition with other universities for the best talent available for research and teaching. One reason has been a salary situation which we are now trying to correct, but another very important reason has been the lack of a well-balanced plan for research opportunities. The possibility of assignment to research duty has helped to correct our deficiency and to make it easier to get and keep outstanding scholars.

It is not easy to give a direct and immediate appraisal of the value of research accomplished or advanced through this program. In some cases, assignment to research has resulted in new knowledge which is applicable to current and pressing problems. For example, one study carried forward had to do with the retail sales tax. Another was centered about the development of a continuously sensitive cloud chamber for immediate use in Physics. Several were in the broad field of the humanities and, while they may seem to have little practical importance, they have contributed greatly to the understanding and growth of our cultural heritage. In many cases, the objective was not so much the immediate research product as the full development of a younger member of our staff as a scholar and teacher. This is highly important as we try to improve the quality of our faculty.

One assignment to research duty had immediate and spectacular results. You may be interested in it even though we do not pretend that it is typical of what may be expected. In recent years, Professor John Kraus, of our Department of Electrical Engineering, has been experimenting with the development of a radio-telescope which seemed to offer almost fantastic opportunities for exploring the skies, particularly those parts which have been dark to optical telescopes. He began his work in a very small way and with sharply limited resources. As his work progressed, he received support from our own Development Fund and the National Sciences Foundation. In the Autumn Quarter, 1953, he needed time to put the final touches on his experimental instrument so that it would be ready for use in 1954. Professor Kraus was therefore assigned to research duty in the Autumn Quarter, 1953, and the telescope was ready to use on January 1, 1954.

Very recently, the national journal, *Science*, listed the 10 most important accomplishments in astronomy in the entire world during the year of 1954. The research findings of our radio-telescope took first place. Professor Kraus has now received a new and increased grant from the National Science Foundation and is working on the prototype of a much larger and more sensitive instrument which may open hitherto undreamed of opportunities for the exploration of the universe.

It is our opinion that the plan of assigned research duty has now proved itself to be a valuable addition to the total program of this University, and therefore it is recommended that, until otherwise

directed, the President be authorized to assign members of the University Faculty to research duty for limited periods of time; such assignments to be made at his discretion and to be based upon the general principles of the Bowers Committee plan, with the number and frequency to be determined by a student use of available resources.

Upon motion of General Dargusch, seconded by Senator Huffman, the above recommendation was approved by unanimous vote, and Vice President Heimberger and his committee were commended for their excellent work in the development of the plan.

The Vice President and Business Manager reported that the University Cabinet has approved the following (A) Extras to Contracts, (B) Credits to Contracts, and (C) Extension of Time to Contracts, and recommended that they now be approved by the Board of Trustees:

(A) *Extras to contracts*

The Electric Power Equipment Co......\$ 115.00
Change of detail in the Kliegl Bros. lighting panel console for the WOSU-TV Studio.
Original contract—\$17,617.00—December 3, 1954

James I. Barnes Construction Co......\$ 228.00
Add a short flight of steps on the north lawn of Alma Paterson Residence Hall to avoid an excessive ramp in the concrete walk between the front terrace and the Twelfth Avenue sidewalk and also to add small amount of fill for finish grading.
Original contract—\$2,314,900.00—May 15, 1953

Frank Messer & Sons, Inc......\$2,942.00
Addition of six dictating rooms on the third floor of the Chemical Abstracts Building. General Division.*
Original Contract—\$337,980.00—October 22, 1954

Piping Contractors Co......\$ 160.00
Heating, cooling, and ventilating work in connection with the addition of six dictating rooms on third floor of the Chemical Abstracts Building.*
Original contract—\$83,438.00—October 22, 1954

Electrical Contractors, Inc......\$ 167.00
Electrical work in connection with the addition of six dictating rooms on the third floor of the Chemical Abstracts Building.*
Original contract—\$42,480.00—October 22, 1954

(B) *Credits to contracts*

Joseph Skilken and Co......\$ 123.00
Substitution of flume sand for fill under the cement floors within the WOSU-TV Studio in place of gravel originally specified.
Original contract—\$67,350.00—December 3, 1954

* Cost of extras on Chemical Abstracts Building to be borne by the American Chemical Society.

(C) *Extension of time to contracts*

Meglen Masonry Co......\$4,990.00
 Pointing stonework and brickwork on Ives Hall,
 Hamilton Hall, and Starling-Loving Hall.
 Contract Date.....October 1, 1954
 Original Completion Date.....October 31, 1954
 Recommended Completion Date February 28, 1955

On motion of Mr. Ketner, seconded by Mr. Black, these recommendations of the Cabinet were approved by unanimous vote.

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contracts to the low bidderes in accordance with the University Architect's recommendations and now recommends that the actions of the Cabinet be approved by the Board of Trustees. Detailed tabulations of said bids are on file in the offices of the Auditor of State and the University Architect and are included in the records of the University Cabinet.

The report of the University Architect is as follows:

"Transmitted herewith is a tabulation of the bids for REMODELING FIRST FLOOR, UNIVERSITY HALL, received prior to 2 p.m., January 18, 1955, opened by Mr. Jacob B. Taylor at that time and referred to this office for analysis and report.

"The low bid on the General Contract Division is by Harry Miller, of Groveport, in the sum of \$6,650, compared with the Architect's estimate of \$5,000. The low bid on the Electrical Contract Division is by McCarty Bros. Electric Co. of Columbus in the sum of \$3,350, compared with the estimate of \$5,500.

"We have examined the General Contract bids and find the low bid to be a reasonable one, notwithstanding the fact that it is in excess of the Architect's estimate. The average of the eight bids received is approximately \$8,500, and in my opinion no lower bids would be received if the project were to be readvertised. It will be noted that the sum of the low bids of the two contract divisions is \$10,000 compared with \$10,500, the sum of the Architect's estimates of these divisions.

"Consideration of the four alternates to the General Contract are important for the most satisfactory use of the remodeled space. We are advised by the Business Office that there are sufficient funds in budget item F-1 Building Repairs to cover this project including the cost of the four alternates in the low General Contract bid.

"The alternates are as follows:

	<i>Bid</i>	<i>Estimate</i>
G-1 Add a partition in the conference room providing one additional staff office.....	\$210.00	\$ 375.00
G-2 Add folding door in College Secretary's Office to provide an additional private conference area for the Secretary's assistant in rush periods.....	400.00	275.00
G-3 Replace present toilet staff partitions...	400.00	200.00
G-4 Add acoustic ceiling in College records area	400.00	1,520.00

"Including consideration of the alternates, it is noted that the low bids of the two divisions and the low General Contract bidder's bids on the four alternates amount to a total of \$11,410, compared with a total estimate of \$12,870. To effect the award on this basis, permission must be requested from the Controlling Board to award the General Contract Division to Harry Miller for the sum of \$6,650, which amount is in excess of the Architect's estimate, and for Alternate G-2 for the sum of \$400, and for Alternate G-3 for the sum of \$400, which amounts are in excess of the Architect's estimates.

"If these permissions are granted, I recommend that contracts be awarded, in the regular manner as follows:

Division I—General Contract

Harry Miller.....	Base Bid	\$6,650.00
Alternate G-1.....	add	210.00
Alternate G-2.....	add	400.00
Alternate G-3.....	add	400.00
Alternate G-4.....	add	400.00
		<hr/>
		\$8,060.00

Division II—Electrical

McCarty Bros. Electrical Co.....	3,350.00
	<hr/>
Total.....	\$11,410.00

"Funds for these contracts are to be provided by F-1 Building Repairs, H.B. 10."

Upon motion of Mr. Ketner, seconded by Mr. Black, the above actions of the University Cabinet were approved by unanimous vote.

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contract to the low bidder in accordance with the Director of Physical Plant's recommendation and now recommends that the actions of the Cabinet be approved by the Board of Trustees:

The report of the Director of Physical Plant is as follows:

"On authority of the Board of Trustees, the University Cabinet met on January 18, 1955, for the purpose of opening bids on INTERIOR PAINTING AND PATCH PLASTERING OF THE ENTIRE OFFICE AND LOCKER ROOM SECTION OF THE RESEARCH CENTER BUILDING ON KINNEN ROAD. The following is a tabulation of the bids received:

<i>Bidder</i>	<i>Amount of Bid</i>
Art Kraft Decorators, Inc.....	\$3,250.00
The Ballenger Painting Company.....	2,983.00
Harold F. Mollenauer.....	4,425.00
Chester Dennison.....	3,200.00
Bohl Painting Company.....	4,280.00
General Painting Company.....	3,333.00
Bolin & Henry, Inc.....	5,975.00
Arlington Decorating, Inc.....	2,968.00
Bexley Decorating Company.....	4,338.00

General Maintenance & Engineering Co.....	4,010.00
M & M Decorators.....	7,487.00
Johns & Company.....	3,949.00

"The Engineer's estimate for the above work was \$7,500. The low bid of Arlington Decorating, Inc., is regular in every respect and is below the Engineer's estimate. Therefore, I wish to recommend that The Ohio State University enter into a contract with Arlington Decorating, Inc., at their bid of \$2,968."

Funds for the execution of this contract recommended for award will be provided from F-1 Building Repairs, H.B. 10.

Upon motion of Mr. Ketner, seconded by Mr. Black, the above action of the University Cabinet was approved by unanimous vote.

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contracts to the low bidders in accordance with the University Architect's recommendations and those of Barber and Magee, and now recommends that the actions of the Cabinet be approved by the Board of Trustees. Detailed tabulations of said bids are on file in the offices of the Auditor of State and the University Architect, and are included in the records of the University Cabinet.

The report of the University Architect is as follows:

"Transmitted herewith is a tabulation of the proposals for the construction of the INDOOR PRACTICE SECTION OF THE FIELD HOUSE GROUP, received at the office of the Business Manager of the University prior to 2 P.M., January 25, and opened immediately thereafter by Mr. Jacob B. Taylor at the request of Mr. M. J. Moon, of the Department of Public Works.

"I find that the low bids on all four Contract Divisions are regular in every respect, and are below the Architect's estimates of cost in each case. I find also that the bids for Alternate No. 1 for the change of composition roof covering to sheet aluminum roof are very satisfactory and the bid for this alternate by the low General Contract bidder is below the estimate. I, therefore, recommend that this alternate be accepted and that contracts be awarded by the Board of Trustees and that the Director of Public Works be requested to execute the documents on the following basis:

Division I—General Contract

Joseph Skilken & Co.....	Base Bid	\$ 821,793.00
Alternate I.....	add	45,500.00

Total..... \$ 867,293.00

Division II—Heating and Ventilating

Scioto Heating & Plumbing Co.....	\$ 60,500.00
-----------------------------------	--------------

Division III—Plumbing

Limbach Company.....	29,694.00
----------------------	-----------

Division IV—Electrical

Electric Power Equipment Co.....	52,517.00
----------------------------------	-----------

Total..... \$1,010,004.00

Funds for this project are to be provided from proceeds of bonds issued for this purpose.

Upon motion of Mr. Ketner, seconded by Mr. Black, the above action of the University Cabinet was approved by unanimous vote.

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contract to the low bidder in accordance with the Director of Physical Plant's recommendation and now recommends that the actions of the Cabinet be approved by the Board of Trustees.

The report of the Director of Physical Plant is as follows:

"On authority of the Board of Trustees, the University Cabinet met on January 25, 1955, for the purpose of opening bids on INSTALLATION OF THREE REACTORS IN THE OHIO STATE UNIVERSITY POWER PLANT. Given below is a tabulation of the bids received:

<i>Bidder</i>	<i>Amount of Bid</i>
Gustav Hirsch Organization, Inc.....	\$21,447.00
McCarty Bros. Electric Company.....	15,940.00
Electrical Contractors, Inc.....	16,807.00

"The Engineer's estimate for the above work was \$14,000.00. There were five companies that took out plans and specifications on this project and as shown above we received only three bids, all of which exceed the estimate of cost filed with the Auditor of State.

"Since two of the bids were relatively close together and only three bids were submitted although we contacted several other companies, it is our opinion that no lower bid or wider competition would be received if we readvertised this project.

"Therefore, I wish to recommend that permission be requested from the Board of Control to award this contract to the low bidder, McCarty Bros. Electric Company, notwithstanding the fact that their bids of \$15,940.00 exceeds the filed estimate of cost."

Funds for the execution of this contract, recommended for award, will be provided from E-9-a Power Plant Equipment, H.B. 10.

Upon motion of Mr. Ketner, seconded by Mr. Black, the above action of the University Cabinet was approved by unanimous vote.

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contract to the low bidder in accordance with the Director of Physical Plant's recommendation and now recommends that the actions of the Cabinet be approved by the Board of Trustees:

The report of the Director of Physical Plant is as follows:

"On authority of the Board of Trustees, the University Cabinet met on January 25, 1955, at 2:00 p.m., for the purpose of opening bids on AIR CONDITIONING FOR POMERENE REFECTORY. The representative from the Director of Public Works office was unable to be present. The following is a tabulation of bids received:

<i>Bidder</i>	<i>Amount of Bid</i>
Limbach Company.....	\$16,100.00
Columbus Heating & Ventilating Co.....	14,861.00
The Kuempel Company.....	11,825.00
United Refrigeration Service, Inc.....	12,291.00
Capitol Refrigeration Company.....	16,800.00
Speer, Wolfe & Co.....	11,932.00
The Buckeye Refrigeration Company.....	11,019.00

"The Engineer's estimate for the above work was \$26,300.00. Upon examination of the bids, we find that the bid of The Buckeye Refrigeration Company at \$11,019.05 and the bid of The Kuempel Company at \$11,825.00 do not meet the specifications set up for this project.

"The bid of Speer, Wolfe & Co. does meet the specifications in all respects, and we believe that it is the lowest and best bid complying with the specifications.

"Therefore, I wish to recommend that we request the Director of Public Works to enter into a contract for this project with Speer, Wolfe & Co. at their bid of \$11,932.00"

Funds for the execution of this contract recommended for award will be provided from transfer from Department 804, Rotary E, to a new account "G-2-N Air Conditioning for Pomerene Refectory, H.B. 10" and the transfer is hereby recommended.

Upon motion of Mr. Ketner, seconded by Mr. Black, the above action of the University Cabinet was approved by unanimous vote and the transfer of funds authorized.

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following projects as prepared by the University Architect and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimate of Cost</i>
<i>Residence Hall for Women, Unit "E"</i>	
\$1,194,240.00	
I—General (including elevators).....	\$ 937,240.00
II—Heating and Ventilating.....	62,000.00
III—Plumbing	110,000.00
IV—Electrical	85,000.00
Total.....	\$1,194,240.00

To be paid from proceeds of Bonds issued for this purpose.

Upon motion of Mr. Ketner, seconded by Mr. Black, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to present them to the Director of Public Works for his approval and, if so approved, to advertise for bids in accordance with law. The Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to recommend to the Director of Public Works the award of such contracts. All actions of the Cabinet on these matters are to be reported to the Board at a later meeting.

The Vice President and Business Manager presented the plans, specifications, bill of materials, and estimate of cost for the following projects as prepared by Potter, Tyler, Martin & Roth and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimate of Cost</i>
<i>Law—First Section Classroom Administration Building</i>	
\$709,727.00	
I—General	\$517,954.00
Alternate A, Cooling Tower.....	4,000.00
Alternate B, Rubber Tile—Lecture Rooms	3,800.00
Alternate C, Venetian Blinds—	
Seminar Rooms.....	350.00
II—Plumbing	25,725.00
Alternate D, Cooling Tower—Plumbing...	500.00
III—Heating and Ventilating.....	59,500.00
Alternate E, Complete Cooling System....	51,200.00
IV—Electric Contract.....	46,400.00
Alternate F, Cooling Tower—Electric....	300.00
Total.....	\$709,729.00

To be paid from G-2-3 Law—First Section of Classroom Administration Building, H.B. 816.

Upon motion of Mr. Ketner, seconded by Mr. Black, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to present them to the Director of Public Works for his approval and, if so approved, to advertise for bids in accordance with law. The Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to recommend to the Director of Public Works the award of such contracts. All actions of the Cabinet on these matters are to be reported to the Board at a later meeting.

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following project as prepared by the Director of Physical Plant and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimate of Cost</i>	<i>Payable from</i>
Interior Painting and Patch Plastering of Orton Hall and Rehearsal Hall	\$10,500.00	F-1 Building Repairs

Upon motion of Mr. Ketner, seconded by Mr. Black, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to advertise for bids in accordance with law, and the Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to award contracts

accordingly. The President is authorized to sign such contracts for and on behalf of the Board of Trustees. All actions of the Cabinet on this matter are to be reported to the Board at a later meeting.

The Vice President and Business Manager reported for the record that the State Controlling Board has approved the following requests presented by the University:

Request

- 263 Award of contract for General Division of Remodeling of East First Floor, University Hall, to Harry Miller in the amount of \$6,650.00 and for alternates two and three at \$400.00 each, payable from F-1 Building Repairs, H.B. 10. This bid was in excess of Architect's estimate.
- 269 Award of contract and release of \$7,500.00 from G-2-5 Rehabilitation of present buildings including Meats Laboratory and equipment, H.B. 816, to Ralph J. Kramer and Sons for necessary engineering for refrigerated cooling and ventilating of Administration Building and Alumni House.
- 272 Transfer and release of \$5,000.00 from Department 804, Rotary E, to G-2-M, Residence Halls for Men, H.B. 10, to provide funds for preliminary survey and engineering costs in connection with an addition to Baker Hall.
- 273 Approval of an extra order to James I. Barnes Construction Company for drains and site improvement for Women's Dormitories in the amount of \$1,840.00.
- 277 Award of contract for Installation of Three Reactors for Ohio State University Power Plant to McCarty Brothers Electric Company in the amount of \$15,940.00, payable from E-9-a, Power Plant Equipment, H.B. 10, notwithstanding the fact that this bid exceeds the filed estimate of cost.

The Vice President and Business Manager reported to the Board that he had received the following letter from Mr. Guy Eblin, County Engineer:

"The proposed Lane Avenue relocation at the intersection with Kenny Road creates quite a physical change in regard to the existing location. The proposed road is located south of and at a much lower elevation than the existing road in order that the grade separation with the C. & O. Railroad may be constructed.

"A method of entrance upon the proposed road for the abutting properties has been given considerable study by this office, with the safety of the traveling public and an economical cost being uppermost in mind.

"We have conferred at length with the Division and Central Office of the Ohio Department of Highways, together with the Bureau of Public Roads, on various schemes of entrance, as a solution to this problem. As you know, the Bureau of Public Roads will provide a portion of the finances for this improvement.

"We are enclosing a drawing, along with a copy of a letter from the Ohio Department of Highways which will show the method of entrance approved and concurred upon by the above public agencies.

The drawing will show the need of additional land to be acquired from the State of Ohio to provide and construct an access road as a means of entrance upon the proposed construction.

"We are hoping you will give this need for additional land your most serious and earliest consideration."

This request was referred to Mr. Paul Elleman, Director of Physical Plant. He recommends that the University grant an easement to the County for the land that is requested above on the same basis as the other land which will be required in connection with the Lane Avenue improvement and that the layout as outlined on the print attached to the letter from Mr. Eblin, dated January 7, 1955, be accepted. The University Cabinet concurs in Mr. Elleman's recommendation and accordingly recommends to the Board that the request of the County Engineer be accepted.

On motion of General Dargusch, seconded by Judge Gorman, the Board approved the above recommendation by unanimous vote.

The Vice President and Business Manager recommended that the University employ the firm of Sims, Cornelius & Schooley to render the necessary engineering services to install air cooling in the office section of the Research Center at 1314 Kinnear Road. The estimated cost of the project is \$25,000.00 and the fee for the engineering is set at 6%.

Upon motion of Mr. Ketner, seconded by Senator Huffman, the Board by unanimous vote approved the foregoing recommendation.

The Vice President and Business Manager informed the Board that in order to complete the financing for the Field House Group of projects, it is proposed that the University issue \$2,400,000.00 of Athletic Department Revenue Bonds. He further informed the Board that under the date of February 14, 1955, there was received an offer from Sweney-Cartwright and Company, the Ohio Company, and the Weil, Roth and Irving Company (known as the "original purchasers") to purchase these bonds at par and accrued interest, the effective rate of interest to be approximately 2.92%.

The Vice President and Business Manager recommended to the Board the acceptance of the offer of this group of companies for the Athletic Department Revenue Bonds and presented a resolution prepared by Squires, Sanders and Dempsey and approved by the Attorney General's office authorizing the issuance of the Bonds and providing the terms and conditions under which these Bonds are to be issued as follows:

RESOLUTION

Providing for the issuance of \$2,400,000 The Ohio State University Athletic Department Revenue Bonds for the purpose of constructing and equipping St. John arena and the indoor practice section of the field house group to be used for athletic purposes, to provide for the pledge of receipts from athletic events to secure said bonds and additional parity bonds, and to provide covenants appropriate for the protection and disposition of such receipts and to secure the payments of the principal and interest of such bonds.

WHEREAS, the Board of Trustees of The Ohio State University

(herein called the Board) is vested with the government of The Ohio State University (herein called the University) by Section 3335.02 of the Revised Code of Ohio, with the right, under Section 3335.03 of said Revised Code, and as such Board, of suing and being sued, contracting and being contracted with, and of making and using a common seal and, under Section 3335.10 of said Revised Code, and has general supervision of all lands, buildings and other property of the University and control of all expences therefor; and

WHEREAS, by authority of Section 3345.11 of the Revised Code of Ohio, the Board is authorized to construct, equip, maintain and operate upon such sites within the campus of the University, as the Board designates, structures, buildings or facilities to be used for athletic purposes and for the purpose of paying all or any part of the cost of such construction or equipment, to issue and sell bonds, secured by the assignment or pledge of any portion of the receipts from athletic events not otherwise obligated as the Board determines, provided that such bonds shall not be a claim against or lien upon any property of the State of Ohio or any property of or under the control of said Board except the receipts as pledged; and

WHEREAS, the Board is proceeding with the construction and equipment of St. John athletic arena and the indoor practice section of the field house group upon a site within the campus of the University, herein called the Project, to be used for athletic purposes and estimated to cost approximately \$5,000,000 and desires to pay part of the cost by the issuance and sale of \$2,400,000 principal amount of Athletic Department Revenue Bonds (herein called the Arena Bonds), pursuant to said Section 3345.11 of the Revised Code of Ohio on the terms provided herein, the remaining part of the cost having been provided by the Board from accumulated surplus Athletic Department funds available therefor, and

WHEREAS, the Board has received a proposal dated February 14, 1955 from Sweeney Cartwright & Co. and the Ohio Company, Columbus, Ohio, and The Weil, Roth & Irving So., Cincinnati, Ohio (herein called the Original Purchasers) on behalf of themselves and such others as may join in the proposal with their consent to purchase said bonds for \$2,400,000.00, together with accrued interest to date of delivery;

NOW, THEREFORE, BE IT RESOLVED by the Board of Trustees of The Ohio State University:

Section 1. Purpose and Designation of Arena Bonds. That it is hereby determined to be necessary, for the purpose of paying a portion of the cost of construction and equipment of the Project on a site heretofore designated by the Board on the campus of the University, to issue and sell \$2,400,000 of bonds to be payable from the receipts from athletic events as hereinafter provided. Said bonds shall be entitled "The Ohio State University Athletic Department Revenue Bonds," and as referred to herein as the Arena Bonds.

Section 2. Terms of Arena Bonds. The Arena Bonds shall be dated March 1, 1955; shall be issuable in such denominations and numbers and in coupon form, registerable as to principal, or in fully registered form as may be requested by the Original Purchasers prior to issuance and provided in the Trust Agreement hereinafter authorized and shall bear interest payable semi-annually on June first and December first of each year, beginning December 1, 1955, until

the principal sum is paid, at the rates set forth below. The Arena Bonds shall mature annually on December first and bear interest as follows:

Amount	Maturity	Interest Rate	Amount	Maturity	Interest Rate	Amount	Maturity	Interest Rate
\$65,000	1958	2½ %	\$85,000	1967	2¾ %	\$110,000	1975	3 %

75,000	1962	2½	95,000	1971	3	125,000	1979	3
75,000	1963	2¾	100,000	1972	3	130,000	1980	3
80,000	1964	2¾	100,000	1973	3	130,000	1981	3
80,000	1965	2¾	105,000	1974	3	135,000	1982	3
85,000	1966	2¾						

Principal and interest on the Arena Bonds shall be payable at the principal office of the Trustee under the Trust Agreement (herein called the Trustee), hereinafter provided for, said Trustee at the time of issuance of the Arena Bonds being The Ohio National Bank of Columbus, Columbus, Ohio.

The Arena Bonds shall be subject to call for redemption prior to maturity, at the option of the Board, in whole or in part, in inverse order of maturity, on December 1, 1960, or on any interest paying date thereafter at the following redemption prices (which are expressed in percentages of the principal amount of such bonds) and accrued interest to the date fixed for redemption and at the following times:

103½ %	if called on or before December 1, 1964;
103	if called thereafter and on or before December 1, 1967;
102½	if called thereafter and on or before December 1, 1970;
102	if called thereafter and on or before December 1, 1973;
101½	if called thereafter and on or before December 1, 1976;
101	if called thereafter and on or before December 1, 1979;
100½	thereafter.

If less than all outstanding Arena Bonds of one maturity are to be called, the Arena Bonds of that maturity to be called shall be chosen by lot conducted by the Trustee under the Trust Agreement hereinafter provided for.

Such call for redemption shall be made by notice, specifying the numbers of the Arena Bonds to be called, published by the Trustee on behalf of the University once a week for two consecutive weeks in a newspaper of general circulation published in Columbus, Ohio, the first publication to be not more than forty (40) nor less than thirty (30) days prior to the date of redemption, upon which date all interest upon the Arena Bonds so called shall cease except for Arena Bonds as to which default shall be made, upon presentation, in the payment of the redemption price. On compliance with Section 5 below. Additional Bonds may be issued to provide funds to call, purchase or redeem, or for the purpose, in any other manner, of refunding, all of the Arena Bonds at the time outstanding.

Section 3. Award of Bonds. The Arena Bonds are hereby sold to the Original Purchasers (and to such others as, with the consent of the Original Purchasers, join them as purchasers) at the price and on the terms provided in said Proposal dated February 14, 1955, submitted to the Board by the Original Purchasers.

Section 4. Allocation of Proceeds of Arena Bonds. From the proceeds from sale of the Arena Bonds shall be allocated and to the Trustee paid (a) the portion representing accrued interest, to the Debt Service Fund and (b) the portion, if any, representing premium, to the Debt Service Reserve Fund; the entire balance of such proceeds shall be used by the Board together with said accumulated surplus Athletic Department funds for the construction and equipment of the Project on said site.

Section 5. Additional Bonds. The Board shall have the right from time to time to issue Additional Bonds for the purpose of completing the construction and equipment of the Project if necessary, and the Trustee shall authenticate and deliver such bonds upon receipt of a resolution of the Board authorizing their issue and a certificate of the Vice President and Business Manager and the Comptroller that the proceeds of such bonds are needed for such purpose. The Board shall have the right from time to time to issue Additional Bonds for the purpose of construction and equipment by the University of other structures, buildings or facilities to be used for athletic purposes or for the refunding of outstanding Bonds as provided in Section 2 above. The Additional Bonds shall be payable from the Debt Service Fund and Debt Service Reserve Fund and be secured by a pledge of the receipts from athletic events on a parity with the Arena Bonds. The Trustee shall authenticate and deliver Additional Bonds issued for other structures, buildings or facilities to be used for athletic purposes if, but only if, when such Additional Bonds are issued, the University shall have furnished to the Trustee the following:

- (a) Certificate of the Vice President and Business Manager and the Comptroller of the University certifying that, to the best of their knowledge, the University is not, on the date of issue of such Additional Bonds, in default in the performance of any of its covenants provided in this Resolution, in the Trust Agreement or in the Bonds; and
- (b) Certificate of the Vice President and Business Manager and the Comptroller of the University showing that the average annual receipts from athletic events of the University for the three (3) fiscal years immediately preceding the sale of such Additional Bonds, after providing for operating and maintenance expenses of the Athletic Department of the University for that period, and also such receipts for the last preceding fiscal year after such operating and maintenance expenses for that year, are at least equal to 150% of the largest amount required to be paid in any fiscal year into the Debt Service Fund with respect to all Bonds to be outstanding immediately after the issuance of the Additional Bonds.

No Additional Bonds shall be redeemable earlier than any Bonds outstanding at the time of issuance of such Additional Bonds.

Section 6. Terms of the Bonds Generally. As used in this Resolution, the term "Bonds" refers both to the Arena Bonds and all Additional Bonds. The Bonds shall be designated The Ohio State University Athletic Department Revenue Bonds, shall be payable in lawful money of the United States, shall be negotiable instruments, shall express upon their face the purpose for which they are issued,

and shall be issued pursuant to Section 3345.11 of the Revised Code of Ohio. The Arena Bonds shall be signed by the Chairman of the Board or bear his facsimile signature and shall be signed by the President of the University and attested by the Secretary of the Board and be sealed with the seal of the University or a facsimile thereof. Interest coupons attached to the Bonds shall bear the facsimile signature of the Treasurer of the Board. In case any officer whose signature or a facsimile of whose signature shall appear on any Bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes, the same as if he had remained in office until such delivery. The Additional Bonds shall bear such designation as may be necessary to distinguish them from the Arena Bonds or other Additional Bonds having different provisions and shall have maturities, interest rates, interest payment dates, redemption provisions, denominations, registration provisions, and other provisions as provided in the Resolution providing for issuance of the Additional Bonds, provided, however, that such terms and provisions shall not be inconsistent with this Resolution, the Trust Agreement or the then outstanding Bonds.

The Bonds shall be payable from the receipts of the University from athletic events and shall be secured, equally and ratably without priority of one over another, by the pledge of said receipts after provision for operation and maintenance expenses of the Athletic Department of the University on the terms provided herein, in the Trust Agreement and in the Bonds, and anything in the Trust Agreement, this Resolution or the bonds to the contrary notwithstanding, neither the Bonds nor the Trust Agreement shall be a claim against or lien upon any property of the State of Ohio or any property of or under the control of the Board except the portion of said receipts pledged as provided herein, provided, however, that if otherwise lawful nothing herein shall be deemed to prohibit the University, of its own volition, from using, or pledging, to the extent it is lawfully authorized to do so, any of its other resources or revenues for the fulfillment of any of the terms, conditions or obligations of the Trust Agreement, this Resolution or any of the Bonds.

Section 7. Covenants of the University. The University, by issuance of the Arena Bonds, covenants with the holders of the Bonds and with the Trustee under the Trust Agreement (a) that it will at all times so fix and adjust the receipts from athletic events as to provide a fund sufficient to pay the principal and interest of the Bonds and to pay the operation and maintenance expenses of the Athletic Department, (b) in order to provide such fund, it will, unless the amounts in the Debt Service Fund, Debt Service Reserve Fund and Replacement Account equal the total unpaid principal and interest on all bonds then outstanding, make such charges for attendance and other privileges, concessions and rights at athletic events and will so restrict operation and maintenance expenses of the Athletic Department as shall result in receipts from athletic events after provision for operation and maintenance expenses of the Athletic Department equal to the amounts required to be paid into the Debt Service Fund, Debt Service Reserve Fund and Replacement Account for the ensuing fiscal year under the provisions of this Resolution and to maintain an adequate sum for working capital of the Athletic Department; (c) that the University will furnish to the Trustee and

to the Original Purchasers of the Arena Bonds an annual report of the accounts and operations of the Athletic Department prepared by qualified accountants approved by the Trustee, (d) the University will insure and at all times keep the stadium insured until all outstanding Bonds and the interest thereon shall have been paid or provision for such payment shall have been made, in a responsible insurance company or companies authorized and qualified under the laws of the State of Ohio to assume the risk thereof, against physical loss or damage however caused, with such exceptions as are ordinarily required by insurers of structures or facilities of similar type, in an amount not less than eighty per cent (80%) of the replacement value of the stadium, less depreciation, as determined by the Board and satisfactory to the Trustee; provided, however, that such amount of insurance shall at all times be sufficient to comply with any legal or contractual requirement which, if broken, would result in assumption by the University of a portion of any loss or damage as a co-insurer, and that such insurance may provide for the deduction from each claim for loss or damage (except in case of a total loss) of not more than two per cent (2%) of the total amount of insurance required by the application of the co-insurance clause; and provided, further, that if at any time the University shall be unable to obtain such insurance to the extent above required, either in the amount or as to the risks to be covered thereby, it will not constitute an event of default under the provisions of the Trust Agreement if the University shall maintain such insurance to the extent reasonably obtainable; (e) the proceeds of such insurance shall be used to repair or rebuild the stadium; and (f) that the University will observe and perform all its agreements and obligations provided for by the Bonds, the Trust Agreement and this Resolution.

Section 8. Revenue Fund and Application Thereof; Special Funds. So long as any Bonds remain outstanding, all receipts from athletic events after issuance of the Arena Bonds shall be deposited in a separate fund known as the "Athletic Revenue Fund," which shall be maintained, in the name of the University, in a bank deposit or deposits separate and distinct from all other funds of the University, and such fund, subject to the withdrawals and uses herein authorized, is a sinking fund pledged to and charged with the payment of the principal and interest of the Bonds. Out of said Fund the following payments or transfers only shall be made and in the following order, but only to the extent funds are then available therein, to wit:

First, Such sums as are necessary to pay all reasonable and proper operation and maintenance expenses of the Athletic Department.

Second, Semi-annually on or before the twentieth days of May and November, into the Debt Service Fund (1) beginning November 20, 1955, an amount equal to the interest due on the next ensuing interest payment date upon all Bonds outstanding; and (2) beginning on May 20, 1958, the equal semi-annual sum necessary to provide for payment of the next ensuing principal maturity of Arena Bonds and, if Additional Bonds shall be issued, the amount specified in the Resolution authorizing such Additional Bonds to provide for payment of the principal thereof, which amount shall be not less than the amount

necessary to be paid in equal semi-annual installments to provide, at the time of their respective maturities, funds to pay in full all such Additional Bonds.

Third, Into the Debt Service Reserve Fund the following:

(a) On or before December 31, 1955 not less than \$135,000 and on or before December 31, 1956 such additional amount as is necessary to provide at least \$270,000 in said Fund, and,

(b) On December 31, 1957 and each December 31 thereafter, such additional amounts as are necessary to create and maintain in said Debt Service Reserve Fund an amount equal to the principal and interest requirements for the ensuing two calendar years on all Bonds then outstanding, and

(c) On December 31 of the year in which there shall be issued any Additional Bonds, an amount sufficient to make said Fund equal to the principal and interest requirements for the ensuing two calendar years on all the Bonds to be outstanding immediately after the issuance of such Additional Bonds.

Fourth, On or before December 31 of each year, commencing with year 1955, there shall be transferred into a Replacement Account to be established and maintained in the Athletic Revenue Fund at least such amount as may be determined by the Board and satisfactory to the Trustee, to be necessary to provide in said Account an adequate reserve for replacement and depreciation of the stadium.

Fifth, On or before December 31 of each year, commencing with the year 1955, such sum in addition to any of the foregoing as may be necessary and available, after meeting the requirements of the preceding paragraphs First, Second, Third, and Fourth, to make up any previous deficiency in any such annual deposits or such transfer,

Sixth, If and so long as the Debt Service Fund, Debt Service Reserve Fund and the Replacement Account equal the then required amount, the revenues remaining in the Athletic Revenue Fund on December 31 of the preceding calendar year, after paying or providing for the amounts payable for such preceding year under paragraphs Second, Third, Fourth, and Fifth above and after reserving therein an adequate sum as working capital for the Athletic Department, may be used for any lawful purposes.

The Debt Service Fund shall be maintained as a trust fund in the custody of the Trustee, and shall be used solely for the payment of the principal of and the interest on the Bonds, and until required for such purpose may be invested in direct obligations of the United States maturing not later than the dates when such funds will be required for such payments.

The Debt Service Reserve Fund shall be maintained as a trust fund in the custody of the Trustee, and, until required for any of

the purposes hereinafter mentioned, may be invested by the Trustee in direct obligations of the United States maturing not more than five (5) years from date of investment. Moneys in the Debt Service Reserve Fund shall, to the extent necessary, be transferred to the Debt Service Fund to permit the payment of all obligations payable therefrom, but only after transferring to the Debt Service Fund, to the extent necessary, any moneys available in the Athletic Reserve Fund for that purpose.

Any amounts in the Debt Service Reserve Fund at any time in excess of the amount then required to be maintained therein shall be used on request of the University to purchase Bonds or to call any Bonds then subject to call or for any other lawful purposes; or, on request of the University, shall be invested by the Trustee in any direct obligations of the United States; in calculating at any time whether additional amounts are required to be paid into the Debt Service Reserve Fund under Section 8, paragraph Third hereof, there shall be included only cash and any bonds in said Fund which mature not more than five (5) years after the date of such calculation.

The Replacement Account shall be maintained by the University in a separate account in the Athletic Revenue Fund, and shall be used by the University solely for the replacement and improvement of the stadium to the extent not provided as part of the operating and maintenance expenses of the Athletic Department of the University. Any amounts in the Replacement Account at any time in excess of the sum determined pursuant to paragraph Fourth above as then necessary for the purposes therein provided shall be released from such Account.

Interest received on any investments of any such special funds shall be deposited in the special fund for which the investments were made.

If at any time the University shall have provided the Trustee with moneys sufficient, together with moneys and investments then in the Debt Service Fund and Debt Service Reserve Fund, to retire in full on the next available redemption date any then outstanding issue of Bonds, without thereby reducing the balance thereafter remaining in said Debt Service Fund and Debt Service Reserve Fund below the amount which on such call date would be required by this Section to be on hand therein with respect to Bonds not to be retired, the Trustee on request of the University shall make available out of said Debt Service Fund and Debt Service Reserve Fund the amount required, together with the other moneys provided, to accomplish such retirement.

Section 9. Definitions of Receipts and Expenses. As used in this resolution and without limiting the generality thereof, the term "receipts from athletic events" shall include any receipts of the University from ticket sales, season book sales, shares in receipts from conference or association games, meets, or other events, receipts from concessions, broadcasting, television and movie rights and program sales in connection with athletic events, and receipts of the University arising directly or indirectly out of any games, contests, athletic exhibitions or other athletic events held by the University or by any conference or association of which the University is a member or in which it participates.

The operation and maintenance expenses of the Athletic Department means expenditures of the same general nature and deter-

mined on the same general basis as the expenditures shown in Schedule J-4 of the Financial Report of The Ohio State University for the year ended June 30, 1954 under the headings "Games and Sports" and "Administration and General," and in addition, shall include any net loss from golf course operation and the type of expense related to University athletic events shown in said schedule J-4 under descriptions "Band," "Intramural" and "High School Events" and any necessary provision for possible refunds in ticket sales, but such operating and maintenance expenses shall not include any allowance, reserve or expenditure for depreciation or capital replacements or improvements.

Section 10. Trust Agreement. In order to secure the payment of the principal of and interest on the Bonds as the same shall become due and payable and the performance of the obligations of the University in this Resolution, the Bonds and the Trust Agreement, the President and the Vice President and Business Manager of the University are hereby authorized and directed in the name of and on behalf of the University and the Board to execute, seal and deliver to the Trustee a good and sufficient Trust Agreement pledging the receipts of athletic events on the terms herein provided in such form and containing such terms, covenants and conditions not inconsistent with this Resolution as shall be approved by such Original Purchasers and by the President and Vice President and Business Manager of the University.

Provision shall be made therein that in case the University shall default for more than thirty (30) days in the payment of any Bonds or the interest thereon or for more than ninety (90) days in performing any of the covenants or requirements of the Trust Agreement or of this Resolution, or of the Bonds, the Trustee may elect to, and upon request of the owners or holders of twenty-five per cent 25%) in amount of the outstanding Bonds shall, declare the entire amount of outstanding Bonds due and payable and proceed to enforce the rights of the bondholders.

The Trust Agreement shall contain the usual covenants and provisions as to remedies of the Trustee and bondholders, to the extent the same may lawfully be entered into by the Board.

The Trust Agreement shall also contain covenants as to proper maintenance of the athletic facilities and particularly the stadium, and the efficient operation thereof, maintenance, to the extent reasonably available, of adequate use and occupancy insurance upon the stadium until the required Debt Service Reserve is deposited, compliance with applicable requirements of law; periodic reports of operations of the Athletic Department to the Original Purchasers and the Trustee and the furnishing to the Original Purchasers and the Trustee of information reasonably requested by them; performance of the other covenants provided for in this Resolution or any resolution providing for Additional Bonds; and such other lawful covenants as may be necessary or appropriate for the due protection of the rights and security of the holders of the Bonds.

The Trust Agreement shall contain appropriate provisions for compensation of the Trustee and payment of the expenses from the Athletic Revenue Fund as part of the cost of operation of the Athletic Department and usual restrictions on the right of bondholders individually to enforce the Trust Agreement and usual provisional restricting the liability, and providing for indemnification, of the Trustee.

Said Trust Agreement shall contain appropriate provisions whereby the University, by Resolution of its Board and with the written consent of the holders of not less than sixty-six and two-thirds per cent (66⅔%) in aggregate principal amount of outstanding Bonds (excluding Bonds held or owned by the University), may modify or amend any covenant, condition or provision of the Trust Agreement or any supplement thereto so long as such action shall not result in changing the redemption provisions or interest and principal maturity dates nor reducing the principal amount or interest rate on any Bond without the consent of the holder thereof nor modifying the rights or obligations of the Trustee without its consent, nor reducing the percentage herein specified, nor imposing upon any part of the revenues pledged hereunder any lien ranking prior to the lien of the Trust Agreement and the Bonds.

Upon motion of Mr. Ketner, seconded by Judge Gorman, upon roll call the foregoing resolution was adopted and the award of the Bonds made to the "original purchasers" as stated in the resolution.

General Dargusch did not participate in this action.

The Vice President and Business Manager presented the following report:

The Class of 1954 provided as their class memorial an additional gift for the Victory Bell. \$1,800.00 of the gift of the Class remains after the Bell was purchased and installed and unless action is taken by the Board, the funds will lie unused. The Board of Directors of the Development Fund considered this matter and it is their unanimous recommendation that the \$1,800.00 in question be used to buy additional campus signs for certain of the outlying properties of the University. The University Administration concurs in this recommendation with the understanding that the signs so acquired will be properly designated as a gift of the Class of 1954 and that the signs will follow the general format of the ones already installed on the main campus as a gift of the Class of 1953.

Upon motion of General Dargusch, seconded by Senator Huffman, the Board approved the foregoing recommendation.

General Dargusch stated that he believed the Board should take special note of the resignation of Professor E. L. Dakan, as Chairman of the Department of Poultry Science, and offered the following resolution, which was seconded by Mr. Ketner and unanimously adopted.

WHEREAS Professor E. L. Dakan, Chairman of the Department of Poultry Science, leaves a notable record of achievement in administration, extension, teaching and research, and

WHEREAS Poultry Science evolved from small beginnings, i.e., a one room office and single chicken house, to a separate department, having its own poultry administration buildings, research laboratories and poultry farms at the University and Experiment Station, and which department he has served as Chairman for more than thirty years, and

WHEREAS Professor Dakan's long range vision and planning have made Ohio a leader in poultry improvement, marketing and poultry extension activities, there being numbered among such the

following matters, for which Professor Dakan was in large part responsible: The National Poultry Improvement Plan, which was patterned after the work of the Ohio Poultry Improvement Association, the first cooperative egg auction in Ohio; the Ohio system of egg marketing, which has become a model for other states; the first feed dealers' conference, which are now held annually in many states, the establishment of the organization, which was responsible for obtaining the U. S. Department of Agriculture Regional Poultry Disease Laboratory for this area.

In addition to the above, Professor Dakan has been extremely active in other University affairs and community activities. He has served the University on numerous committees and shares credit for instituting many present administration policies and procedures.

Professor Dakan's influence has been widespread not only because of his teaching, extension and research activities, but because of his writing. He has served as Poultry Editor of the "Ohio Farmer" for many years and is the author of "Ohio and the Poultry Industry" and many numerous bulletins and articles. In addition, he has an interest in Ornithology and other biological subjects and has written and lectured on incubator fumigation and the use of light for growth, egg production and the control of disease.

Among the most significant of his contributions to the poultry industry has been that in the field of goose breeding and management, a type of goose reared at The Ohio State University poultry plant, being superior in every respect. Similar work has been carried on by the Department of Poultry Science with turkeys and chickens.

NOW, THEREFORE, the Board of Trustees extends its thanks and appreciation to Professor Dakan for his long, faithful and outstanding service to the University and the Experiment Station, observing that he epitomizes by his work the purpose of the University and the Experiment Station, which is to be of service to the people of Ohio and the nation. It is with gratification that the Board notes that Professor Dakan will remain in our service as a professor in his chosen field and that we shall have the benefit of his wise counsel for years to come.

A copy of this resolution suitably inscribed shall be forwarded to Professor Dakan.

President Bevis presented the following miscellaneous recommendations:

That upon the recommendation of the Faculty Council at its meeting held on February 8, Rules 36, Committee on Aptitude and Diagnostic Tests, and Rule 152, Academic Aptitude Test, be revised to read as follows:

Rule 36. The Committee on Aptitude and Diagnostic Tests. The Committee on Aptitude and Diagnostic Tests shall consist of five

members of the University Faculty appointed annually by the President. It shall formulate and administer an academic aptitude test given in accordance with Faculty Rule 152.

The Committee shall also study the formulation, administration, and use of other aptitude and diagnostic tests and shall recommend to the Faculty Council such revisions of the University's testing program as it thinks proper after full consideration with the departments, colleges, and other units affected. Its function shall not extend to examinations given in any course unless the department concerned solicits the assistance of the Committee.

Rule 152. Academic Aptitude Test. Every new undergraduate student (with the exception of transient students) entering the University is required to take an academic aptitude test under the direction of the Committee on Aptitude and Diagnostic Tests unless excused by that Committee.

The taking of this test by students entering the School of Optometry, the Graduate School, the Twilight School, or the Colleges of Dentistry, Law, Medicine, Pharmacy or Veterinary Medicine shall be optional with these Schools or Colleges.

That upon the recommendation of the Faculty Council at its meeting on February 8, the elimination of the degree, Master of Dental Science, be approved. Henceforth, candidates for the master's degree in the field of Dentistry will use the standard Master of Science program.

That the sum of \$5,000 be transferred from Dairy Laboratory Rotary 15954 to Rotary 13156 for the use of the Department of Dairy Technology.

That the Memorandum of Understanding between the Ohio State University and the United States Department of Agriculture on Co-operative Extension Work in Agriculture and Home Economics, be approved.

That the research agreements heretofore entered into between the Ohio State University and the Ohio State University Research Foundation setting up the following projects be reported to the Board of Trustees for information and record:

Republic Steel Corporation, Cleveland, Ohio—Investigation of Blast Furnace Slag (To be known as the Republic Steel Corporation research project No. 374 (Sup. No. 3)—Mineralogy—. Gross value, \$15,840.00.

Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Kinetics of the Decomposition of Fuming Nitric Acids (to be known as the Wright Air Development Center Research Project No. 409 (Sup. No. 12)—Chemical Engineering). Gross value, \$17,903.00.

Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Heat Transfer Within Rotating Electrical Equipment (to be known as the Wright Air Development Center Research Project No. 445 (C.O. No. 8)—Mechanical Engineering). Gross value, \$12,913.00.

Navy Department, Office of Naval Research, Washington, D. C.—Investigation of Infrared Spectra of Polyatomic Molecules (to be known as the Navy Department Research Project No. 447 (Amendment No. 5)—Physics). Gross Value, \$6,000.00.

Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of High Altitude Physiological Research (to be known as the Wright Air Development Center Research Project No. 588 (Sup. No. 2)—Physiology). Gross value, \$37,717.70.

Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of research on Oxide-Base Cermet (to be known as the Wright Air Development Center Research Project No. 557 known as the Wright Air Development Center Research Project No. 557 (Sup. No. 5)—Engineering Experiment Station). Gross value, \$23,895.00.

Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Stress-Corrosion Cracking in Type 403 Stainless Steel (to be known as the Wright Air Development Center Research Project No. 626—Metallurgy). Gross value, \$29,005.00.

The above seven contracts for research in cooperation with Government and Industry represent a gross income of \$148,273.70.

Government—\$127,433.70 Industry—\$15,840.00

That the following gifts be accepted and the appreciation of the Board of Trustees be appropriately expressed.

\$4,005 from the Research Corporation for the continuation of the grant of Dr. John G. Daunt for one year—Rotary 11659.

\$2,250 from the Visking Corporation for the Visking Corporation Fellowship in Chemistry—Rotary 11890.

\$1,800 from the Research Corporation for research work by Dr. Michael P. Cava—Rotary 11658.

\$1,000 from the Universal Oil Products Company for two scholarships in Chemical Engineering.

From the Ohio State University Development Fund

\$600 for the Ohio 4-H Club Foundation.

\$25 for Medical Research—Rotary 13431.

The fee for students enrolled in the University Elementary School be increased from \$43.00 to \$58.00 per quarter, effective October 1, 1955, and that the fee for students enrolled in the University High School be increased from \$54.00 to \$58.00 per quarter, effective October 1, 1955. It is further recommended that the University School fee for the Summer term be increased from \$12.00 to \$15.00 effective Summer Quarter, 1955.

Upon motion of Judge Gorman, seconded by Mr. Black these recommendations of the President were approved by unanimous vote.

President Bevis recommended that the bond of Jacob B. Taylor, the Treasurer of the Board of Trustees, required under section 3335.05 Revised G.C. be set at \$200,000.00.

Upon motion of Judge Gorman, seconded by Senator Huffman, the above recommendation was approved by unanimous vote.

Traffic Survey

President Bevis referred to the serious and growing traffic situation upon the University campus. In view of the necessity for a study of the problem during the months of heavy traffic before the summer quarter begins, it was recommended:

That the proper administrative officers of the University be authorized to employ on its behalf a suitable firm, company or individual to make the desired survey and recommendations at a cost not to exceed eighteen thousand (\$18,000) dollars, and to report at the next meeting of the Board.

Upon motion of Mr. Black, seconded by Judge Gorman, this recommendation was approved by unanimous vote.

Accreditation

Vice President Stradley presented the following statement on accreditation:

The need for the accreditation of high schools and institutions of higher education began to develop in the years between 1890 and 1895. In the beginning the chief objective was to develop closer relations between the secondary schools and the colleges. The accrediting associations developed on a geographical basis. The country was divided into the following areas:

New England Association
Middle States and Maryland Association
Southern Association
North Central Association
North Western Association

All of these associations represent both secondary and higher education. Each association has commissions on secondary education, higher education, curricula, research, etc.

One of the cardinal principles of accrediting is that applications for membership in these accrediting associations are purely voluntary, but each high school or college desiring to gain membership must meet the requirements set up by the association. The procedure is as follows: The school applying must file an application with the association, and then an inspection is made by competent educators to determine eligibility for admission.

One of the problems which developed with accrediting was the establishment of more and more accrediting associations. There were accrediting associations to accredit graduate schools, each of the professional schools, and then the last straw was the development of departmental accrediting organizations at the college level. The situation became so complex that the leaders in higher education caused a study to be made of the whole accrediting system. As a result of this study, a movement developed to establish a screening agency for the accrediting associations. Some order came out of chaos, and administrators of colleges and universities were instructed to work through certain approved accrediting associations.

The Ohio State University is in the North central territory and, therefore, the North Central Association of Colleges and Secondary Schools is our original accrediting association. Most of the colleges of Ohio and almost half the Ohio high schools hold membership in this association.

There is a move in the North Central Association to decentralize its efforts for the purpose of developing more active relationships with the member institutions. Last week a meeting was held on this campus and attended by presidents of many of the colleges of Ohio and West Virginia. At this meeting three problems were given careful consideration:

- (1) that the North Central Association Commission on Colleges and Universities provide:
 - a. sponsorship and assistance in the conduct of a program of studies to be carried on by individual institutions and groups of institutions;
 - b. performance of a clearinghouse function in providing information of concern to the member higher institutions, and
 - c. provision of consultant services;
- (2) that certain internal changes be made in the organization of the Commission on Colleges and Universities;
- (3) that the North Central Association continue to assume part of the responsibilities for the accrediting of the professional schools.

In this connection, it should be stated that the North Central Association has not moved as far nor as fast in this direction as was first anticipated. In general, it is cooperating with professional accrediting groups rather than assuming the complete responsibility for accrediting the professional schools. This cooperation has included the designating of "generalists" in each field to visit the colleges and universities at the same time as the professional accrediting associations. The function of the generalists has been to see that the professional accreditation fits into the entire college or university program. He has served as an observer and coordinator who works with the professional accrediting group and reports back to the Association the general situation in the university.

The Vice President and Business Manager reported that the Cabinet has approved the following Extra to Contract and recommended that it now be approved by the Board of Trustees:

Harry E. Miller.....\$70.00

Covering for one overhead steel beam in Room 115 which cannot be eliminated as indicated by the working drawings for the remodeling of the East First Floor of University Hall

Original contract—\$8,060.00—March 7, 1955

Upon motion of Judge Gorman, seconded by Senator Huffman, this recommendation was approved by unanimous vote.

* * * * *

The Vice President and Business Manager presented the following report and recommendation of the University Architect:

When bids on the Basic Science Unit, College of Veterinary Medicine were opened on March 1, 1955, a base bid was received from George Koch Sons, Incorporated of Portsmouth on the Plumbing Contract in the sum of \$62,319.00 with other amounts for the several alternates as required by the proposal form.

On Wednesday, March 2, Mr. Schafer, of Garfield, Harris, Robinsons and Schafer was advised by a representative of Federal Insurance Company who furnished the Koch bond, that an error had been made in computation and that the bidder wishes to withdraw the bid. He was advised of the procedure which had been followed in previous cases where bids had been withdrawn.

On March 4, 1955, a telegram was received (dated March 3) by the University Architect:

"Re Basic Science Unit, College of Veterinary Medicine. Request withdrawal of our bid for plumbing contract due to the major omission of material and labor for piping services to laboratory equipment. Will await your instructions. Copy of this wire sent to Garfield, Harris, Robinson and Schafer, Cleveland. George Koch Sons, Inc."

On the afternoon of March 4, 1955, Mr. L. J. Koch, and a Mr. Elliott of George Koch Sons, Inc. and Mr. H. B. Liles representing the Federal Insurance Company presented to the University Architect:

1. A letter dated March 4, 1955, describing the nature of the omission purported to exist in their plumbing bid of March 1, 1955.
2. An affidavit by L. J. Koch, Project Engineer certifying to the omission and resultant error.
3. The original estimate sheets upon which the computations were made. They may be retained as the State's records, but will be supplemented by photostat copies as may be required.

I have examined the tabulation of bids and the documents presented by Koch and it is my opinion that an error has been made in computing the amount of the Koch bid for Plumbing. If Cabinet agrees with my opinion, I recommend that the documents be presented to the Director of the Department of Public Works or to the Attorney General, either directly or jointly with the Director, to determine their validity as a basis of withdrawal, of the Koch bid.

If the documents are valid, I recommend that George Koch Sons, Incorporated, be permitted to withdraw the bid of March 1, 1955 and that the bid be not considered in making award of contracts on this project.

Subsequently, this information was presented to Mr. Allen, the State Architect, by Mr. Weaver of the Business Office and Mr. Reichard of the University Architect's office. Mr. Allen informed the University representatives that, in his opinion, an honest mistake had been made by George Koch Sons, Incorporated, in the computation of their bid. Therefore, it was his opinion that, as provided by statute, George Koch Sons, Incorporated, should be permitted to withdraw their bid on the grounds of error.

The University Cabinet, therefore, recommends that George Koch Sons, Incorporated, be permitted to withdraw their bid and that the Director of Public Works be requested to concur in this recommendation and to proceed accordingly.

Upon motion of Senator Huffman, seconded by Mr. Kettering, the above recommendation of the University Cabinet was approved by unanimous vote.

The Vice President and Business Manager presented the following report:

The University Architect on February 17, 1955 advised the University Cabinet as follows with respect to the estimate of cost for the proposed new Diagnostic X-Ray and Classroom Facilities, College of Medicine and the First Section of Classroom-Administration Building, College of Agriculture.

In preparing a report on the tabulation of bids received February 15, 1955, for the construction of Diagnostic X-Ray and Classroom Facilities, College of Medicine, and for First Section of Classroom-Administration Building, College of Agriculture, a discrepancy of figures is found between (1) the estimates recorded at the University in the December 16, 1954 Cabinet minutes and the January 10, 1955 Trustees minutes, and (2) the estimates filed directly from Cleveland with the Auditor of State by the office of the Associate Architects, Garfield, Harris, Robinson, and Schafer.

Investigation now shows that the difference in figures is the result of a peculiar coincidence of circumstances due to typing errors in transmitting information between the Cleveland Office and the University Architect's Office between this office and the Business Office, and from the Cleveland Office directly to the State Offices in downtown Columbus.

We find, also, that, fortunately, the estimates filed with the State Architect and with the Auditor of State are correct both as to items included and as to amounts, and that they are the one which should be used in considering the awards of contracts on the projects involved.

I, therefore, recommend that the correct estimates as filed with the Auditor of State be recorded in the Cabinet minutes as of this date, including the added items and amended amounts, for official use in analysis of the tabulation of bids received on February 15, 1955, and in recommending the award of contracts on the projects involved.

These corrected estimates are as follows:

Diagnostic X-Ray and Classroom Facilities, College of Medicine

	Revised Estimate	Original Estimate
Division I General	\$317,543.00	\$318,718.84
Division II Plumbing	28,364.00	29,406.04
Division III Heating, Ventilating and Air Conditioning	62,625.00	63,138.79
Division IV Electrical	48,130.00	46,782.33

Similarly on February 24, 1955, the University Architect advised the University Cabinet as follows with respect to the estimate of cost for the Basic Science Building, College of Veterinary Medicine.

The University Architect has just received from Garfield, Harris, Robinson and Schafer, architects for Basic Science Building, College of Veterinary Medicine, a copy of the revised Estimate of Cost of the project. This revised estimate is at variance with the estimates listed in the Cabinet minutes of December 16, 1954. It is made necessary to eliminate Section 19, 'Miscellaneous Items of Equipment' from the base proposals and to place it in Alternate proposals in all divisions of the contract.

The necessary revised copies of documents have been filed with the Director of Public Works (State Architect) and with the Auditor of State. Bids are to be received on this project on March 1, 1955, and the revised estimates listed here should be used in analyzing the bids and recommending awards.

I recommend that the revised estimates as filed with the Auditor of State, including the amended amounts and the added alternates, be recorded in the Cabinet minutes of this date.

The revised estimate is as follows:

Basic Science Building, College of Veterinary Medicine

	Revised Estimate	Original Estimate
Division I General	\$659,085.00	\$807,600.00
Division II Plumbing	104,850.00	119,100.00
Division III Heating, Ventilating and Air Conditioning	121,900.00	122,500.00
Division IV Electrical	117,000.00	122,800.00
Total	<u>\$1,002,835.00</u>	<u>\$1,172,000.00</u>

Alternates

GC-1	Addition of Administration Wing	\$40,146.00	\$40,146.00
GC-2	Substitute laminated aluminum in refrigeration room	8,500.00	8,500.00
GC-3A	Structural slag with fill (Base Bid)	5,500.00	(No estimate)
GC-3B	Structural slab with fill if GC-1 is accepted	6,700.00	(No estimate)
GC-4	Excavate sub-ground floor area south of column line 34	3,000.00	(No estimate)

* Listed as Alt. E-2 on original estimate.

3-14-'55

GC-5	Add all laboratory equipment specified in Section 19	148,515.00	(No separate estimate)
P-1	Addition of Administration Wing	2,500.00	2,500.00
P-2	Extend sanitary sewer approximately 960 feet	4,740.00	(No estimate)
P-3	Install water still and distribution piping	8,310.00	(No estimate)
P-4	Connect all plumbing piping for Laboratory Equipment	14,250.00	(No separate estimate)
HV-1	Addition of Administration Wing	5,231.00	5,231.00
HV-2	Air Conditioning for Innoculation Room	1,300.00	(No estimate)
HV-3	Connect all steam piping for Laboratory Equipment	600.00	(No separate estimate)
E-1	Addition of Administration Wing	4,435.00	4,435.00
E-2	Additional electrical work if Alt. HV-2 is accepted	300.00	(No estimate)
E-3	Connect all electrical outlets and provide wiring for Laboratory equipment	5,800.00	(No separate estimate)

The Cabinet has approved the recommendations of the University Architect for the correction of the estimates of cost and now recommends to the Board that these revised estimates be approved.

Upon motion of Mr. Black, seconded by Judge Gorman, the above actions of the University Cabinet were approved by unanimous vote.

* * * * *

The Vice President and Business Manager reported that the Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contracts to the low bidders for the First Section Classroom-Administration Building and now recommends that the actions of the Cabinet be approved by the Board of Trustees. Detailed tabulations of said bids are on file in the offices of the Auditor of State and the University Architect and are included in the records of the University Cabinet.

The report and recommendations of the University Architect are as follows:

"Transmitted herewith is a tabulation of the bids for the project, First Section Classroom-Administration Building, College of Agriculture, received prior to 2:00 p.m., February 15, 1955, and publicly opened immediately after that hour by Mr. M. J. Moon, representing the Director of the Department of Public Works.

"After consultation with the architects, Garfield, Harris, Robinson and Schafer, and conferences with members of the Cabinet, I recommend that favorable consideration be given to Alternate No. 1, which adds a third story to the building with approximately 6,500 square feet of departmental space (other than instructional) and to Alternate No. 3, which adds air-conditioning for first floor south-wing classrooms. The cost per cubic foot for the base project is \$1.47, whereas the cost of the third floor addition is \$1.10 per cubic foot. It is my opinion that the facilities represented by Alternates No. 1 and No. 3 could not be added in the future at the figures presented by the proposals of these low bidders.

"It is noted that the low base bid of Robert W. Setterlin & Sons

Company for the General Contract, Div. 1, is above the estimate of cost on file with the Auditor of State, but it is regular in every respect.

"It is also noted that the low bids of The Huffman-Wolfe Company for Plumbing, Division II, National Company, Inc., for Heating, Ventilating and Air Conditioning, Division II, Gustav Hirsch Organization, for Electrical Work, Division IV, and the bids by the low base bidders for Alternates No. 1 and No. 3 are regular in every respect and are all below the estimates on file with the Auditor of State.

"A list of the low base bids and a comparison with the architects' estimates follow:

		Low Bid	Estimate Architects'
<i>Division I</i>	<i>General</i>		
Robert W. Setterlin & Sons Co.		\$ 763,942.00	\$ 725,456.60
Alternate GC-1	Add	83,379.00	91,100.00
Total with alternate		\$ 847,321.00	\$ 816,556.60
<i>Division II</i>	<i>Plumbing</i>		
The Huffman-Wolfe Co.		\$ 43,300.00	\$ 59,985.00
Alternate P-1	Add	3,600.00	8,000.00
Total with alternate		\$ 46,900.00	\$ 67,985.00
<i>Division III</i>	<i>Heating, Ventilating and Air Conditioning</i>		
The National Co., Inc.		\$ 115,590.00	\$ 145,636.00
Alternate HV-1	Add	10,042.00	12,000.00
Alternate HV-3	Add	16,310.00	30,800.00
Total with alternates		\$ 141,942.00	\$ 188,436.00
<i>Division IV</i>	<i>Electrical</i>		
Gustav Hirsch Organization		\$ 87,400.00	\$ 109,571.00
Alternate E-1	Add	9,500.00	11,150.00
Alternate E-3	Add	220.00	550.00
Total with alternates		\$ 97,120.00	\$ 121,271.00
Total for all divisions		\$1,133,283.00	\$1,194,248.60

"It is noted from the tabulation that 30 separate bids were received and that the bids are closely competitive. It is also noted that the total of all the low bids, including the alternates, are \$60,965.60 below the architects' estimates for these items, notwithstanding the fact that the low general contract bid is in excess of the architects' estimate. It is my opinion that no lower general contract bid would be received if this division of the project were to be re-advertised.

"I, therefore, recommend that the Controlling Board be requested to grant permission for the awards to the low base bidders and, if

this permission is granted, I recommend that contracts be awarded by the Board of Trustees to the low bidders listed in the tabulation above, and for the amounts listed above and that the Director of the Department of Public Works be requested to execute proper contracts accordingly."

Funds for this project are to be paid from G-2-2 Agriculture-First Section of Classroom-Administration Building, H. B. 816.

Upon motion of Mr. Black, seconded by Mr. Kettering, the above action of the University Cabinet was approved by unanimous vote.

The Vice President and Business Manager reported that the Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contracts to the low bidders for the project Diagnostic X-Ray and Classroom Facilities, College of Medicine, and now recommends that the actions of the Cabinet be approved by the Board of Trustees. Detailed tabulations of said bids are on file in the offices of the Auditor of State and the University Architect and are included in the records of the University Cabinet.

The report and recommendations of the University Architect are as follows:

"Transmitted herewith is a tabulation of the bids for the project Diagnostic X-Ray and Classroom Facilities, College of Medicine, received prior to 2:00 p.m., February 15, 1955, and publicly opened immediately after that hour by Mr. M. J. Moon, representing the Director of the Department of Public Works.

"After consultation with the architects, Garfield, Harris, Robinson and Schafer, for the project and conferences with members of the Cabinet, I recommend that favorable consideration be given to Alternate No. 2 which adds facilities required to include air-conditioning for first floor rooms. The cost of this extra work is relatively low if done now and could not be added at a later date at such economical figures.

"It is noted that the low bids received on all four divisions of the contract, and on Alternate No. 2, are higher than the estimates of cost for these items on file with the Auditor of State. They are regular in every other respect.

"A list of the low base bids and a comparison with the Architects' estimates follows:

<i>Division I</i>	<i>General</i>		
	General Maintenance and Engineering Company	Low Bid \$351,300.00	Architects' Estimate \$317,543.00
<hr/>			
<i>Division II</i>	<i>Plumbing</i>		
	Limbach Company	\$ 30,167.00	\$ 28,364.00
<hr/>			
<i>Division III</i>	<i>Heating, Ventilating and Air Conditioning</i>		
	Piping Contractors Co.	\$ 67,673.00	\$ 62,625.00
	Alternate HV-2 Add	28,397.00	27,400.00
<hr/>			
	Total with alternate	\$ 96,070.00	\$ 90,025.00
<hr/>			

<i>Division IV Electrical</i>			
Electrical Contractors, Inc.		\$ 68,466.00	\$ 46,130.00
Alternate E-2	Add	868.00	550.00
Total with alternate		<u>\$ 69,334.00</u>	<u>\$ 46,680.00</u>
Total for all Divisions (with alternates)		<u>\$546,871.00</u>	<u>\$482,612.00</u>

"There were 24 different bidders on this project and the bids in all divisions are remarkably close. For example, the ten general contract base bids are within 10% between high and low and the five bids above the low general contract bid are within 2¼% of each other. This indicates that the field of competitive bidders has been fully and satisfactorily covered. It is my opinion that no lower bids would be received in any of the divisions if the project were to be re-advertised.

"The need for these minimum facilities for teaching purposes and for diagnosis by X-Ray is pressing and time is of the essence in the construction of this project.

"For the reasons cited above, I recommend that the Controlling Board be requested to grant permission for the awards to the low base bidder, and if this permission is granted, I recommend that contracts be awarded by the Board of Trustees to the bidders listed in the Tabulation above and for the amounts listed above and that the Director of the Department of Public Works be requested to execute proper contracts accordingly."

A transfer of funds in the amount of \$82,183.26 from G-2-5 Rehabilitation of Present Buildings to G-2-4 Medicine, Diagnostic X-Ray and Classroom Facilities, H. B. 816 will be required and is accordingly recommended.

Upon motion of Mr. Black, seconded by Mr. Kettering, the above actions of the University Cabinet and the transfer of funds as recommended by the Cabinet were approved by unanimous vote.

The Vice President and Business Manager reported that the Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contracts to the low bidders for the Basic Science Unit, College of Veterinary Medicine, and now recommends that the actions of the Cabinet be approved by the Board of Trustees. Detailed tabulations of said bids are on file in the office of the Auditor of State and the University Architect and are included in the records of the University Cabinet.

The report and recommendations of the University Architect are as follows:

"Analysis of the tabulation of bids shows that the low bidders on Base Contracts are:

"General Contract, Garwick & Ross
Plumbing Contract, Limbach Co.
Heating, Ventilating, Air Conditioning Contract, Huffman-Wolfe Co.
Electrical Contract, Blum Electric, Inc.

"The choice of the several alternates submitted by these low bidders does not change the relative position of the bidders.

"It is noted that (1) the low General Contract base bid of Garwick & Ross at \$731,700.00 is in excess of the Architect's estimate of \$659,085.00; (2) the bid for Alternate GC-1 at \$41,000.00 is in excess of the estimate of \$40,146.00; (3) the bid for Alternate GC-4 at \$3,200.00 is in excess of the estimate of \$3,000.00; and (4) the bid of Huffman-Wolfe Co. for Alternate HV-2 at \$1,800.00 is in excess of the estimate of \$1,300.00. In every other respect the proposals on these four items are regular.

"The General Contract bid is 10.5% in excess of the estimate, but the mechanical trade bids are 8% below the estimates and the total of all proposals recommended for acceptance is 3.5% net in excess of the corresponding estimates.

"It is also noted that all eleven general contract bidders are within 7.5% of the low bidder, and that, with the exception of one unreasonably high electrical bid and one erroneous plumbing bid, all the mechanical bids are in a very close range. This indicates very satisfactory competition and it is my opinion that no lower bids would be received if the project were readvertised. I, therefore, recommend that the Controlling Board be requested to permit the award of the four items mentioned above at the amounts proposed by the bidders, notwithstanding the fact that the proposals are in excess of the Architects' estimates.

"All of the other items referred to in the list below are regular in every respect, and, if permission to award is granted as suggested in the preceding paragraph, I recommend that the Board of Trustees award contracts for the items, and in the amounts, listed below, and that the Director of the Department of Public Works be requested to execute proper contracts therefore in the regular manner.

The President now reported to the Board the death of Frederick J. Salter, and in accordance with the recommendations of the Board of Trustees, a copy of the following resolution, expressing on behalf of the University the sorrow and sympathy of the Board, have been furnished to the family of the deceased.

The Board of Trustees expresses its sorrow at the death of Frederick J. Salter, Associate Professor Emeritus of Agronomy, on February 9, 1955. He was born in LaCrosse, Kansas, on September 28, 1889. After receiving his secondary education in Kansas he came to Ohio State University to continue his education in the field of agricultural chemistry. He received the B.S. degree in 1913 and the M.S. degree in 1914 in agricultural chemistry. The Ph.D. was granted to him in 1929 in the field of Agronomy.

Dr. Salter was an instructor at Ohio State University in agricultural chemistry from 1913 to 1919 and in soils from 1924-27. He was made Assistant Professor of Extension in 1925 and Assistant Professor of Agronomy in 1929. In 1940 he was promoted to Associate Professor in both Agronomy and the Extension Service. He retired on June 30, 1953.

Dr. Salter was a member of the American Society of Agronomy and the Soil Science Society of America. He was very active in the educational branches of these organizations and was recognized as one of the outstanding teachers in the field of soils in the United States. He will be long remembered by many students for his deep personal interest in their problems and for consultations and guidance during their academic careers.

On behalf of the entire University, The Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

President Bevis presented the following miscellaneous recommendations:

The upon the recommendation of the Faculty Council at its meeting held on March 15, 1955 the following persons be awarded honorary degrees at the June Commencement 1955:

Albert Kinkade Chapman	Doctor of Laws
Melvin De Groote	Doctor of Science
Homer Charles Fritsch	Doctor of Science
Harry G. Good	Doctor of Laws
Henry Wise Hobson	Doctor of Laws
Harry Kaplan	Doctor of Laws

That the Lamme Medal be awarded at the Commencement on June 10, 1955 to Ralph Martin Hardgrove, a graduate of the Class of 1914 with the degree of Mechanical Engineer. Mr. Hardgrove is at present a research consultant with The Babcock and Wilson Company, Alliance, Ohio, and is internationally known for his work in the field of pulverized-coal firing and steam generation.

That upon the recommendation of the Graduate Council, the Joseph Sullivant Medal be awarded at the Spring Quarter Convocation on June 10, 1955 to Professor Emeritus Cecil Ernest Boord of the Department of Chemistry, the Ohio State University.

That the following leaves of absence be granted:

Jack E. Hufford, County Agricultural Agent, Agricultural Extension Service, for the period April 1, 1955 to June 15, 1955, with salary, for graduate study at the Ohio State University.

Harold Cole Ruggles, County Agricultural Agent, Agricultural Extension Service, for the period March 1, 1955 to August 15, 1955, without salary, for graduate study at the University of Illinois.

That the research agreement heretofore entered into between the Ohio State University and the Ohio State University Research Foundation setting up the following projects be reported to the Board of Trustees for information and record:

- Godfrey L. Cabot, Inc., Boston, Massachusetts—Application of Wallastonite in Ceramic Field, To be known as the Godfrey L. Cabot, Inc. research project No. 506 (Amend. No. 4)—Engineering Experiment Station). Gross Value, \$14,603.00.
- National Institutes of Health, Bethesda, Maryland—Investigation of Effect of Certain Antibiotics upon Microflora and Enzymes in Milk (To be known as the National Institutes of Health research project No. 547 (Ext. No. 2)—Dairy Technology). Gross value, \$5,000.00.
- Air Force Cambridge Research Center, Cambridge, Massachusetts—Investigation of Thermal Radiation Methods of Atmospheric Probing (To be known as the Air Force Cambridge Research Center research project No. 687 (Sup. No. 2)—Physics). Gross value, \$43,815.00.
- Cleveland Ordnance District, Cleveland, Ohio—For Study of Amine Perchlorates as Ingredients for Fast Burning Propellants (To be known as the Cleveland Ordnance District research project No. 589 (Sup. No. 3)—Chemistry). Gross value, \$32,888.00.
- Cleveland Ordnance District, Cleveland, Ohio—For Decomposition and Mechanistic Studies of Propellants and Propellants Additives (To be known as the Cleveland Ordnance District research project No. 591 (Sup. No. 2)—Chemistry. Gross value, \$11,440.00.
- Quartermaster Research and Development Center, U. S. Army, Natick, Massachusetts—For Study of the Physical-Chemical Changes of Proteins Which Occur During Milk Dehydration Which Affect the Acceptance of the Milk as a Beverage (To be known as the Quartermaster Research and Development Center research project No. 629—Dairy Technology). Gross value, \$11,900.00.
- Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—For research for the Development of New Mechanisms and Techniques for Obtaining Steels in the Ultra-high Strength Range (To be known as the Wright Air Development Center research project No. 631—Metallurgy). Gross value, \$18,629.00.
- Shuler and Benninghofen, Hamilton, Ohio—Investigation of Reactions and Treatments of Wool to Improve Its Properties (To be known as the Shuler and Benninghofen research project No. 632—Chemistry). Gross value, \$9,000.00.

The above eight contracts for research in cooperation with Government and Industry represent a gross income of \$147,275.00.

Government—\$123,672.00 Industry—\$23,603.00

That the following gifts be accepted and the appreciation of the Board of Trustees be appropriately expressed.

From the Development Fund

- \$6,000.00 for the United States Steel Foundation Fellowship Fund

President Bevis now presented te following statement concerning
the Research Center:

Plans are now progressing rapidly for the full development of
our new research center at the site of the former Rockwell Plant.
Under the chairmanship of Dean Alpheus Smith, a committee is mak-
ing recommendations to me concerning the use of space now available
and facilities which may be needed as the center grows from its
present beginning. In planning for the future, careful attention is
being given to the needs of all research areas within the University.

Just now, emphasis is being placed upon those research efforts
which are suited to the existing structures with a minimum of change.
It is planned that other special purpose facilities will be added as
rapidly as the growth of the University will permit. The hope is that,
eventually, facilities on the present campus and at the new center
will be more nearly adequate. An example of the provision of added
facilities is the new Antenna Research Laboratory which is now under
construction at the center.

While strong emphasis is being placed upon the unity of our ef-

forts, with no thought of separating contract research from our rapidly increasing growth in fundamental research, it does seem advisable to locate the offices of the Research Foundation at the heart of this new and very important center. Dean Smith's committee has so recommended to me and the move will be made in the near future. It also seems advisable to name the new center through formal action by the Board of Trustees.

I, therefore, recommend that this present and projected development of physical facilities growing out of the buildings and land acquired from the Rockwell Manufacturing Company be named the Ohio State University Research Center.

Upon motion of General Dargusch, seconded by Mr. Ketner, the Board, by unanimous vote approved the above recommendation.

Vice President Stradley reported that the enrollment for the spring quarter is 18,050 students an increase of 920 over last year.

* * * * *

Vice President Heimberger now presented the following report on Faculty Achievements:

It would be impossible to report to you in any detail on the seemingly infinite problems and accomplishments stemming from teaching 20,000 students and conducting a complex and rapidly growing research program. Much of the time you must take it on faith that the basic work of the University is being done—and done well. Your confidence in the teaching and research staff has been strong—so strong that it is a little frightening because of the responsibility which it imposes.

From time to time I try to give you just a few examples to show that this responsibility is being accepted and fulfilled. This is always embarrassing because there are so many examples to be offered and countless distinguished persons and efforts must go unmentioned. Today I wish to speak of only three or four.

On the undergraduate teaching front our most important task right now is the development of a basic program which will make sure that our baccalaureate degrees mean more than the acquirement of highly perfected technical skills or proficiency in narrow fields of specialization. The task is a very complex and difficult one because we are trying to find a way to assure an essential basic education without losing the individuality of the student or his college program. The easy short cut would be to grind all of our students and all of our teaching programs through a single mill, but this we think would be a serious mistake.

In my opinion, we are on the way to success. Each of the five undergraduate colleges has its own planning group and there is a central committee for the whole University. Interest in this effort is widespread and it seems certain that we shall find a way to begin and a plan for growth through a continuing process of development based upon experience and experimentation. The final outcome should be agreement upon a basic curricular program which will preserve a large degree of individuality but will also bring higher common values and meanings to our baccalaureate degrees.

In the broad field of our total research effort our most important development just now is the Advisory Council on Research which you recently established upon recommendation by the Faculty. This Coun-

cil is now in operation and is slowly and carefully finding its directions. Its principal task at this moment is to learn how to encourage and facilitate research without succumbing to the easy temptation to become another central agency wielding powerful administrative controls. A high degree of freedom is essential to the healthy growth of research and, again, any possible threat of the blight of tightly regulated uniformity must be avoided. The Council on Research is slowly and patiently finding its place and its work and, in my opinion, it is destined to become a strong force in the future of the University.

From the area of personal achievements by members of our Faculty I might draw literally scores of examples. I have chosen, however, to mention only two which typify a part of our total program which does not usually make the headlines. So much attention is being given to almost miraculous developments in our knowledge of the physical world that it seems well to point to two distinguished accomplishments in the world of ideas and creative artistry.

The first is an important new book, "The Age of Ideas," authored by Professor George R. Havens of our Department of Romance Languages. In very readable fashion it traces the development of men and ideas from the absolutism of Louis XIV to the period of late eighteenth-century revolution: In it one may see clearly depicted much of the growth in ideas which has so vitally affected our own mode of life.

The second example is the completion of a very significant creative effort in sculpture by Professor Erwin Frey of our School of Fine and Applied Arts. This work, which has a deeply religious theme, was begun several years ago and Professor Frey was recently relieved of his formal teaching responsibilities and temporarily assigned to research duty in order to bring it to completion. I am told by competent artists that the result is a very significant contribution to the art of America.

It is worth noting that the achievements of both Professor Havens and Professor Frey were advanced at least a little through our new plan for occasional assignments to research duty. These assignments and a few others have had a wonderful effect upon our teachers and scholars in the humanities. In a world which often seems to be crassly materialistic and physical, they have been hailed as proof that this University has not entirely forgotten its responsibility in the realm of ideas and the creative arts.

The Chairman expressed the appreciation of the Board for the above report and requested that it be included in the record of this meeting.

The Vice President and Business Manager reported that the Cabinet has approved the following Credit to Contract and recommended that it now be approved by the Board of Trustees.

<i>Frank Messer & Sons, Inc.</i>	\$8,500.00
Substitute of Tenn-Quartz flagstone	
for Tennessee Quartzite flagstone	
for the Auditorium.	
Original Contract—\$1,881,600.00—February 3, 1955	

Upon motion of Mr. Ketner, seconded by Mr. Black, the above recommendation was approved by unanimous vote.

The Vice President and Business Manager reports that the Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contracts to the low bidder for the Law-First Section, Classroom Administration Building and now recommends that the actions of the Cabinet be approved by the Board of Trustees. Detailed tabulations of said bids are on file in the offices of the Auditor of State and the University Architect and are included in the records of the University Cabinet.

The report and recommendations of the University Architect are as follows:

"Attached hereto is a tabulation of the bids received at the Business Office prior to 2:00 p.m., March 31, 1955, for construction of the Law-First Section, Classroom Administration Building, and opened immediately thereafter by Mr. M. J. Moon, representing the Director of Public Works.

"After conference and correspondence with the architects, Potter, Tyler, Martin and Roth, and with individual members of the Cabinet, I report as follows:

"These bids have been examined and check after this opening, and it is noted that the low bid of each division of the contract is regular in every respect and not substitutions are offered. The low bids for the plumbing and the electrical divisions of the contract are below the estimates of cost filed with the Auditor of State.

"The low bid for the general contract division is approximately 3.4% in excess of the estimated cost but 9.6% less than the average of the thirteen bids received. Satisfactory competition is indicated by the large number of bids received and the closeness of the majority. It is evident that the filed estimate is too low and in our opinion no lower bids would be received if the whole project or the general contract division were readvertised.

"Determination of the low bid for the heating, ventilating and cooling division depends upon the disposition of Alternate E, the cooling system. Piping Contractors Company's bid of \$63,658 is low if the cooling system (Alternate E) is not included. We believe the lecture rooms in the building would be unusable at times if the cooling system were not installed. It is, therefore, recommended that the award be made to the Gesling Company on its bid of \$64,650 plus Alternate E at \$39,000 or a total of \$103,650, which is the low bid for the complete heating, ventilating and cooling systems. The base bid is approximately 8.7% in excess of the estimated cost. However, the bid for Alternate E is 23.8% less than the estimated cost and the total low bid for the complete heating, ventilating and cooling division is 6.4% less than the estimate.

"Concerning the Alternates, the following is recommended:

Alternate A—For completion of architectural and structural work in connection with cooling tower. It is evident from the thirteen bids received that the estimate of \$4,000 for this Alternate is too low. We consider the bid of \$7,060 (which is well below the average of thirteen and third lowest, very reasonable for the work involved. It is recommended that this alternate be included.

Alternate B—For substitution of rubber tile in lieu of asphalt tile in lecture rooms. Since rubber tile, which usually costs twice as much as asphalt tile, can more easily be cut to the curves required by this installation, it was anticipated its cost would be more nearly comparable. Asphalt tile is a satisfactory material for this use and it is recommended that this alternate not be considered.

Alternate C—for venetian blinds in seminar rooms. We consider the bid of \$412 high and are convinced that the University can purchase blinds more economically. It is, therefore, recommended that this alternate not be considered.

Alternate D—for plumbing in connection with cooling tower. The low plumbing contract bidder proposes to include this work, which is necessary for the proper operation of the cooling system, with no change in cost to the University. It is recommended that this alternate be included.

Alternate E—for complete installation of the cooling system. As stated above this installation is essential to the proper functioning of the building. The low bid of \$39,000 is 28.8% below our estimate but only 8.3% less than the highest of the five bids. It is a very good price and it is recommended that this alternate be included.

Alternate F—for electric work in connection with complete installation of the cooling system. This work is essential to the cooling system installation, the bid of \$203 is less than the estimate, and it is recommended that this alternate be included.

“For the reasons cited above, I recommend that the Controlling Board be requested to grant permission for the awards to the low bidders on (1) the General Contract with Alternate A (cooling tower work) and (2) the Heating and Ventilating Contract, even though they were in excess of the architect's estimate of cost.

“Based upon the above analysis, and after favorable action by the Controlling Board, it is recommended that the contracts be awarded by the Board of Trustees to the bidders listed below in the amount of their bids, also listed below, and that the Director of Public Works be requested to execute proper contracts accordingly.

Upon motion of Senator Huffman, seconded by General Dargusch, the above actions of the University Cabinet were approved by unanimous vote.

The Vice President and Business Manager reported that the Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contract to the low bidder and now recommends that the action of the Cabinet be approved by the Board of Trustees.

The report of the Director of Physical Plant is as follows:

"On authority of the Board of Trustees, the University Cabinet met on March 22, 1955, for the purpose of opening bids on REPAIRS FOR TWO RADIAL BRICK CHIMNEYS AT THE OHIO STATE UNIVERSITY POWER PLANT. The following is a tabulation of the bids received:

<i>Bidder</i>	<i>Amount of Bid</i>
H. R. Heinicke, Inc.	\$5,690
John F. Fowler	6,987
Industrial Chimney Engineering, Inc.	4,696
Chimney Engineering Service	7,832

American Chimney Corporation	4,840
Custodis Construction Company, Inc.	5,150
General Maintenance & Engineering Co.	9,851
E. B. Taylor & Son	5,197

"The engineer's estimate for the above work was \$9,900. The low bid of Industrial Chimney Engineering, Inc. is regular in every respect and is below the engineer's estimate. Therefore, I wish to recommend that The Ohio State University enter into a contract with Industrial Chimney Engineering, Inc. at their bid of \$4,696."

Funds for the execution of this contract, which is recommended for award, will be provided from F-1 Building Repairs, H. B. 10.

Upon motion of General Dargusch, seconded by Senator Huffman, the above action of the University Cabinet was approved by unanimous vote.

The Vice President and Business Manager reported to the Board that he had received the following letter from Mr. Kline L. Roberts, Attorney, representing Mr. Don M. Castro and Mr. H. F. Zieg.

"Immediately north of Ackerman Road and west of Olentangy Boulevard an area is being developed by Don M. Castro which will involve the construction of some two thousand apartment units and five hundred single dwellings. This development has been termed "University City" and it is Mr. Castro's intent to make thtis area a very desirable subdivision to partially serve the housing needs of Ohio State University.

"We have been retained by Mr. Castro to determine what steps are necessary to obtain an easement across property owned by the University at the southwest corner of Ackerman and Olentangy. The southern portion of the area to be developed drains through a culvert under Ackerman Road along a swale southeasterly across the University property; and into a ditch parallel to Dodridge Street which proceeds into the Olentangy River. Mr. Castro would hope to build, at his expense, a 48-inch storm sewer across the University property in the approximate location occupied presently by the swale. A map prepared by Mr. Rousculp in the office of H. G. Dill, consulting engineer, accompanies this lettter. After installation, this storm sewer would be available for use by the University.

"In this matter we are representing Mr. Castro and is would be greatly appreciated if an easement for a storm sewer as portrayed on the Dill drawing could be negotiated."

This request was referred to Mr. Paul Elleman, Director of

Physical Plant. He recommended a revision of the location of the proposed sewer in a more easterly location to Mr. John A. Rousculp of the office of H. G. Dill, Consulting Engineers. This revision was made and is shown on a new drawing dated March 28, 1955, a copy of which was submitted to Mr. J. Edward Weaver. Mr. Elleman recommends that the University grant Mr. Casto and Mr. Zieg permission to construct the storm sewer at Ackerman and Olentangy River Roads as shown on the drawing dated March 28, 1955. The University Cabinet concurs in Mr. Elleman's recommendation and accordingly recommends to the Board that the request of these two men be accepted.

On motion of Mr. Black, seconded by Senator Huffman, the Board approved the above recommendation by unanimous vote.

The Vice President and Business Manager recommended the following transfer of unused balances from completed Senior Class Memorial projects and also the future transfer of any unused Senior Class Memorial Fund balances in order to augment funds for uncompleted Senior Class Memorials:

From Development Fund Rotary 11168 Gifts to Rotary 11711 Senior Class Memorials General:

<i>Year</i>	<i>No.</i>	<i>Devevelopment Fund Project Purpose of Memorial</i>	<i>Amount in Rotary</i>
1941	4242	Lights for Library	\$185.61
1943	4336	Victory Bell	153.37
1947	4756	Decorative Benches	214.39
1951	5143	Equipment for Rehabilitation Center	189.24
1952	5245	Printing Press for Rehabilitation Center	310.02

Upon motion of General Dargusch, seconded by Mr. Ketner, the above recommendation was approved by unanimous vote.

The Vice President and Business Manager presented the following report of the Director of Physical Plant and the recommendation that the proposal of Wilbur Smith & Associates be accepted for a traffic survey of the Ohio State University Campus:

"The Sub-committee from the President's Traffic Committee has been interviewing a number of companies concerning a traffic survey which was approved by the Board of Trustees at their March 14 meeting. We have interviewed and have proposals from six companies, and the fees from the six companies vary from \$7,500 to \$16,000.

"After a careful examination of the proposals and in consultation with Mr. Samuel Linzell, Director of Highways, and Mr. Frank J. Murray, Engineer of Planning Survey, we wish to recommend that Wilbur Smith & Associates, 265 Church Street, New Haven, Connecticut, be employed to make the survey according to their proposal of March 24, a copy of which is attached, for the sum of \$7,500.

"We have selected this company because of their previous surveys made for a number of other colleges and universities, and we believe that they are better acquainted with conditions which exist on our campus than any of the other firms.

"This firm has proposed to begin work in three weeks, collect their field data during the spring quarter, and have their final report to the University approximately the first of July."

Upon motion of Mr. Ketner, seconded by Mr. Black, the above recommendation was approved by unanimous vote.

The Vice President and Business Manager presented the recommendation of the Director of Physical Plant that Mark G. Anders be given special police commission by the Board of Trustees under authority granted by section 3345.04 Revised Code. Mr. Anders has been a guard at the Research Laboratory for over a year and has proved thoroughly reliable.

Upon motion of Mr. Black, seconded by Senator Huffman, the above recommendation was approved by unanimous vote.

The Vice President and Business Manager recommended the following transfer to provide funds for services of the University Architect:

\$5,000—from Rotary 12261 to G-2-A Field House, H. B. 10.

1,500—from Rotary 12261 to G-2-C Women's Dormitories, H. B. 10.

11,500—from Rotary 12261 to G-2-M Residence Halls for Men, H. B. 10.

1,000—from Rotary 12261 to G-2-H Television Station, Tower and Equipment, H. B. 10.

1,650—from Rotary 12261 to G-2-K Antenna Laboratory, H. B. 10.

1,200—from Rotary 12261 to Architect's Office, Research Center (Account No. to be determined at a later date)

Upon motion of Senator Huffman, seconded by Mr. Kettering, the above recommended transfers were approved by unanimous vote.

The President now reported to the Board the death of Claude E. Anibal, and in accordance with the recommendation of the Board of Trustees, a copy of the following resolution, expressing on behalf of the University the sorrow and sympathy of the Board, has been furnished to the family of the deceased.

The Board of Trustees expresses its sorrow at the death of Claude E. Anibal, Professor of Romance Languages, on March 21, 1955. The Department of Romance Languages suffered a serious blow in the sudden death of our senior Professor of Spanish. Professor Anibal came to the Ohio State University from the University of Indiana, where he was an Associate Professor of Spanish, in 1924. He received A.B. and A.M. degrees from Hamilton College; Ph.D., Indiana University, he had studied at the University of Leipzig,

where he had been a Locke Fellow in Greek, at the Centro de Estudios Historicos, and the Universidad Central in Madrid. In World War I he was a second lieutenant attached to the 110th artillery and the 5th balloon corps.

During these 31 years Professor Anibal had been an inspiration to his students and an example to his colleagues; the teacher and the scholar consecrated to his profession. He had an ideal of perfection and a vital enthusiasm for his teaching and his research that gave his students and his colleagues a thorough training in their craft and a scale of values that brooked no compromise with mediocrity. He believed that constant association with the arts was essential to living. Seldom did he miss a dramatic performance, a concert, an art exhibit, or a worthwhile movie.

A student of one of the great early American hispanists, E. C. Hills of Indiana, he represented the best in the American scholarly and teaching tradition in the humanities. He had served on the editorial boards of Symposium, the Publications of the Modern Language Associations, and Hispania. He had held important committee assignments and had been a perennial participant in the meetings of the major learned societies in his field. He was frequently the author of penetrating and thorough reviews. At the time of his death he was assigned to research duty, attempting to organize and make ready for publication the extraordinary life-time accumulation of information on the *Comedia of the siglo de oro*,—a priceless collection. It is to be hoped that a research team may organize, complete, and publish some of the projects on which he was working, such as:

- An analysis of Tirso's *La prudencia en la mujer*.
- A critical edition of Lope de Vega's *Fuenteovejuna* and various related studies, etc.
- A critical edition of four comedies of Mira de Amescua.
- A study of Stage Direction in 17th Century Spanish Comedias.
- A qualitative analysis of verse forms in 17th Century Spanish Comedia.

This life has made a significant contribution to humanistic studies in American education.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

Thereupon the Board adjourned to meet Monday, May 9, 1956 at 10:15 a.m. at the University.

Attest:

President Bevis presented the following recommendations as to changes in Faculty Rules:

That upon the recommendation of the Faculty Council at its meeting held on April 12, 1955, the following changes in the Faculty Rules be approved:

1. That Rule 133 be amended to read:

133. Repetition of Courses. An undergraduate or professional student, as defined in Rule 147, who has received a grade of "D" or "E" in a course, either at this University or elsewhere, may repeat the course for credit upon the recommendation of the Executive Committee and with the approval of the Dean of his college. A graduate student may, when approval is given by an adviser, repeat for credit any course in which he has received a grade of "D" or "E." The credit hours for a repeated course shall in no case be counted more than once in meeting graduation requirements.

A student who has received a grade of "A," "B," or "C" in a course taken at this University or elsewhere may repeat the course only as an auditor, upon receipt of permission by the Dean of his college.

A student who has audited a course may subsequently repeat the course for credit with the permission of the Executive Committee of his college.

2. That Rule 145 be amended to read:

145. Classification of Students for Purposes of Admission.

Students shall be classified as: (1) Graduate Students: regular or special; (2) Undergraduate Students: regular or special; (3) Professional Students: regular or special; (4) Transient Students; (5) Auditors.

The first category shall include graduates of this or other ap-

proved colleges or universities who are continuing courses of study for graduate degrees or for special purposes; the second, students in the undergraduate colleges who are following curricula leading to a first collegiate degree or who are pursuing special lines of work not conforming to any curriculum; the third, students either regularly or specially registered in the colleges which admit after satisfaction of a preprofessional curriculum; the fourth, regular enrollees of other institutions who with the recommendation of their college authorities enter this University for a brief residence (usually one Quarter) without transfer of credits; the fifth, persons who desire to attend classes without receiving credit for courses taken.

3. That Rule 147A be amended by adding to it a second paragraph reading as follows:

A candidate for admission as a regular graduate student must specify a field of specialization and must qualify for graduate work in a degree program. A candidate for admission as a special graduate student must comply with all the regular requirements for admission to the Graduate School except that a field of specialization in a degree program is not specified.

4. That Rule 147B be amended to read:

B. Admission as an Undergraduate Student. For admission as a regular undergraduate student, a candidate must be a graduate of a first grade high school (or equivalent preparatory school), or he must have passed equivalent entrance examinations. He must present a minimum of fifteen units, and he must meet the special requirements of the college he desires to enter subject to such deficiencies (conditions) as that college may permit.

For admission as a special undergraduate student, a candidate must be of mature years, and must satisfy the University Examiner and the Dean of the College that he is qualified to undertake the special program he desires.

5. That present Rule 147C be repealed, and that there be substituted therefor the following as Rule 147C.

C. Admission as a Professional Student. A candidate for admission as a regular or special student in a professional program must meet the particular preprofessional requirements of the college he desires to enter, subject to such deficiencies (conditions) as that college may permit.

6. That Rule 147E be amended to read:

E. Admission as an Auditor. An undergraduate or professional student may audit a course, without additional fee, upon approval of the professor in charge, the Head of the Department or School, and the Dean of the College.

A graduate student may audit a course, without additional fee, upon approval of an adviser, provided the instructor in charge of the course assents.

One not a student in the University may be admitted as an auditor by the University Examiner after satisfying all entrance requirements and paying the fees required.

Upon motion of Judge Gorman, seconded by Senator Huffman, the above recommendations were approved by unanimous vote.

President Bevis presented the following miscellaneous recommendations:

That the following leaves of absence, without salary, be granted:

Paul Bogatay, Professor, School of Fine and Applied Arts, for the period October 1, 1955 to September 30, 1956, in order that he may accept a Fulbright Award for research in Japan.

Ralph Fanning, Professor, School of Fine and Applied Arts, for the Autumn and Winter Quarters of 1955-1956 in order that he may serve as a Visiting Professor at Claremont College, California.

That Nellie Watts, State Home Demonstration Leader and Professor, Agricultural Extension Service, be retired April 30, 1955, and that she be given the title State Home Demonstration Leader and Professor Emeritus and be paid \$144 a year from Fund 9001; to

comply with provisions for supplementary payments to staff members who participate in the University Retirement Plan. No supplemental payment from Interest on Endowment is required because her retirement allowance exceeds the University guarantee.

That the research agreements heretofore entered into between the Ohio State University and the Ohio State University Research Foundation setting up the following projects be reported to the Board of Trustees for information and record:

American Petroleum Institute, New York, New York—Investigation of Synthesis and Properties of Hydrocarbons (To be known as the American Petroleum Institute research project No. 31 (17th Ext.)—Chemistry). Gross value, \$50,000.00.

Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Heat Transfer Within Rotating Electrical Equipment (To be known to the Wright Air Development Center research project No. 445 (Sup. No. 9)—Mechanical Engineering). Gross value, \$4,002.00.

Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Fluid Dynamics of Rocket To be known as the Wright Air Development Center research project No. 568 (Sup. No. 4) Aeronautical Engineering. Gross value, \$27,996.00.

Air Research and Development Command, Randolph Field, Texas—For a Study of Circulatory Changes After Exposure of High Altitudes Without Hypoxia (To be known as the Air Research and Development Command research project No. 506 (Sup. No. 1)—Physiology). Gross value, \$22,309.00.

Quartermaster Research and Development Command, Quartermaster Research and Development Center, U. S. Army, Natick, Mass.—Investigation of Ion-protein Interrelationships Affecting Meat Quality (To be known as the Quartermaster Research and Development Center research project No. 630—Agricultural Biochemistry and Animal Science). Gross value, \$16,314.80.

Department of the Navy, Office of Naval Research, Washington, D. C.—For A Study of the present status of training aids and devices in the Army Field Artillery Training Program (To be known as the Department of the Navy research project No. 634—Psychology). Gross value, \$22,111.75.

The above six contracts for research in cooperation with Government and Industry represent a gross income of \$142,733.55.

Government—\$92,733.55 Industry—\$50,000.00

That the following gifts be accepted and the appreciation of the Board of Trustees be appropriately expressed:

From the Development Fund

\$2,214.95 for the Ohio 4-H Club Foundation

\$262.17 for the William Lloyd Evans Fellowship Fund

\$20.00 for the National Association of Cost Accountants Scholarships in Accounting

From other sources

\$3,000 from Parke, Davis and Company for the continuation of research on Chloromycetin by Dr. Saslaw and Dr. Doan—Rotary 11594

\$2,500 from the Standard Oil Foundation, Inc. for the Standard Oil Fellowships in Chemistry for the year 1955-1956

\$1,280 from the Education Television and Radio Center—to be credited to Rotary 11209

\$1,150 from the American Cancer Society, Inc., for research work under the direction of Dr. Schlumberger—Rotary 11012

\$550 from the Ohio Society for Crippled Children, Inc.—to be credited to Rotary 11570

\$105 from Chimes and Student Organizations Fund for the Ohio State University Student Leader Award.

That upon the recommendation of the Faculty Council, degrees be awarded at the Spring Convocation on June 10, 1955 to the following named students who have completed their requirements therefor:

That upon the recommendation of the Committee on Fee Structure, the deposits required by the Laboratory Supply Store for the year 1955-1956 be approved, effective with the Summer Quarter, 1955.

That on the recommendation of the Ohio Farm Electrification Council, the transfer of \$5,000 from the Agricultural Extension Service Rotary Fund (Farm Electrification Council account) to D. R. Purkey, Secretary of the Ohio Agricultural Teachers Association be approved. This will be used for the payment of subsistence expenses of 360 vocational agricultural teachers while in attendance at a Farm Electrical Workshop at Nela Park, Cleveland, Ohio on June 13-16, 1955.

The Agricultural Extension Service together with the Department of Agricultural Engineering have been carrying on a cooperative project with the Ohio Farm Electrification Council as approved by the Board of Trustees on February 14, 1955.

Upon motion of Mr. Ketner, seconded by General Dargusch, the above recommendations of the President were approved by unanimous vote.

Vice President Heimberger presented the following report:

President Bevis has asked me to give you a brief statement about a very significant development that has been in the making for several months and is now approaching the final stage of completion.

While the actual deed of gift will be placed before you at a later meeting, I am happy to tell you now that the American Federation of Labor will soon deposit with this University the sum of \$100,000 for the purpose of establishing the William F. Green Fund for Fellows and Scholars. This Fund is being created in memory of a great Ohioan who for many years occupied a position of statesmanlike leadership in the field of organized labor. The income from this entirely unsolicited gift will be used to provide two fellowships each year for graduate students enrolled in courses of study offered by the University in the field of labor relations and economics. It will also support two scholarships for undergraduate students in the social sciences and a number of smaller expense stipends for trade union members who may attend labor institutes or short courses sponsored by the University. Selections will be made by a committee of seven, five to be appointed by the President from the University Faculty and two to represent the Ohio State Federation of Labor.

This magnificent gift, matched by only one other single gift for scholarships, will certainly contribute greatly to our earnest effort to make the appropriate services of this University even more available and useful to an exceedingly large and important body of citizens who are vitally concerned with the total life and productive enterprise of the state. We welcome it as an expression of confidence in the value and mission of the University and as a very effective means of helping us to be of greater service to the people of Ohio and the nation.

As I stated before the actual deed of gift will be presented to the Board at a later meeting for formal acceptance.

The members of the President's Office, after careful consideration, have decided to recommend to the Board of Trustees for the Ohio State University Distinguished Service Award the following named persons. Each of these persons has been in the service of the University for many years. Each in his own field has rendered outstanding service and each is now actively employed by the University. Those recommended are:

Charles A. Kuntz—Comptroller
Paul Elleman—Director of Physical Plant
Katherine A. Vogel—Executive Secretary
Helen M. Clarke—Assistant Registrar
H. Dwight Smith—University Architect
Charles Wells Reeder—Junior Dean of the College
of Commerce and Administration

Upon motion of General Dargusch, seconded by Senator Huffman, the above recommendation was approved by unanimous vote.

The Vice President and Business Manager presented the following report:

The Director of Physical Plant on April 28, 1955, advised the University Cabinet as follows with respect to the award of contract for Repairs for Two Radial Brick Chimneys at The Ohio State University Power Plant:

"On March 29 I wrote a letter to the University Cabinet recommending that the contract for REPAIRS FOR TWO RADIAL BRICK CHIMNEYS AT THE OHIO STATE UNIVERSITY POWER PLANT be awarded to Industrial Chimney Engineering, Inc. at their low bid of \$4,696, following the receipts of nine bids on March 22, 1955. A tabulation of the bids received is as follows:

<i>Bidder</i>	<i>Amount of Bid</i>
H. R. Heinicke, Inc.	\$5,690
John F. Fowler	6,987
Industrial Chimney Engineering, Inc.	4,696
Chimney Engineering Service	7,832
International Chimney Corporation	4,910
American Chimney Corporation	4,840
Custodis Construction Company, Inc.	5,150
General Maintenance and Engineering Co.	9,851
E. B. Taylor & Son	5,197

"On April 25 I received a letter from Industrial Chimney Engineering, Inc., signed by the president J. W. Sargent, asking that their bid be withdrawn because of the inability to obtain from the Secretary of State a certificate permitting them to do business in the State of Ohio since they are not incorporated under the laws of the State of Ohio. A copy of this letter is attached.

"I have talked with personnel in both the Secretary of State's Office and the Attorney General's Office concerning this company, and I am informed that there is nothing we can do to qualify this out-of-state corporation since they are unwilling to remove the word "Engineering" from their company name (this being the reason for their difficulty in obtaining a certificate).

"Therefore, I wish to recommend that Industrial Chimney Engineering, Inc. be permitted to withdraw their low bid of \$4,696.

"American Chimney Corporation is the next low bidder at \$4,840. Since this is below the engineer's estimate of \$9,900, and the company has a certificate to do business in Ohio, I wish to recommend that the Ohio State University enter into a contract with the American Chimney Corporation at their bid of \$4,840.

"I have talked with Mr. Herbert Reiss, Treasurer of American Chimney Corporation, and they are willing to accept the contract at the above bid even though it is beyond the 30-day period since the opening of bids."

The Cabinet has approved the recommendation of the Director of Physical Plant that the Industrial Chimney Engineering, Inc., be permitted to withdraw their bid and that the Ohio State University enter into a contract with the American Chimney Corporation for this project and now requests that the Board approve these actions.

Upon motion of Judge Gorman, seconded by Senator Huffman, the above actions of the University Cabinet were approved by unanimous vote.

The Vice President and Business Manager reported that the Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contracts to the low bidders for the Residence Halls for Women—Unit "E" and now recommends that the actions of the Cabinet be approved by the Board of Trustees. Detailed tabulations of said bids are on file in the offices of the Auditor of State and the University Architect and are included in the records of the University Cabinet.

The report and recommendations of the University Architect are as follows:

"Transmitted herewith is a tabulation of the bids received prior to 2:00 p.m., May 3, 1955, for Residence Halls for Women—Unit "E" in the office of the Vice President and Business Manager and opened and read immediately thereafter in a Cabinet session and read by Mr. M. J. Moon, representing the Director of Public Works.

"The low bid of McCarty Bros. Electric Company in the sum of \$84,690.00 for the Electrical Contract is regular in every respect and is below the estimate of cost filed with the Auditor of State.

"The low bids for the General Contract, Heating and Ventilating Contract and Plumbing Contract are regular but none of them is

below the estimates of cost filed with the Auditor of State. An analysis of these estimates indicates that several factors affect the discrepancies.

1. The estimates were made during the preparation of the documents in the University Architect's Office several weeks preceding their approval by the Board of Trustees and the Director of Public Works.
2. Between the times of the preparation of the estimates and of the receipt of the sealed proposals, two things affected the cost of the project:
 - a. An accumulation of small changes in requirements and refinements due to further study
 - b. An increase in cost of labor and materials during this period.

"The goodly number of bids and their uniformity indicates satisfactory bidding and it is believed by the Associate Architect that no more favorable bids would be received if the General, Heating and Ventilating Divisions were readvertised with a revised estimate of cost.

"It is, therefore, recommended:

1. That the necessary action be taken to accept the low bid of McCarty Bros. Electric Co. for the Electrical Contract Division in the base sum of \$84,690.00 since it is below the estimated cost and that the Director of Public Works be requested to execute the contract accordingly.
2. That the necessary action be taken to request the State Controlling Board to permit the acceptance of the following low bids, even though they are in excess of the estimated costs:
 - a. Frank Messer & Sons, Inc., for the General Contract for \$996,400.00.
 - b. The National Co., Inc., for the Heating and Ventilating Contract for \$66,000.00.
 - c. The Limbach Co., for the Plumbing Contract for \$119,840.00.

"If the permission of the Controlling Board is granted as in Section 2 above, it is recommended that the Director of Public Works be requested to execute contracts accordingly.

"In tabular form the foregoing divisions with estimates of cost appear as follows:

<i>Contract</i>	<i>Contractor</i>	<i>Bid</i>	<i>Architect's Estimate</i>
General	Frank Messer & Sons, Inc.	\$ 996,400	\$ 937,240
Heating and Ventilating	The National Co., Inc.	66,000	62,000
Plumbing	The Limbach Co.	119,840	110,000
Electrical	McCarty Bros. Electric Co.	84,690	85,000
Total		<u>\$1,266,930</u>	<u>\$1,194,240"</u>

Funds for this project are to be paid from G-2-Q Residence Halls for Women—Unit "E," H. B. 10.

Upon motion of Senator Huffman, seconded by Mr. Ketner, the above actions of the University Cabinet were approved by unanimous vote.

The Vice President and Business Manager reported that the Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contract to the low bidder and now recommends that the actions of the Cabinet be approved by the Board of Trustees.

The report of the Director of Physical Plant is as follows:

"On authority of the Board of Trustees, the University Cabinet met on April 19, 1955, for the purpose of opening bids on REPAIRS TO ROOFS ON NATATORIUM, STUDENT SERVICES BUILDING, AND THREE BUILDINGS IN RIVER ROAD HOUSING PROJECT. The following is a tabulation of the bids received:

<i>Bidder</i>	<i>Amount of Bid</i>
Allied Building Maintenance Company	\$8,306
The George Snyder & Sons Company	9,710

"The engineer's estimate for the above work was \$9,575. The low bid of Allied Building Maintenance Company is regular in every respect and is below the engineer's estimate. Therefore, I wish to recommend that The Ohio State University enter into a contract with Allied Building Maintenance Company at their bid of \$8,306."

Funds for the execution of this contract, which is recommended for award, will be provided from F-1d Roofing.

Upon motion of Judge Gorman, seconded by Mr. Kettering, the above action of the University Cabinet was approved by unanimous vote.

The Vice President and Business Manager reported for the record that the State Controlling Board has approved the following requests presented by the University:

310 Approved the transfer and release of \$265,745.31 from Department 804, Rotary A to G-2-H Television Station, Tower and Equipment, H. B. 10, in order to provide funds for equipment for the Ohio State University Television Station.

312 Approved the transfer and release of the following funds from Rotary A to various building accounts to provide necessary funds for architectural and engineering services:

G-2-A Field House	\$ 5,000
G-2-C Women's Dorms	1,500
G-2-M Residence Halls for Men	11,500
G-2-H Television Station, Tower and Equipment	1,000
G-2-K Antenna Laboratory	1,650

Total	\$20,650
-------	----------

314 Authorized the employment of Wilbur Smith & Associates to make a traffic survey of the Ohio State University at a cost

of \$7,500 and the transfer and release of \$7,500 from F-1 Building Repairs to F-9 Other so that the proper encumbrance estimates can be issued.

- 315 Approved the award of contracts to the low bidders on the project Law—First Section Classroom Administration Building notwithstanding the fact that some of the proposals are in excess of the architect's estimate of cost; the release of the balance remaining in G-2-3 Law—First Section Classroom Administration Building, H. B. 816, without restriction; and the transfer and release without restriction of \$10,000 from G-2-5 Rehabilitation of Present Buildings, Including Meats, Laboratory and Equipment, H. B. 816, to G-2-3 Law—First Section of Classroom Administration Building.
- 318 Approved the transfer and release of \$9,478.83 from Department 804, Rotary A to G-2-K Antenna Laboratory, H. B. 10, to provide the necessary funds for the purchase of electrical generating equipment to be used in the Antenna Laboratory on Kinnear Road.
- 322 Approved the award of contract for landscaping the areas adjacent to three new dormitories for women without the usual advertising and the transfer and release of \$6,169.96 from Department 804, Rotary E to G-2-C Women's Dormitories, H. B. 10, to provide funds for this project.

The Vice President and Business Manager presented the recommendation of the Director of Physical Plant that Leon Hartung and Erman P. Kysor be given special police commission by the Board of Trustees under authority granted by section 3345.04 Revised Code. Mr. Hartung has been appointed to fill the vacancy caused by the resignation of Ralph Lanning and Mr. Kysor was appointed to fill a new position.

Upon motion of Mr. Ketner, seconded by Senator Huffman, the above recommendation was approved by unanimous vote.

The Vice President and Business Manager offered the following resolution for approval of the Board of Trustees:

BE IT RESOLVED by the Board of Trustees of The Ohio State University that there shall be repaid to the Treasury of the State of Ohio on June 15, 1955, a portion of the \$500,000.00 Dormitory Construction Loan (Stadium) amounting to \$17,500.00 or half of the required annual payment.

The above action is in accordance with the provisions of House Bill 477 for Dormitory Construction, passed by the Legislature July 6, 1945, and approved by Governor Lausche on July 18, 1945.

Upon motion of General Dargusch, seconded by Judge Gorman, the above Resolution was approved by unanimous vote.

The Vice President and Business Manager presented the following report and recommendation:

The University Dietetic Internes have been residing at 190 West Eleventh Avenue, a University owned house. This residence will be removed in connection with the erection of a new eleven story residence hall for women.

It is therefore, recommended that the University enter into a lease with Mrs. J. G. Collicott for the rental of a brick residence located at 323 West Ninth Avenue, Columbus, Ohio, excepting the garage located adjacent thereto, for a period of three years beginning June 1, 1955, and ending May 31, 1958, at an annual rate of \$2,400.00. This property will provide housing for 12 dietetic internes who will be charged rental on the basis of \$20.00 per month per occupant.

Upon motion of Judge Gorman, seconded by Mr. Ketner, the above recommendation was approved by unanimous vote.

The Vice President and Business Manager presented the following recommendation:

It is recommended that Jacob B. Taylor, Vice President and Business Manager, be authorized to make application to John Hancock Mutual Life Insurance Company for the withdrawal of \$30,000 from the premium reserve on Group Life Insurance Policy No. 1305-G in order to make expenditures for the increased amount of \$204 annually to retired members and for the death benefits of \$500 to beneficiaries of deceased members. This program was provided for by previous action of the Board of Trustees.

Upon motion of General Dargusch, seconded by Senator Huffman, the above recommendation was approved by unanimous vote.

The President now reported to the Board the deaths of Marion Hollingsworth, and Edgar Holmes McNeal, and in accordance with the recommendations of the Board of Trustees, copies of the following resolutions, expressing on behalf of the University the sorrow and sympathy of the Board, have been furnished to the families of the deceased.

The Board of Trustees expresses its sorrow at the death of Marion Hollingsworth, Assistant Professor Emeritus of Chemistry, on April 6, 1955.

Marion Hollingsworth was born October 7, 1877, near Jamestown, Ohio. He was educated at Wilmington College, the University of Berlin, and the Ohio State University. He received the Ph.D. degree from Ohio State in 1919. He had taught in the Greene County schools, Wilmington College, and the College of St. Marys of the Springs. He was Assistant Professor of Analytical Chemistry at Ohio State from 1929 until 1948, when he retired. He was an excellent and considerate teacher, highly respected by his students.

Marion Hollingsworth was one of the great masters of the techniques of analytical chemistry; he was a perfectionist whose concern was to do the work well regardless of the time required. His work with Professor Emeritus C. W. Foulk on the composition of constant boiling hydrochloric acid stands as one of the classics in the science of analytical chemistry. After his retirement and especially during World War II, he very creditably performed, for industry, a number of tasks of great difficulty. Dr. Hollingsworth was a man of vigorous personality and strong convictions. He was a lifelong member of the Society of Friends and applied the teachings of that society to all phases of his daily life.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

The Board of Trustees expresses its sorrow at the death of Edgar Holmes McNeal, Professor Emeritus of History, on March 13, 1955. He would have been 81 years old on June 26. He had been an active member of the faculty of the Department of History for over 40 years, from 1902 until his retirement in 1944.

Dr. McNeal was born in Almont, Michigan, June 26, 1874, and prepared for college at Lake Forest Academy, Lake Forest, Illinois. He received both the Bachelor of Arts and the Doctor of Philosophy degrees at the University of Chicago, the former in 1896, the latter in 1902. While a graduate student at the University of Chicago, he held a Fellowship in History from 1899 to 1902. Immediately upon his reception of the doctorate Dr. McNeal assumed the duties of an Instructor in European History at the Ohio State University. In 1908 he was promoted to the rank of Assistant Professor and in 1913 to that of Professor. In 1925, when the Departments of European History and American History were consolidated, his title was changed to that of Professor of History, a title which he retained until his retirement in 1944, when he was named Professor Emeritus of History.

While attached to the faculty of this University, Dr. McNeal was honored by several invitations to teach at other institutions of learning. In the academic year 1926-27 he was Visiting Professor at the University of Wisconsin, and he taught at summer sessions at the University of Wisconsin (1926), Columbia University (1926), and the University of Michigan (1925, 1928, 1932).

Besides numerous reviews and articles in the field of medieval history, Dr. McNeal published four books: *Modern Europe and Its Beginnings*, 1921; *The Conquest of Constantinople*, translated from the Old French of Robert of Clari, 1936; *A Source Book of Medieval History*, 1905; and *Europe in the Middle Ages*, 1921 (the last two in cooperation with O. J. Thatcher). Among the professional and honorary societies of which he was a member were Phi Beta Kappa, the American Historical Association, the American Association of University Professors, and the Medieval Academy of America.

Of a gentle and retiring disposition, and possessing the Christian virtues of humility and charity in a high degree, he was incapable of causing pain to anyone. Yet, in his kindness there was no element of weakness, and he stood strong for the highest standards of professional conduct and attainment in the classroom and among his colleagues. No student of his who was worthy of him (and he was worthy of the best) failed to be inspired by those qualities which made him a true scholar, meticulous attention to detail, intellectual honesty, and a philosophic mind.

President Bevis presented the following miscellaneous recommendations:

That George R. Eastwood, District Supervisor, County Agent Work, and Professor, Agricultural Extension Service, be retired effective October 31, 1954 and that he be given the title of Professor Emeritus and be paid \$192 a year from Fund 9001 to comply with provisions for supplementary payments to staff members who participate in the University Retirement Plan. No supplemental payment from Interest on Endowment is required because his retirement allowance exceeds the University guarantee.

That the following leaves of absence, with salary, be granted:

Tyyni N. Hummel, Home Demonstration Agent, Agricultural Extension Service, for the period June 16 through July 31, 1955 for graduate study at the Ohio State University;

Albert F. Gehres, Assistant 4-H Club Leader, Agricultural Extension Service, for the period July 1 to August 15, 1955 in order that he may attend the Human Relations Workshop at Cornell University.

That the following leaves of absence, without salary, be granted:

Mary Jean Wylie, Home Demonstration Agent, Agricultural Extension Service, effective April 1 through September 30, 1955 on account of illness;

Paul H. Mussen, Associate Professor of Psychology for the period October 1, 1955 through September 30, 1956 in order that he may spend a year at the Child Welfare Institute of the University of California;

Wilbur Held, Assistant Professor of Music, effective October 1, 1955 through September 30, -956 in order that he may complete his degree—Doctor of Sacred Music—at Union Theological Seminary;

Charles V. Meckstroth, Instructor in the Department of Surgery, effective May 5, 1955 for military service.

That \$8,000 be appropriated from H-8 Contributions for the use of the Ohio State University Association for the period July 1, 1955 to June 30, 1956;

That \$2,500 be appropriated from H-8 Contributions for the use of the Ohio Journal of Science for the period July 1, 1955 to June 30, 1956-

That, effective immediately, Faculty Rule No. 166, paragraphs 1 and 3, page 58, be amended to read as follows:

"1. Members of the instructional staff of the University with the rank of Instructor and above who were employed before July 1, 1955 and who are registered in the Graduate School; and any member of the teaching staff who, on the approval of the appropriate instructor and department chairman, enrolls as an auditor.

"3. Interns and Residents in the University Hospital who are registered in the Graduate School."

That the Cooperative Agreement between the Ohio State University and the Ohio Division of Wildlife for the operation of the Ohio Conservation Laboratory during the year 1955, be approved.

That, upon the recommendation of the Dean of the College of Medicine, it is requested that the President be authorized to negotiate and sign an amendment to the agreement between the Ohio State University and Children's Hospital. The amendment will provide for the continuation of the present agreement for the fiscal year, 1955-56. The sum of \$30,000.00 will be paid from Laboratory Supply Pro Rata Funds, Rotary 15991 to Children's Hospital for providing teaching services.

That the research agreements heretofore entered into between the Ohio State University and the Ohio State University Research Foundation setting up the following projects be reported to the Board of Trustees for information and record:

U. S. Atomis Energy Commission, Lemont, Illinois—For Preparation and Evaluation of Porous Membranes (to be known as the U. S. Atomic Energy Commission Research Project No. 566 (Amendment No. 2)—Chemistry). Gross value, \$33,191.00.

Air Research and Development Command, Baltimore, Maryland—Investigation of Structure Changes associated with Order-Disorder Transformation in Solids (to be known as the Air Research and Development Command Research Project No. 567 (Supplement No. 2)—Chemistry). Gross value, \$19,320.00.

The Selby Shoe Company, Portsmouth, Ohio—Investigation of Aircrew Protective Helmets (to be known as the Selby Shoe Company Research Project No. 598 C.O. No. 5—Engineering Mechanics). Gross value, \$6,952.16.

Quartermaster Research and Development Command, Natick, Massachusetts—For Determination of the Structure of the Browning Polymer (to be known as the Quartermaster Research and Development Command Research Project No. 627—Chemistry). Gross value, \$8,500.00.

Air Force Cambridge Research Center, Cambridge, Massachusetts—For Investigation and Analysis of Stellar Scintillation and Image Motion (to be known as the Air Force Cambridge Research Center Research Project No. 635—Physics). Gross value, \$29,000.00.

Corps of Engineers, U. S. Army, Office of the District Engineer, Chicago, Illinois—For Ice Cliff Studies (to be known as the Corps of Engineers, U. S. Army Research Project No. 636—Geology). Gross value, \$21,500.00.

Mr. Clifford Carlock, Hollywood, Florida—For Research on Properties of Expanded African Mica (to be known as the Clifford Carlock Research Project No. 637—Veterinary Surgery). Gross value, \$3,540.00.

Headquarters, Camp Detrick, Frederick, Maryland—Investigation of Synthesis of Heterocyclic Compounds (to be known as the Headquarters, Camp Detrick Research Project No. 638—Chemistry). Gross value, \$23,700.00.

The above eight contracts for research in cooperation with Government and Industry represent a gross income of \$145,703.16.

Government—\$134,211.00 Industry—\$10,492.16

Natural Resources Institute

Upon request of President Bevis, Vice President Heimberger presented the following report and recommendations relating to the establishment of a Natural Resources Institute at the Ohio State University.

At its meeting in September, 1954, the Board of Trustees requested the President to give his attention to the development of a program designed to bring the full resources of the University to bear upon the broad problem of the conservation, development and wise use of natural resources in the State of Ohio. He then appointed an

advisory committee composed of Dean Gordon B. Carson, Dean Leo L. Rummell and Vice President Frederic Heimberger, Chairman. This committee met frequently and discussed the problem with many interested persons, both on and off campus. It also took into account an earlier study of the future of the Franz Theodore Stone Institute of Hydrobiology and the facilities at Gibraltar Island made by a committee under the chairmanship of Dean N. Paul Hudson.

With the President's approval, the following statement of purposes, policy and organization has now been approved by the Council on Instruction and the Faculty Council. It now come before you for final consideration and possible approval.

1. The conservation, development and proper use of natural resources is and must be a matter of grave concern to the people of Ohio. This concern is being felt more and more keenly as the population of the state increases and the trend toward industrialization continues.

2. The problem is a very board one, reaching into agriculture, industry, engineering, recreation and urban development. It has many social implications of major importance.

3. The Ohio State University should bear a heavy responsibility for taking the lead in determining facts and giving direction to the conservation and developmental programs which appear to be essential to the public interest.

4. In many and varied fields this Univeersity is already making a substantial contribution. Our present efforts, however, are spotty and lack integration. They also fail to take full advantage of the possibilities for cooperative ventures with off-campus agencies such as the Agricultural Experiment Station, the Department of Natural Resources of the State of Ohio and the Hydrologic Erosion Experiment Station of the national government. In addition, they are not related closely enough to the many associations of interested citizens whose activities and programs might be strengthened greatly through scientific guidance.

5. Perhaps the most noteworthy of our efforts in the field of conservation, the Stone Institute of Hydrobiology, has been set apart from the total University by distance and what is more important, by administrative separation from the normal pattern of college and departmental organization. This separation has had a decided effect upon the usefulness of what should be an important center for the training of students and for research in many fields.

6. In certain areas of teaching and research related to conservation our approach has been rather narrowly specialized, with the result that the larger problem with all of its many ramifications has not received the attention it deserves.

It is now recommended that effective at the close of the Summer Quarter 1955, upon recommendation by the Faculty Council and the Council on Instruction, the folowing steps be taken by the Board of Trustees:

1. That a Natural Resources Institute be established as a part of The Ohio State University.

- (a) *Purposes*

1. Broadly, to stimulate and coordinate teaching and research in the conservation, development and wise use of natural resources.

2. To advise concerning the proper planning and integration of conservation subject matter in appropriate courses offered by established departments of instruction.
3. To promote the development of suitable major programs of study, both graduate and undergraduate, leading to possible careers in the field of conservation.
4. To encourage and assist research within the University or in cooperation with other public agencies, foundations and interest groups.
5. To seek a wider audience among students whose major occupations may afford opportunities to advance the understanding of conservation problems and methods.
6. To stimulate thought and effort in conservation throughout the state, using short courses, conferences, television, printed materials and other appropriate means of communication.
7. To establish close cooperative relationships with other public agencies such as the Department of Natural Resources, the Agricultural Experiment Station, the Extension Service, the State Department of Education and appropriate branches of the national government.
8. Through the Executive Director, to have administrative responsibility for such special teaching and research facilities as may be designated by the President.

(b) *Organization*

1. While the proposed Institute is designed to be University-wide in scope and service, it shall be located for administrative purposes within the College of Agriculture.
2. The principal officer shall be an Executive Director responsible directly to the Dean of the College.
3. The Institute shall have an Advisory Council including the Deans of the Graduate School and the Colleges of Agriculture, Arts and Sciences, Commerce and Administration, Education and Engineering and the Director of the Research Foundation or their designated representatives. It shall also include such representatives of the Department of Natural Resources, the Agricultural Experiment Station or other related agencies as the President may deem advisable. The Director of the Institute shall serve as its Secretary.
2. That the Department of Hydrobiology be abolished and that its present courses of instruction be returned to the appropriate teaching and research departments on the campus.
3. That the present teaching and research staff of this department be fully protected through incorporation within the proper campus department or departments.
4. That the name of the Franz Theodore Stone Institute of Hydrobiology be changed to the Franz Theodore Stone Laboratory and that the use of its physical facilities be placed under the control of the Executive Director of the Natural Resources Institute. It is understood that the responsibility for the maintenance, care and supervision of the buildings, grounds, boats and equipment shall remain as at present under the control of the Director of the Physical Plant.

5. That steps be taken to assure the most effective possible uses of the Laboratory as a center for University teaching and research during the open months of the year with the understanding, however, that it will be used only as a laboratory outpost or collecting station for exceptional research problems during the remainder of the year.

6. That use of other related facilities now in being or yet to be provided may be placed under the control of the Executive Director of the proposed Institute at the discretion of the President.

Upon motion of Mr. Ketner, seconded by Judge Gorman, the Board by unanimous vote approved the above recommendations.

Vice President Heimberger presented the following report and recommendation:

At its most recent meeting the Faculty Council approved a recommendation from the Council on Instruction that a new degree, Bachelor of Science in Physical Therapy, be authorized. This request is now placed before you for action.

If you approve, students enrolled in this program will be registered in the College of Arts and Sciences and will meet all the normal requirements for the degree of Bachelor of Science. In lieu of the usual major they will take prescribed courses in physical therapy offered by the faculty of the College of Medicine. The necessary new courses have now been established and will be under the general direction of Dr. Ralph E. Worden.

This program of study is being proposed as a way of offering instruction in a field which is becoming increasingly important, particularly in the rehabilitation of persons who may be incapacitated through accident or illness. The proposed program also will be a further contribution to our effort to build teams of persons who may be able to work together in approaches to the total problem of health. For example, we now have programs of study in medical technology, occupational therapy, dental hygiene, dental technology and rehabilitation counseling. It is felt that the proposed program will help to provide persons who are well trained in another important area.

It is recommended that the Board of Trustees approve the new degree of Bachelor of Science in Physical Therapy to be awarded on the recommendation of the Faculty Council and the faculty of the College of Arts and Sciences.

Upon motion of Senator Huffman, seconded by Mr. Kettering,, the Board approved the above recommendation by unanimous vote.

The Vice President and Business Manager reported that the Cabinet acting under authority granted by this Board, and pursuant to legal advertisement, has received bids for the Remodeling North Basement of Oxley Hall and now recommends that the actions of the Cabinet be approved by the Board of Trustees. Detailed tabulations of said bids are on file in the offices of the Auditor of State and the University Architect and are included in the records of the University Cabinet.

The report and recommendations of the University Architect are as follows:

"Transmitted herewith is a tabulation of the bids received prior to 2:00 p.m., May 17, 1955 for Remodeling North Basement of Oxley Hall in the office of the Vice President and Business Manager and opened and read immediately thereafter in a Cabinet session.

"The low bid of A. L. Meyer Construction Co. in the sum of \$9,127.00 for the General Contract is regular in every respect and is below the estimate of cost filed with the Auditor of the State of Ohio.

"The low bid of The Gustav Hirsch Organization, Inc. in the sum of \$2,747.00 is regular in every respect, but is in excess of the estimate of cost filed with the Auditor of the State of Ohio.

"The combined total of the bids for the General Contract and the Electrical Contract is \$11,874.00 as compared with the combined estimated cost of \$11,520.00. The difference between the combined estimated cost and the combined bids is approximately three per cent.

"The bids for the Electrical Contract are from reputable firms of good caliber and represent satisfactory bidding. It is evident from the bidding that the estimate on the Electrical Contract as filed, is

too low. It is believed that no more favorable bids would be received if the Electrical Division were readvertised with a revised estimate of cost.

"It is, therefore, recommended:

(1) That the necessary action be taken to accept the low bid of A. L. Meyer Construction Co. for the General Contract in the base sum of \$9,127.00 since it is below the estimated cost and that a contract be executed accordingly.

(2) That the necessary action be taken to request the State Controlling Board to permit acceptance of the low bid of the Gustav Hirsch Organization, Inc. for the Electrical Contract even though it is in excess of the estimated cost.

"If the permission of the Controlling Board is granted for the award of the Electrical Contract, it is recommended that a contract be executed accordingly.

"In tabular form, the foregoing divisions with estimates of cost appear as follows:

<i>Contract</i>	<i>Contractor</i>	<i>Low Bid</i>	<i>Architect's Estimate</i>
General Division	A. L. Meyer Const. Co.	\$ 9,127.00	\$ 9,320.00
Electrical Division	Gustav Hirsch Org., Inc.	2,747.00	2,200.00
Total		<u>\$11,874.00</u>	<u>\$11,520.00"</u>

A transfer of funds in the amount of \$11,874.00 from Dept. 804, Rotary A, to a new repair account F-1j Remodeling North Basement of Oxley Hall, H. B. 10, will be required and is accordingly recommended.

Upon motion of Senator Huffman, seconded by Mr. Black, the above actions of the University Cabinet and the transfer of funds as recommended by the Cabinet were approved by unanimous vote.

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contracts to the low bidders for the Architect's Office, Research Center and now recommends that the actions of the Cabinet be approved by the Board of Trustees. Detailed tabulations of said bids are on file in the offices of the Auditor of State and the University Architect and are included in the records of the University Cabinet.

The report and recommendations of the University Architect are as follows:

"Transmitted herewith is a tabulation of the bids received prior to 2:00 p.m., June 2, 1955 for Architect's Office, Research Center, in the office of the Vice President and Business Manager and opened and read immediately thereafter by Vice President, Jacob B. Taylor, in an open session of the University Cabinet.

"The low bids of Harry E. Miller in the sum of \$24,600.00 for the General Contract and of Huffman Wolfe Co. in the sum of \$16,000.00 for Heating Contract are regular in every respect and are below the estimates of cost filed with the Auditor of the State of Ohio.

"The low bids of Piping Contractors Company in the sum of \$1,355.00 for the Plumbing Contract and of McCarty Bros. Electric Co. in the sum of \$9,790.00 are regular in every respect but are in excess of the estimate of cost filed with the Auditor of the State of Ohio.

"The combined total of all bids is \$51,745.00 as compared with the combined estimated cost of \$60,000.00.

"The bids for the Plumbing and Electrical Contracts are from reputable and representative firms and constitute satisfactory bidding. It is evident from the bidding that the estimates for the Plumbing and Electrical Divisions are too low. Also, it is believed that no more favorable bids would be received if the Plumbing and Electrical Divisions were readvertised with a revised estimate of cost.

"It is, therefore, recommended:

(1) That the necessary action be taken by the Board of Trustees to award contracts on the low bids of Harry E. Miller for the General Contract in the base sum of \$24,600.00 and The Huffman Wolfe Co. in the base sum of \$16,000.00 since they are below the estimated costs and that the Director of Public Works be requested to execute contracts accordingly.

(2) That the necessary action be taken to request the State Controlling Board to permit the acceptance of the low bids of Piping Contractors Co. in the base sum of \$1,355.00 for the Plumbing Contract and McCarty Bros. Electric Co. in the base sum of \$9,790.00 for the Electrical Contract even though these bids are in excess of the estimated cost.

"If the permission of the Controlling Board is granted for the award of the Plumbing and Electrical Contracts, it is recommended that the Board of Trustees award these contracts and the Director of Public Works be requested to execute contracts accordingly.

"In tabular form, the foregoing Divisions with estimates of cost appear as follows:

<i>Contract</i>	<i>Contractor</i>	<i>Low Bid</i>	<i>Architect's Estimate</i>
General Division	Harry E. Miller	\$24,600.00	\$31,300.00
Heating Division	Huffman Wolfe Co.	16,000.00	19,000.00

The Vice President and Business Manager presented a Deed of Easement for highway purposes to Franklin County, Ohio, in connection with the Lane Avenue improvement and recommended that it be approved by the Board of Trustees and duly executed. This deed, prepared and presented in full detail by the Franklin County Engineer and approved by the Attorney General of the State of Ohio, sets forth the basis of the grant of the easement in the following language:

"KNOW ALL MEN BY THESE PRESENTS, That, whereas, the County of Franklin, State of Ohio, proposes to improve a County Road known and designated as Lane Avenue, Sections 'C' and 'D' and a County Road known and designated as Legg Avenue, in Clinton Township of said County, which roads are bordered by the lands hereinafter described.

"Now, therefore, the Board of Trustees of Ohio State University, the grantor, in consideration of Forty-Two Thousand Three Hundred Seventy Dollars (\$42,370.00) paid by the grantee, the receipt of which is hereby acknowledged, does hereby, for itself, its successors and assigns, grant and release unto the said County of Franklin, State of Ohio, the grantee, its successors and assigns forever, a perpetual easement and right of way for public highway and road purposes, in, upon and over the lands hereinafter described, which said lands total in all 8.474 acres, more or less, situated in Clinton Township, Franklin County, Ohio, southwest quarter, Range 18, Township 1, Section 3, United States Military Lands, and described as follows:"

Upon motion of Mr. Black, seconded by Judge Gorman, the above recommendation was approved by unanimous vote.

* * * * *

The Board now proceeded to the election of officers for the fiscal year beginning July 1, 1955.

Upon motion of Judge Gorman, seconded by General Dargusch, the following officers were elected:

Chairman—Forrest G. Ketner
Vice Chairman—James W. Huffman
Secretary—Carl E. Steeb
Treasurer—Jacob B. Taylor
